The Freedom Writers Diary Teacher's Guide Erin Gruwell, The Freedom Writers, 2008-09-16 A standards-based teacher's guide from the educator behind the #1 New York Times bestseller The Freedom Writers Diary, with innovative teaching techniques that will engage, empower, and enlighten. Don't miss the public television documentary Freedom Writers: Stories from the Heart In response to thousands of letters and e-mails from teachers across the country who learned about Erin Gruwell and her amazing students in The Freedom Writers Diary and the hit movie Freedom Writers, Gruwell and a team of teacher experts have written The Freedom Writers Diary Teacher's Guide, a book that will encourage teachers and students to expand the walls of their classrooms and think outside the box. Here Gruwell goes in depth and shares her unconventional but highly successful educational strategies and techniques (all 150 of her students, who had been deemed "unteachable," graduated from Wilson High School in Long Beach, California): from her very successful "toast for change" (an exercise in which Gruwell exhorted her students to leave the past behind and start fresh) to writing exercises that focus on the importance of journal writing, vocabulary, and more. In an easy-to-use format with black-and-white illustrations, this teacher's guide will become the essential go-to manual for teachers who want to make a difference in their pupils' lives.

Summary: Virtual Freedom BusinessNews Publishing, 2015-07-01 The must-read summary of Chris Ducker's book: Virtual Freedom: How to Work with Virtual Staff to Buy More Time, Become More Productive and Build Your Dream Business. This complete summary of the ideas from Chris Ducker's book Virtual Freedom details how many new entrepreneurs believe they have to do everything themselves. This method is impossible for a long period of time. According to Ducker, entrepreneurs should hire virtual staff to manage tasks. This gives them the freedom to focus on bigger tasks and work on their business. Building a virtual team requires three steps; find and hire workers you trust, train those workers and then constantly manage

your team. By following these steps, you will be able to create a successful company without doing everything yourself. Added-value of this summary: • Save time • Hire virtual workers you can trust to do smaller tasks • Focus on the bigger picture and tasks that add more value To learn more, read “Virtual Freedom” and find out how you can start devoting your time to improving your business!

Summary of Anna Quindlen's Write for Your Life Everest Media,2022-04-25T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Anne Frank was a teenager who was living through an extraordinary experience, and to ground herself, she wrote everything she experienced down in a diary. She was writing about how everyone thought she was badly behaved, and how much she hated algebra and geometry. #2 The ability to write was once reserved for the aristocracy and the clergy, but by the early twentieth century, literacy had been democratized, and people used words to connect with others like them. #3 When she was a student teacher, Erin Gruwell took on a group of racist students, and instead of punishing them, she helped them express themselves through writing. They became close friends, and their journals became the confidants of kids who had a lot to talk about but no one to talk with. #4 The Freedom Writers program was started by a teacher named Erin Gruwell, and it allowed her students to write about their own hard times and setbacks. It became a kind of lighthouse for those students who thought no one would care if they wrote about their own problems.
