**Playground** Aron Beauregard, 2022 Three low-income families have been given a handsome retainer to join Geraldine Borden for a day at her cliffside estate. All the parents must do to collect the rest of their money is allow their children to test out the revolutionary playground equipment Geraldine has been working on for decades. But there's a reason the structures in the bowels of her gothic castle have taken so long to develop--they were never meant to see the light of day. When a band of dysfunctional children is suddenly thrust into a diabolical realm of violence, they must grow up instantly to have a chance at survival. Will they find a way to put their differences aside, or be swallowed up by the insidious architecture all around them?--Back cover.

**Scary Bastard** Aron Beauregard, 2019-09-02 What do a child killer, a hopeful special effects artist, a duo of budding teen psychopaths, a student screwing teacher and a mutated maniac with his lower jaw missing have in common? They're all out this Halloween. How will their paths cross? Who's killing who? Can anyone survive the bloodbath or are they all destined to drown in a pool of warm red? This slasher nightmare gives you a seat beside the killer but don't get too comfortable, there's a Scary Bastard on the loose... (This book includes 9 horrifying illustrations to guide you through the terror!)

Monsters in the Mills Christa Carmen, L.E. Daniels, 2024-07-08 DEEP IN THE WEEDS, THEY WAIT. Behind graffitied fences or obscured by woods, the abandoned mills of New England watch...for thrillists and historians, urbexers and developers, or just the average passer-by. Omnipresent and looming, the mills lure the innocent to their mysteries, secrets...and terrors. The We are Providence writers hunt what lurks among the crumbled bricks and strangling sumac. A widower on a demolition crew wakes the revenants. A musician rents a foundry's rehearsal space...and otherworldly tenants practice on him. A lonely girl combs the ruins to find an unsettling friend. A bitter punk moves into a refinery where her best friend vanishes. A criminal breaks into a cloth factory to discover a sentient—and sinister—machine. These sixteen terrifying tales and two poems suggest when abandoned mills beckon, it's best to ignore them. After all, they've come to collect their due.
