Uncompromising Honor David Weber, 2018-10-02 FIRST NEW HONOR HARRINGTON NOVEL IN FIVE YEARS! New York Times, USA Today, Wall Street Journal and international best-selling phenomenon David Weber delivers book #19 in the multiple New York Times best-selling Honor Harrington series, the first new Honor Harrington novel since 2013's *Shadow of Freedom*. HONOR'S FINISHING WHAT SHE STARTED The Solarian League's navy counts its superdreadnoughts by the thousands. Not even its own government knows how enormous its economy truly is. And for hundreds of years, the League has borne the banner of human civilization, been the ideal to which humanity aspires in its diaspora across the galaxy. But the bureaucrats known as the Mandarins, who rule today's League, are not the men and women who founded it so long ago. They are corrupt, venal, accountable to no one . . . and they've decided the upstart Star Kingdom of Manticore must be destroyed. Honor Harrington has worn the Star Kingdom's uniform for half a century and served her monarch and her people well. In the course of those years, the woman the newsies call the Salamander has grown from a tactically brilliant but politically naïve junior officer to supreme fleet command and a seat on the highest military and political councils of the Grand Alliance. Very few people know war the way Honor Harrington does. Very few have lost as many men and women, as many friends, as much family, as she has. Yet despite that, hers has been a voice of caution. She knows the Mandarins and the Solarian League Navy are growing increasingly desperate as the truth of their technological inferiority sinks home, but she also knows the sheer size of the League. And she knows how its citizens will react if the Grand Alliance takes the war to the League, attacks its star systems, destroys its infrastructure . . . kills its civilians. Today's victory, bought on those terms, can only guarantee a future war of revenge against a resurgent Solarian League and its navy. Honor knows the Grand Alliance must find a victory that doesn't require incursions deep into Solarian space, doesn't leave a legacy of bottomless hatred, and the strategy she supports has been working. The League is sliding towards inglorious defeat as it steadily loses ground in the Protectorates and the Verge. As its central government teeters towards bankruptcy and even some of its core systems opt to secede in the face of the Mandarins' corruption. As the Solarian Navy finally realizes it cannot face an Alliance battle fleet and win. But the Mandarins have embraced a desperate new strategy, and in pursuit of that strategy, the SLN has committed atrocities such as the galaxy has not known in a thousand years. The League have violated its own Eridani Edict against mass civilian casualties, violated the Deneb Accords prohibition on war crimes. And they have finally killed too many of the people

Honor Harrington loves. Hers is the voice of caution and compromise no longer, and the galaxy is about to see something it has never imagined. The Salamander is coming for the Solarian League, and Hell is coming in her wake. At the publisher's request, this title is sold without DRM (Digital Rights Management). War of Honor David Weber, 2002-10-01 NO ONE WANTED ANOTHER WAR Thomas Theisman didn't. After risking his life and a fresh round of civil war to overthrow the Committee of Public Safety's reign of terror and restore the Republic of Haven's ancient Constitution, an interstellar war was the last thing he wanted. Baron High Ridge didn't. The Prime Minister of Manticore was perfectly happy with the war he had. No one was shooting anyone else at the moment, and as long as he could spin out negotiations on the formal treaty of peace, his government could continue to milk all those hostilities only tax measures for their own partisan projects. His Imperial Majesty Gustav didn't. Now that the fighting between the Star Kingdom and the Havenites had ended, the Andermani Emperor had his own plans for Silesia, and he was confident he could achieve them without a war of his own. Protector Benjamin didn't. His people had made too deep a commitment to the

Manticoran Alliance, in blood as well as treasure, for him to want to risk seeing it all thrown away. And Honor Harrington certainly didn't. The Salamander had seen the inside of too many furnaces already, knew too much about how much war cost. Unfortunately, what they wanted didn't matter.... At the publisher's request, this title is sold without DRM (Digital Rights Management).

At All Costs David Weber, 2005-11-01 What price victory The war with the Republic of Haven has resumed . . . disastrously for the Star Kingdom of Manticore. Admiral Lady Dame Honor Harrington, Steadholder and Duchess Harrington, the single victorious Allied commander of the opening phase of the new war, has been recalled from the Sidemore System to command Eighth Fleet. Everyone knows Eighth Fleet is the Alliance's primary offensive command, which makes it the natural assignment for the woman the media calls the Salamander. But what most of the public DOESN'T know is that not only are the Star Kingdom and its Allies badly outnumbered by the Republic's new fleet, but that the odds are going to get steadily worse. Eighth Fleet's job is to somehow prevent those odds from crushing the Alliance before the Star Kingdom can regain its strategic balance. It's a job which won't be done cheaply. Honor Harrington must meet her formidable responsibilities with inferior forces even as she copes with tumultuous changes in her personal and public life. The alternative to victory is total defeat, yet this time the COST of victory will be agonizingly high. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Shadow of Victory David Weber, 2016-11-01 The Mesan Alignment is revealed, and, for Honor Harrington and the Manticoran Star Kingdom, this means war! Unintended Consequences Sometimes things don't work out exactly as planned. The Mesan Alignment has a plan—one it's been working on for centuries. A plan to remake the galaxy and genetically improve the human race—its way. Until recently, things have gone pretty much as scheduled, but then the Alignment hit a minor bump in the road called the Star Empire of Manticore. So the Alignment engineered a war between the Solarian League, the biggest and most formidable interstellar power in human history. To help push things along, the Alignment launched a devastating sneak attack which destroyed the Royal Manticoran Navy's industrial infrastructure. And in order to undercut Manticore's galaxy-wide reputation as a star nation of its word, it launched Operation Janus—a false-flag covert

operation to encourage rebellions it knows will fail by promising Manticoran support. The twin purposes are to harden Solarian determination to destroy the Star Empire once and for all, and to devastate the Star Empire's reputation with the rest of the galaxy. But even the best laid plans can have unintended consequences, and one of those consequences in this case may just be a new dawn of freedom for oppressed star nations everywhere. At the publisher's request, this title is sold without DRM (Digital Rights Management). About *Shadow of Freedom*: "This entry is just as exciting as Weber's initial offering . . . Ashes of Victory David Weber, 2000-03-01 REPORTS OF MY DEATH HAVE BEEN GREATLY EXAGGERATED . . . The People's Republic of Haven made a tiny mistake when it announced the execution of Honor Harrington. It seemed safe enough. After all, they knew she was already dead. Unfortunately, they were wrong. Now Honor has escaped from the prison planet called Hell and returned to the Manticoran Alliance with a few friends. Almost half a million of them, to be precise . . . including some who know what really happened when the Committee of Public Safety seized power in the PRH. Honor's return from the dead comes at a critical time, providing a huge, much-needed lift for the Allies' morale, for the war is rapidly entering a decisive phase. Both sides believe that victory lies within their grasp at last, but dangers no one could foresee await them both. New weapons, new strategies, new tactics, spies, diplomacy, and assassination. . . . All are coming into deadly focus, and Honor Harrington, the woman the newsies call the Salamander, once more finds herself at the heart of them all. But this time, the furnace may be too furious for even a salamander to survive. At the publisher's request, this title is sold without DRM (Digital Rights Management).

On Basilisk Station David Weber, 1994-10-01 INTRODUCING HONOR HARRINGTON Having made him look a fool, she's been exiled to Basilisk Station in disgrace and set up for ruin by a superior who hates her. Her demoralized crew blames her for their ship's humiliating posting to an out-of-the-way picket station. The aborigines of the system's only habitable planet are smoking homicide-inducing hallucinogens. Parliament isn't sure it wants to keep the place; the major local industry is smuggling; the merchant cartels want her head; the star-conquering, so-called Republic of Haven is Up To Something; and Honor Harrington has a single, over-age light cruiser with an armament that doesn't work to police the entire star system. But the people out to get her have made one mistake. They've made her mad. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Honor Among Enemies David Weber, 1997-01

In Enemy Hands David Weber, 1998-10-01 The Road to Hell Honor Harrington's career has its ups and its downs. She's survived ship-to-ship battles, assassins, political vendettas, and duels. She's been shot at, shot down, and just plain shot, had starships blown out from under her, and made personal enemies who will stop at nothing to ruin her, and somehow she's survived it all. But this time she's really in trouble. The People's Republic of Haven has finally found an admiral who can win battles, and Honor's orders take her straight into an ambush. Outnumbered, outgunned, and unable to run, she has just two options: see the people under her command die in a hopeless, futile battle... or surrender them-and herself-to the Peeps. There can be only one choice, and at least the People's Navy promises to treat their prisoners honorably. But the Navy is overruled by the political authorities, and Honor finds herself bound for a prison planet aptly named Hell... and her scheduled execution. Put into solitary confinement, separated from her officers and her treecat Nimitz, and subjected to systematic humiliation by her gaolers, Honor's future has become both bleak and short. Yet bad as things look, they're about to get worse ...for the Peeps. At the publisher's request, this title is sold without DRM (Digital Rights Management).

But there's a catch. She must assume command of a squadron of jury-rigged armed merchantmen with crew drawn from the dregs of her service and somehow stop the pirates who have taken advantage of the Havenite War to plunder the Star Kingdom's commerce. The Honor of the Queen, Second Edition David Weber, 2013-02-05 Now with new content! RIGHT WOMAN, WRONG PLACE It's hard to give peace a chance when the other side regards war as the necessary prelude to conquest, and a sneak attack as the best means to that end. That's why the Kingdom of Manticores needs allies against the so-called Republic of Haven--and the planet Grayson is just the right strategic place to make a very good ally indeed. But Her Majesty's Foreign Office had overlooked a minor cultural difference when they chose Honor Harrington to carry the flag: women on the planet Grayson are without rank or rights; Honor's very presence is an intolerable affront to every male on the planet. At first Honor

doesn't take it personally; where she comes from gender discrimination is barely a historical memory, right up there in significance to fear of the left-handed. But in time such treatment as she receives from the Graysonites does become wearing, and Honor would withdraw if she could--but then Grayson's fratricidal sister planet attacks without warning and she must stay and prevail, not just for Honor's honor, but for her sovereign's, for--THE HONOR OF THE QUEEN. She will need months to regenerate her lost leg, but how long will it take to heal her heart?
