G Thomas

God's Creativity and Human Action Lucinda Mosher, David Marshall, 2017-09-14 A record of the 2015 Building Bridges Seminar for leading Christian and Muslim scholars, this collection of essays explores the nature of divine and human agency through themes of creation's goal, humankind's dignity and task, and notions of sovereignty. Part I sets the context for the book with "Human Action within Divine Creation: A Muslim Perspective" by Mohsen Kadivar of Duke University and "On the Possibility of Holy Living: A Christian Perspective" by Lucy Gardner of Oxford University. The rest of the book includes paired essays—one from a Muslim perspective, one from a Christian perspective—that introduce scriptural material with commentary to aid readers in conducting dialogical study. In her conclusion, coeditor Lucinda Mosher digests the illuminating small-group conversations that lie at the heart of the Building Bridges initiative, conversations that convey a vivid sense of the lively, penetrating but respectful dialogue for which the project is known. This unique volume will be a valuable resource to scholars, students, and professors of Christianity and Islam.

The Letter to the Hebrews Sigurd Grindheim, 2023-11-28 What does the Letter to the Hebrews have to say to Christians today? A compelling exhortation to hold true to the faith in the face of adversity. A sermon full of iconic imagery and Old Testament allusions. A signal work of theology in the New Testament. Above all, the Letter to the Hebrews proclaims the high priesthood of Jesus Christ. Yet readers may find this central theme difficult to discern, given the epistle's complexity and long history of interpretation. In this Pillar commentary, Sigurd Grindheim richly illuminates the Letter to the Hebrews, explaining difficult texts, offering a coherent reading, and paying careful attention to linguistic features and historical context—all while focusing on its relevance to modern readers. Grindheim clearly and comprehensively addresses major issues, including authorship, date, canonicity, formal qualities, and important themes. Following his thorough introduction, he explains each line of the text and its significance for believers today. Grindheim's commentary offers pastors, students, and scholars the clarity and fresh insights they want in their scriptural study.

Handbook on the Pentateuch Victor P. Hamilton,2005-09-01 In this introduction to the first five books of the Old Testament, Victor Hamilton moves chapter by chapter through the Pentateuch, examining the content, structure, and theology. Hadith Jonathan A.C. Brown,2017-12-07 Contrary to popular opinion, the bulk of Islamic law does not come from the Quran but from hadith, first-hand reports of the Prophet Muhammad's words and deeds, passed from generation to generation. However, with varying accounts often only committed to paper a century after the death of Muhammad, Islamic scholars, past and present, have been faced with complex questions of historical authenticity. In this wide-ranging introduction, Jonathan A. C. Brown explores the collection and criticism of hadith, and the controversy surrounding its role in modern Islam. This edition, revised and updated with additional case studies and attention to the very latest scholarship, also features a new chapter on how hadiths have been used politically, both historically and in the Arab Spring and its aftermath. Informative and accessible, it is perfectly suited to students, scholars and general readers interested in this critical element of Islam.
