

Hope Is A Good Thing Shawshank

Steven Drew Goldberg

Faith and Film Bryan P. Stone,2000 Bryan Stone engages the cinema to open a discussion of theology and the culture of our time by pairing specific Christian doctrines found in the Apostles' Creed with popular movies and videos.

Hope...the Best of Things Joni Eareckson Tada,2008-06-26 One thing has saved her: the heaven-sent hope found only in Christ. If hope is scarce in your life, this special booklet will draw you-toward a fresh perspective on suffering, true scriptural encouragement, and this beloved author's hard-won insights about the goodness of God. In her life's journey Joni has learned to meet suffering on God's terms. She has learned that joy is for real. And most of all, she has learned that hope is the best of things when we give it a chance. This book powerfully communicates all these truths from someone who has lived them, so that you can live them too, no matter what you're going through.

Faith, Hope, and Love in the Kingdom of God Robert Hernan Cubillos,2017-04-27 We live in a world full of challenges. The three graces can almost be seen as motors for Christian life in today's world, but the words faith, hope, and love have so many everyday uses that their technical, theological meanings are, for many, difficult to appreciate. Modern life also leaves many yearning for authenticity and meaning. Many religions have answered that need by calling to mind the image of a path. Always profound progressions, religious paths tend to be motivated either by practices (the act of walking the path) or focal points. Christianity has a focal point, an object, and it sees the three graces as distinctively content filled. The heart of this book is about helping people find the Christian path and their intellectual, emotional, and spiritual balance--an equilibrium that is sustained by a strong personal faith, an enduring hope for the future, and genuine love that will withstand the worst of times. It contributes to the category of Christian literature that provides a pattern for Christian living without surrendering the intellect to the more popular side of this genre.

What's the Least I Can Believe and Still be a Christian? Martin Thielen,2013-01-01 Pastor and author Martin Thielen has compiled a list of ten things people need to believe, and ten things they don't, in order to be a Christian. This lively and engaging book will be a help to seekers as well as a comfort to believers who may find themselves questioning some of the assumptions they grew up with. With an accessible, storytelling style that's grounded in solid biblical scholarship, Thielen shows how Christians don't need to believe that sinners will be left behind to burn in hell or that it's heresy to believe in evolution. And while we must always take the Bible seriously, we don't always have to take it literally. At

the same time, Christians do need to believe in Jesus--his life, his teachings, his death and resurrection, and his vision for the world. A great benefit of those beliefs is that they provide promising answers to life's most profound questions, including: Where is God? What matters most? What brings fulfillment? What about suffering? Is there hope? Thielen articulates centrist, mainline Christianity in a way that's fresh and easy to understand, and offers authentic Christian insights that speak to our deepest needs. This new edition includes a leader's guide, previously only available online, and a new introduction from the author that reflects on the book's reception. The leader's guide features unique and easily implemented aids for carrying out a seven-week, congregation-wide initiative that will help local churches reach out to their communities. Speed Bumps and Roundabouts: Lessons I've Learned on the Journey Pip McCracken, 2014-01-31 Why didn't life work out as I planned? My plan was great! I would grow up with a loving family. I would have many friends to make pinky promises with. I would get top grades through school and be popular to boot. I would study for a degree I was passionate about, and I would meet . . . "The One" (sigh) . . . we would get married and have children who looked and behaved like baby angels. Oh, and I'd live happily ever after, of course. Was that too much to ask? I didn't plan for my parents to divorce. I didn't plan to change schools because of bullying. I didn't plan for university to fill me with doubts about whether I was good enough. I didn't plan to be single at 28. I didn't plan to run away to the other side of the world. But look where I've ended up. Life is never the smooth and straightforward journey we expect. Along the way, things slow us down and turn us around. *Speed Bumps and Roundabouts* is a story of those things: Hope. Vulnerability. Apathy. Gratitude. Beauty. Boundaries. Waiting . . . The journey is worth it, the scenery can be captivating, but we'll never know unless we keep going . . . over the speed bumps and around the roundabouts.

One Last Thing to Do Before I Die Steven Drew Goldberg, 2010-01-21 *ONE LAST THING TO DO BEFORE I DIE* by Steven Drew Goldberg is a thought-provoking and comedic novel that explains why Max Wiseman, a rich and successful lawyer in Manhattan, would want to kill himself. It also answers why before committing suicide he decides to travel across the country to find Derrick Frankenmeyer, the person he hated most in his life. The story is told in the first person through Max's disillusioned eyes, his razor sharp wit, his keen social observation, and his hysterical intolerance for ignorance and immorality. It will make you laugh out loud and think about what is truly important in life.

Pursuing Human Strengths Martin Bolt, 2004-02-20 By using the scientific method in its efforts to assess, understand, and then build human strengths, positive psychology balances the investigation of weakness and damage with a study of strength and virtue. *Pursuing Human Strengths: A Positive Psychology Guide* gives instructors and students alike the means to learn more about this relevant approach to psychology. Martin Bolt helps students learn more about themselves as they learn the facts of, and theories about, the fascinating field of psychology. This book is a terrific accompaniment to virtually any

psychology course (most notably, human adjustment and growth, introductory psychology, and abnormal psychology). For those teaching a course in positive psychology, Pursuing Human Strengths provides a primary text.

Selling Through Tough Times: Grow Your Profits and Mental Resilience Through any Downturn Paul Reilly, 2021-09-28 An indispensable guide to thriving in a challenging sales environment As a sales professional, you know that it's harder to sell in tough times—whether it's a recession, industry-wide challenge, or global pandemic. You may also have noticed that some salespeople and managers not only survive, but thrive through tough times. How do they do it? What do they do to thrive through adversity? Paul Reilly explains it all in Selling Through Tough Times: Customers buy differently in tough times, so salespeople need to sell differently in tough times. In this eye-opening and indispensable guide, he shows how to develop the right mindset and adapt your skills to prevail in even the most challenging selling climate. His plan includes both immediate, hands-on action plans (including six Daily Mental Flex activities) as well as longer-range strategies to ensure you (and your team) never get caught on the back foot again. While the principals of selling are constant, Reilly demonstrates how changing your tactics in tough times will not only help you through current difficulties, but help you emerge stronger. You'll discover how to redefine value in customer terms, reposition products and services, and how to employ different persuasion tactics. You'll also learn how to select and pursue the right opportunities, win more deals, and—crucially—protect profit by embracing the “tough timers” mental attitude. Tough times are inevitable and often unpredictable. But in Selling Through Tough Times, you'll find the tools and mindset you need to power through them—and come out on top.
