Religious Experience and Its Transformational Power Sabrina Müller, 2023-06-19 The author approaches the phenomenon 'religious experience' through a qualitative study in which young, urban people from Europe and the USA are empirically examined. It becomes clear that individuals themselves are constructive agents of experience and theology. Religious experience manifests itself as a transformative perspective of hope in the lives of young people. The study ends with a plea for a theology from below, based on liberation theology and feminist theories, in which contextual perspectives are central to practical theological theorising.

Mit Gott durch die Krise Patrick Wolf, 2024-06-20 Eine authentisch erzählte Geschichte, wie sich das Leben durch eine Begegnung mit Gott während der COVID-Pandemie um hundertachtzig Grad dreht. Standen früher Partys, Frauen und Pornos im Vordergrund, ist nun plötzlich Gott der Lebensmittelpunkt. Warum wird Jesus zum besten Freund? Wie spricht er eine Berufung nach Thailand aus? Auf welche Weise zeigt er, dass er sich nichts sehnlicher als eine lebendige persönliche Beziehung mit uns wünscht? Zu derartigen Themen wird bewegt erzählt. Schritt für Schritt erklärt Jesus, wie wir Freiheit von Süchten gewinnen, Heilung von Krankheiten erfahren und seine vielen weiteren Geschenke bereits jetzt in Anspruch nehmen können. Egal ob für Christen oder für Menschen, welche Gott nicht kennen, dieses Buch kann Leben vollkommen verändern.

His Master's Voice/Die Stimme Seines Herrn Alan Kelly, Gramophone Company, EMI Music Archive, 1994-05-30 The present volume is one of a series which will cover the output of the Gramophone Company from its beginning in 1898 to 1929, when recording methods had progressed from the primitive trumpet to the sophisticated microphone. The Company operated through ten branches, and the catalogues of two of these (Italy and France) have already been published by Greenwood. This new volume adds Germany to the list, but the coverage extends to Austria, Switzerland, and Czechoslovakia and to any other country (including the United States) where there was interest in records whose source or language was German. The principal intention of this volume is to produce a complete listing of material within this field, and not merely a selection (e.g., operatic records only). Thus, it lists not only the important recordings from Wagner operas, but those from other composers, together with all the songs, popular and serious, recorded by the most important record company of the age. Also included are all the instrumental records of the time--by pianists, violinists, cellists, and harmonica players--as well

as military music played by celebrated regimental bands. Included with this is a remarkable amount of material where the executant was also the composer, an area of unusual interest. In previous years, most records from this time period were unavailable, and there was virtually no chance of ever hearing them, particularly where copies were so rare as to exist in only one collection. The introduction of the long-playing record changed the situation and the invention of the compact disc has improved availability to an extent undreamed of even a few years ago. This volume is intended to provide collectors and archivists with a comprehensive and reliable guide to the contents of their collections.

Die Zerstörung der Weltordnung Cornelius F. Petersen, 2021-07-01 In der vorliegenden Auflage geht es um die Zerstörung der Weltordnung, wie es der Titel schon ausdrückt. Aber was ist damit gemeint? Wenn man den christlichen Kreationismus zugrunde legt, wurde die Welt in der Schöpfung als absolute harmonische Ordnung durch das Wort Gottes ins Leben gerufen. Es ist nicht klar, wie lange die Welt in dieser absoluten Harmonie existierte. Die Bibel fährt erst wieder fort mit Verführung des Menschen durch Satan und zeigt damit den sich entwickelten Charakterzug des Menschen, sich trotz einer enormen Fülle von Gottes Reichtum für das einzige Verbot zu interessieren und sich durch Ungehorsam (Sünde) von der ursprünglichen harmonischen Weltordnung zu entfernen. Diese erste Sünde (Ursünde) war der Beginn einer sich immer mehr steigernden Quantität (aber auch Qualität) der folgenden Sünden, die die Weltordnung nach und nach immer stärker aus dem Gleichgewicht brachte. In den dem Kreationismus zugrunde liegenden etwa 6000 Jahren seit der Schöpfungsgeschichte hat man sich immer wieder neue chaotisierende Dinge ausgedacht und diese meist mit Fortschritt und/oder Abkehrung von angeblich altmodischen konservativen Werten begründet. Somit wurde die Anzahl der chaotischen, durcheinandergebrachten und fast bis zur Unkenntlichkeit vermischten Tatsachen immer undurchschaubarer und der Mensch immer mehr verwirrt, weil sich heute keiner mehr in der Grundordnung auskennt. Den Grund dafür sehe ich in der Auseinanderdividierung dieser Grundordnung. Es gibt und gab zwar immer Tendenzen, den Menschen und die Welt als holistische Einheit zu betrachten, aber meist wurde das als Esoterik oder Kreationistenwahn angetan. Dabei sollte es dem klardenkenden Menschen logisch erscheinen, dass die Grundordnung doch irgendwo noch zu finden sein sollte. Aber das scheint wohl ein langer Weg zu sein, weil man von dem Durchblick des derzeitigen Chaos' zurück zu dem Ursprung finden muss - und die im Christentum nachvollziehbaren 6000 Jahre sind eine lange Zeit! Somit will das Buch eine Hilfe sein, das heutige Chaos zu entschlüsseln und den einzigen Weg zurück vorstellen.

Image Acts Horst Bredekamp, 2021-04-19 Heavily represented sections of contemporary philosophy subscribe to the notion of embodiment. However promising this pragmatic turn of events may be, it remains limited in that it interprets the world as a projection of the cognizing I. By contrast, *Image Acts* focuses on the counterforce of the form of images. The book subdivides this sphere into three parts: imitation, substitution, and the pure effect of the form. All three parts are

contemplated with examples from antiquity through to the present and the iconoclastic controversies of our times. From this reconstruction of the image act springs the element of a new philosophy of affordance.

Cultural Histories of the Material World Peter N. Miller,2013-07-23 All across the humanities fields there is a new interest in materials and materiality. This is the first book to capture and study the “material turn” in the humanities from all its varied perspectives. *Cultural Histories of the Material World* brings together top scholars from all these different fields—from Art History, Anthropology, Archaeology, Classics, Folklore, History, History of Science, Literature, Philosophy—to offer their vision of what cultural history of the material world looks like and attempt to show how attention to materiality can contribute to a more precise historical understanding of specific times, places, ways, and means. The result is a spectacular kaleidoscope of future possibilities and new perspectives.

Electronic Inspirations Jennifer Iverson,2019 For a decimated post-war West Germany, the electronic music studio at the WDR radio in Cologne was a beacon of hope. Jennifer Iverson's *Electronic Inspirations: Technologies of the Cold War Musical Avant-Garde* traces the reclamation and repurposing of wartime machines, spaces, and discourses into the new sounds of the mid-century studio. In the 1950s, when technologies were plentiful and the need for reconstruction was great, West Germany began to rebuild its cultural prestige via aesthetic and technical advances. The studio's composers, collaborating with scientists and technicians, coaxed music from sine-tone oscillators, noise generators, band-pass filters, and magnetic tape. Together, they applied core tenets from information theory and phonetics, reclaiming military communication technologies as well as fascist propaganda broadcasting spaces. The electronic studio nurtured a revolutionary synthesis of science, technology, politics, and aesthetics. Its esoteric sounds transformed mid-century music and continue to reverberate today. Electronic music--echoing both cultural anxiety and promise--is a quintessential Cold War innovation.
