Tornel and Santa Anna William M. Fowler,2000-04-30 This is a study of one of the leading politicians of Independent Mexico, Jose Maria Tornel y Mendivil, whose loyalty to Santa Anna and whose skills as a writer led him to play a crucial role in enabling the caudillo's repeated rise to power during this period. This first biography of Tornel in English provides a new insight into the political thought of the santanistas and the ways in which Santa Anna was able to return to power time and again in spite of the fact that he was deemed responsible for such major national disasters as the Texas campaign of 1836 and the 1847 defeat against the United States. A close analysis of Tornel's own political evolution, from advocating a radical federalist agenda in the 1820s to defending reactionary dictatorship in the 1850s, illustrates the extent to which the santanistas' policies changed as the hopeful, early 1820s degenerated into the despair of the late 1840s. As the leading ideologue of the santanistas, a study of his politics, paying close attention to the way they evolved in response to the different crises Mexico underwent, highlights, for the first time, the extent to which Santa Anna and his followers upheld a particular political agenda which was essentially populist, militaristic, antipolitics, and nationalistic, and varied depending on the prevailing circumstances and the different historical contexts in which it surfaced. A study of Tornel's activities as Santa Anna's main informer in the capital, his leading propagandist, and as a key player in the orchestration of revolts such as the 1834 Plan of Cuernavaca, serves to show the extent to which Santa Anna's success relied on Tornel's services. Coincidentally or not, without Tornel, Santa Anna was not able to return to power after his fall in 1855.

Hispano Suiza in Aeronautics Manuel Lage Marco,2003-11-01 This book examines Hispano Suiza's evolution and the technological advances of its engines. Starting with circumstances that favored the creation of an indigenous aviation engine, the story follows engine development for a breadth of applications, particularly aviation engines, and describes, in parallel, the birth and development of aircraft in Spain by Campaña Española de Construcciones Aeronáuticas (CECA), La Hispano, La Hispano Aircraft, La Hispano Suiza, SAF-5, SAF-15, and La Hispano Aviación. Hispano Suiza in Aeronautics: Men, Companies, Engines and Aircraft is an in-depth study covering a vast period in the history of the Spanish and French aircraft industry (1913-1967) and offers insight into Hispano Suiza's significant developments.

Directorio general de la República Mexicana ,1903

Franquismo S.A. Antonio Maestre,2025-04-09 En España, como en el resto del mundo, los bienes o deudas económicas se heredan, pero la culpa y la responsabilidad moral, no. La llegada de la democracia a nuestro país supuso un cierre en falso del abismo entre vencedores y víctimas de la Guerra Civil y la represión franquista. En la actualidad la cuestión de la memoria histórica forma parte de nuestro debate público: la polémica sobre El Valle de los Caídos y la exhumación del cadáver del dictador, el cambio de nombre de las calles que homenajearon a criminales franquistas, la apertura de las fosas comunes... Sin embargo, el fondo de la cuestión va más allá: ¿cuál es la responsabilidad moral de las elites que se lucraron al calor del franquismo? ¿Son legítimos los patrimonios transmitidos a sus herederos? Ilustres nombres de la oligarquía empresarial y política que se enriquecieron con la represión, la corrupción o las íntimas relaciones con la dictadura franquista siguen ocupando hoy cargos de responsabilidad en consejos de administración, administraciones públicas o fundaciones de todo tipo sin que la sociedad exija una sanción o una compensación. En Franquismo S.A. Antonio Maestre nos obliga a realizar una revisión crítica de la historia empresarial de las grandes sagas familiares que componen las elites de este país. Porque la mayor resistencia a la reparación histórica no es cultural, política o moral. Es económica. Incluye nuevo Prólogo: La alianza imperturbable entre capital y fascismo.
