*Confessions of an Advertising Man* David Ogilvy, 1987-01-01

Confessions of an Ad Man David Ogilvy, 1978-02-12

The Adman's Dilemma Paul Rutherford, 2018-10-11 The Adman's Dilemma is a cultural biography that explores the rise and fall of the advertising man as a figure who became effectively a licensed deceiver in the process of governing the lives of American consumers. Apparently this personage was caught up in a contradiction, both compelled to deceive yet supposed to tell the truth. It was this moral condition and its consequences that made the adman so interesting to critics, novelists, and eventually filmmakers. The biography tracks his saga from its origins in the exaggerated doings of P.T. Barnum, the emergence of a new profession in the 1920s, the heyday of the adman's influence during the post-WW2 era, the later rebranding of the adman as artist, until the apparent demise of the figure, symbolized by the triumph of that consummate huckster, Donald Trump. In *The Adman's Dilemma*, author Paul Rutherford explores how people inside and outside the advertising industry have understood the conflict between artifice and authenticity. The book employs a range of fictional and nonfictional sources, including memoirs, novels, movies, TV shows, websites, and museum exhibits to suggest how the adman embodied some of the strange realities of modernity.

**The Social Impact of Advertising** Tony Kelso, 2019 Composed with a touch of the panache of a former advertising copywriter, Kelso challenges readers to reflect on the social impact of advertising from multiple angles. The book uniquely combines personal anecdotes with a penetrating look at some of the most critical perspectives toward the field advanced by media scholars. A play on David Ogilvy's legendary *Confessions of an Advertising Man*, the text disrupts the creative guru's account with a highly accessible critique of advertising suitable for classes in disciplines as various as cultural studies,

marketing, media studies, political science, and sociology. The book reflects the latest industry trends, especially the migration from legacy to social media vehicles like Instagram and Snapchat. Topics covered include a brief history of modern advertising in the United States, advertising's influence on the so-called non-advertising content of the media, the ideological themes advertising inadvertently delivers, how advertising can privilege or marginalize various social constructions of identity, the controversial practice of targeting children, and how corporations often use advertising to superficially present a positive face while masking their profoundly darker sides. Incorporating a media-literacy approach, Kelso also offers an insider's overview of the typical procedures advertising agencies take in strategizing, conceptualizing, and delivering campaigns.

**Advertising Strategy** Tom Altstiel, Jean Grow, 2006 Advertising Strategy provides students with the experience of an actively teaching professor at one of the top advertising programs in the country and a working creative director/agency principle. Altstiel and Grow get right to the point by stressing key principles, illustrating them, and then providing practical information students and working professionals can use. Unlike many books that focus on only work created for large consumer accounts by mega agencies, this text also covers business-to-business, in-house, and small agency work. Key Features: - Up-to-date examples: over half were produced in the last two years. - Writing for the Internet/Interactive Marketing: the most comprehensive and up to date general copywriting text that covers the Internet - Diversity discussion: a whole chapter is devoted to these issues, plus examples and case histories related to issues of diversity are woven throughout the text. - War Stories: the authors tracked down some of the hottest professionals in the business and their anecdotes bring real world experience into each chapter. They are part case history, part lessons-to-be-learned and sometimes, very funny. - Words of Wisdom: timely quotes from some of the most influential people in our business, past and present. These quotes bring key points to life in every chapter. - Who's Who: short biographies of people mentioned in the book. Located at the end of each chapter, these blurbs sometimes include very personal information provided directly by these people.

**The American Advertising Man** Warren Eugene Olson, 1954

An Autobiography David Ogilvy, 1997-02-13 A unique personality . . . Ogilvy, the creative force of modern advertising. -- The New York Times Ogilvy's sharp, iconoclastic personality has illuminated the industry like no other ad man's. -- Adweek. . . an acclaimed author. Praise for Confessions of an Advertising Man by David Ogilvy A writing style that snaps, crackles, and pops

on every page.--The Wall Street Journal. An entertaining and literate book that can serve as a valuable primer on advertising for any businessman or investor.--Forbes. I remembered how my grandfather had failed as a farmer and become a successful businessman. Why not follow in his footsteps? Why not start an advertising agency? I was thirty-eight. . . .no credentials, no clients, and only \$6,000 in the bank. Whatever David Ogilvy may have lacked in money and credentials, he more than made up for with intelligence, talent, and ingenuity. He became the quintessential ad man, a revolutionary whose impact on his profession still reverberates today. His brilliant campaigns went beyond successful advertising, giving rise to such pop culture icons as the famous Hathaway shirt man with his trademark black eye patch. His client list runs the gamut from Rolls Royce to Sears Roebuck, Campbell's Soup to Merrill Lynch, IBM to the governments of Britain, France, and the United States. How did a young man who had known poverty as a child in England, worked as a cook in Paris, and once sold stoves to nuns in Scotland climb to the pinnacle of the fast-paced, fiercely competitive world of advertising? Long before storming Madison Avenue, David Ogilvy's life had already had its share of colorful experiences and adventure. Now, this updated edition of David Ogilvy's autobiography presents his extraordinary life story and its many fascinating twists and turns. Born in 1911, David Ogilvy spent his first years in Surrey (Beatrix Potter's uncle lived next door, and his niece was a frequent visitor). His father was a classical scholar who had played rugby for Cambridge. My father . . . did his best to make me as strong and brainy as himself. When I was six, he required that I should drink a tumbler of raw blood every day. When that brought no result, he tried beer. To strengthen my mental faculties, he ordered that I should eat calves' brains three times a week. Blood, brains, and beer: a noble experiment. Before marrying, his mother had been a medical student. When World War I brought economic disaster to the family, they were forced to move in with relatives in London. Scholarships to boarding school and Oxford followed, and then, fleeing academia, Ogilvy set out on the at times surprising, at times rocky road to worldwide recognition and success. His remarkable journey would lead the ambitious young man to America where, with George Gallup, he ran a polling service for the likes of Darryl Zanuck and David O. Selznick in Hollywood; to Pennsylvania, where he became enamored with the Amish farming community; and back to England to work for British Intelligence with Sir William Stephenson. Along the way, with the help of his brother, David Ogilvy secured a job with Mather and Crowther, a London advertising agency. The rest is history. An innovative businessman, a great raconteur, a genuine legend in his own lifetime, David Ogilvy is one of a kind. So is his autobiography.
