Pop Showcase for Strings (for Solo Or String Orchestra) ,2001-12 Pop Showcase for Strings, for solo or string orchestra, is a collection of 13 popular songs that can be played as a solo with piano or CD accompaniment, or with a string orchestra with or without the CD or piano. Each selection is presented in two arrangements, a solo and a complete string orchestra piece. The solo section is written so that it can be played as a solo or in unison (or octaves) together by any ensemble, including the entire orchestra, with or without piano accompaniment. The arrangement for string orchestra that follows uses the same rhythms and melodic lines included in the solo section. The first song can be played after the first six notes are learned in any string method and the pieces progress to about a level two. These arrangements are excellent supplements for enhancing any student's knowledge of popular music from the 20th century and are great concert material. Titles are: Augie's Great Municipal Band * Eye of the Tiger * Blue Tango * All I Want for Christmas Is My Two Front Teeth * Theme from Ice Castles (Through the Eyes of Love) * (Meet) the Flintstones * The Rose * This Is It! * I'm Walkin' * Merrily We Roll Along * Animaniacs * Star Wars (Main Theme) * Theme from Superman.

Orchestral "Pops" Music Lucy Manning, 2013-10-10 In this second edition of *Orchestral "Pops" Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral "pops" concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral "Pops" Music* includes at least 1,000 new title listings. *Orchestral "Pops" Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.

String Note Speller Edward Janowsky, This systemized set of work sheets for supplementing any elementary class or private method is designed to help the student gain a better understanding of the problems of fingering and reading music, while saving valuable lesson time. The London Philharmonic Discography ,1997-01-21 This great London orchestra made its debut in a recording session shortly before its first public concert in 1932 and now has well over a thousand recordings to its credit. All are dated and detailed for the first time in this meticulous study researched from primary sources. Commercial sessions account for most of the 1300 entries, but the main chronological sequence also includes live recordings and videos. Copious indexing allows access to the main chronological listings via performers, repertoire, record companies, or locations. The study can also be read as a cross-section of the work of the classical recording industry. Appendixes cover film soundtracks, recordings made by the London Philharmonic Choir independently of the orchestra, controversial attributions, and principal players in the orchestra. Indexes of (and notes on) the recorded repertoire, conductors who have recorded with the orchestra, and the studios, halls, and churches used as recording venues are supplemented by a comprehensive general index of soloists, singers (including full casts of operas), producers, engineers, and recording companies, giving easy access to a wealth of information, most of which has previously been unpublished.
