Stephen J. Wellum, Brent E. Parker

Covenantal Dispensationalism Matthew Stamper, 2010-03-23 Covenantal Dispensationalism reviews the history and development of Covenant Theology and Dispensationalism, along the way highlighting the strengths and weaknesses of each hermeneutical system. This work illustrates how the two sides have grown apart, and seeks to reconcile the two by appealing to common theological concepts the two schools share, as well as providing critique where one side has better evidence for a particular point of doctrine.

Covenantal and Dispensational Theologies Brent E. Parker, Richard J. Lucas, 2022-02-08 How do the Old and New Testaments relate to each other? What is the relationship among the biblical covenants? In this volume in IVP Academic's Spectrum series, readers will find four contributors who explore these complex questions, each making a case for their own view and responding to the others' views to offer an animated yet irenic discussion on the continuity of Scripture.

Progressive Covenantalism Stephen J. Wellum, Brent E. Parker, 2016-04-15 Biblical covenants provide the backbone to the narrative plot line of Scripture; therefore, it is essential to think through the interrelationship between the biblical covenants, starting in creation and culminating in Christ, in order to rightly grasp the whole counsel of God.

Decoded: Prophecy, AI, and the Rise of Global Systems. Sam Prajnananda,2025-04-07 In a world racing toward digital control, artificial intelligence, and global realignment, ancient prophecies are coming to life before our eyes. Decoded connects Scripture with today’s most urgent global trends—AI, cashless economies, biometric surveillance, climate agendas, and rising persecution. From Daniel to Revelation, this book explores how biblical prophecy speaks directly to our time—and how believers can live with clarity, courage, and conviction. Whether you're a student of prophecy or simply seeking spiritual insight in a chaotic world, Decoded will help you interpret the signs and stand firm in faith. Prophecy isn’t about fear. It’s about readiness. The shift has begun—are you prepared?

Identifying the Seed Robert M. McKenzie,2018-09-12 This book has one goal in mind, to try and bring greater understanding between two dedicated groups of Christians. Dispensationalists and Reformed Christians have a very different understanding of how God has worked in this world as well as how God will continue to work. There is a theological divide that has developed after many years of discussion and stems from a mixture of ignorance; misunderstanding and actual disagreement. Robert McKenzie seeks to examine what each side believes, fleshing out the differences and misunderstandings. He takes a look at the history of each system as well as their theological developments. The author seeks to be faithful to each system pointing out their strengths and weaknesses all the while citing the Scriptures that are used to support each side's belief. It is hoped that with greater understanding the two groups will be able to engage in conversation with a clearer view of why a doctrine is believed and how the different doctrines build into the system. Whether you are a Dispensationalist, believe in Covenant theology or you aren't quite sure if you fall in either camp this book can be tremendously helpful. Contextualization and Syncretism Gailyn Van Rheenen,2006 Culture's influence upon Christianity is easier to discern in retrospect than in prospect. If history is our guide, one thing is sure: This age will be as syncretistic as any other?How is the gospel being contextualized in the contemporary world? To what degree are these new contextualizations syncretistic? This book attempts to answer these questions by defining and analyzing contextualization and syncretism.-Gailyn Van

Burn the Ships William C Jeffries, 2024-10-02 We are surrounded by a twenty-first century culture totally antagonistic to a Biblical worldview. What the Bible teaches about God, history, ethics, biology, morality, marriage, gender, the family, personal responsibility, abortion, antisemitism, the future, and many other life-altering issues has never been under so direct an assault by Naturalistic, and ultimately Satanic, forces. Referring to contemporary American culture as “secular” or even as a “post-truth” age is far too tepid a response. In the United States, we live in an increasingly defacto atheist culture. Our trusted ally in this battle of worldviews must be the local church. Sadly, for too many years the organized church itself has been seduced by the very forces of culture it is meant to address. It has largely failed in its biblical obligations and become the apostate church of the last days. This book is intended to be a wake-up call both to the individual Christian and to the local church to embrace a more engaged apologetic approach to ministry. We are commanded by Peter always to be prepared to give an answer for the hope that is within us (1 Peter 3:15). That is our personal commission as believers, as well as the obligation of the local church to prepare us for our individual mission fields. We are engaged in a war of worldviews. Is your local church preparing you for this battle or sitting this fight out on the sideline? It is time to Burn Your Ships. Find a local church that is willing to assist you in this life and death battle. Keep looking until you do.

There Really is a Difference! Renald E. Showers,1990 This volume focuses on the differences between the Covenant and Dispensational systems of theology and examines their diverse approaches to such issues as: -- God's Ultimate Purpose for History-- God's Program for the Nation of Israel-- The Significance of Several Key Biblical Covenants-- The Nature and Beginning of the Church-- The Christian's Relationship to the Mosaic Law and GraceThe book is written in easy-to-understand, non-technical language and has received favorable response from lay people, pastors, students, and reviewers.

Discontinuity to Continuity Benjamin L. Merkle,2020-06-03 In *Discontinuity to Continuity*, Benjamin Merkle brings light to the debates between dispensational and covenantal theological systems. Merkle identifies how Christians have attempted to relate the Testaments, placing viewpoints along a spectrum of discontinuity to continuity. Each system's concerns are sympathetically summarized and critically evaluated.

King James Only Revised Dispensationalism David E. Walker,2020-02-18 Most believers raised in churches that contend for the King James Bible as the infallible word of God are familiar with 2 Timothy 2:15 and the idea of dispensationalism. In fact, most Bible believers are so familiar with their Scofield Reference Bibles they can tell you which side of the page a certain passage is on from memory. For many Bible believers, dispensationalism, as a theological system, answers so called “problem passages” that clearly teach salvation by means other than “by grace...through faith” in the finished work of Jesus Christ. At the same time, many King James Only believers remain unsettled or unsure about the differences in salvation under the various dispensations. Their pastors may not emphasize or teach these distinctions, or they may have fallen prey to King James Only preachers and authors who teach just the opposite. Some of these authors have been teaching this faulty dispensational position for years while others have more recently modified this as their position. In this booklet we will briefly trace the development of dispensationalism as it relates to salvation under the various dispensations. We will show that the dispensationalism being taught by many King James Only preachers and authors is nothing more than a revised dispensational position rooted in Calvinism. We will also dismantle the faulty premises of this revised position by addressing the major points and examining their books in light of the Book.

The Dispensational-Covenantal Rift R. Todd Mangum,2007-06-01 This groundbreaking study explores how the fight between dispensationalists and covenant theologians started and how a unique dynamic of personalities and sociological factors enflamed it. Readers may be surprised to discover that even the terminology of dispensationalists and covenant theologians originated in the 1930s' disputes; that the majority of the original protagonists on both sides were Presbyterians; and that soteriology, rather than eschatology, was the original bone of contention between them. This study examines how two respective strands of fundamentalism came to identify one another as theological rivals as they each vied for position in their recently formed separatist bodies. The significance of disagreements over dispensationalism is explored in the founding

of the Orthodox Presbyterian and Bible Presbyterian churches. And then, as the debate traveled southward, the response of the PCUS is examined, with special attention given to the consummative reports of an ad hoc committee that found dispensationalism to be out of harmony with the Westminster doctrinal standards. Significant misunderstandings that impeded fruitful dialogue from the beginning are clarified, particularly those that have persisted most stubbornly to the present day. Perhaps most surprising of all, the reader will discover that nearly all of the original points of debate between dispensationalists and covenant theologians have since been resolved, as each side has honed its position in light of pertinent critiques. Why has this development gone almost unnoticed? This study suggests an answer, and proposes that understanding how the feud began may hold the key to rapprochement today.

Dispensationalism, Israel and the Church Craig A. Blaising, Darrell L. Bock, 2010-08-10 The relationship between Israel and the church is a crucial reference point in theology, especially in distinguishing between dispensational and nondispensational ways of thinking. The thesis of this book is that Israel and the church are distinct theological institutions that have arisen in the historical progress of divine revelation. But they are also related as successive phases of a redemptive program that is historically progressive and eschatologically converging. The approach to these issues here is neither polemical nor apologetic; rather, it anticipates a convergence among evangelical scholars in the recognition of both continuity and discontinuity in the Israel-church relationship. This book has three purposes: - To offer a contemporary

dispensational treatment of that relationship through an exegetical examination of key texts with a focus on theological concerns - To foster genuine dialogue with nondispensational thinkers regarding major biblical themes tied to the plan of God - To identify the changes in dispensational thought that have developed since the publication of Charles Ryrie's book *Dispensationalism Today* in 1965
