**The Map That Led to You (A Novel)** Ella McLeod, 2025-09-16 Perfect for fans of One Piece, this is an epic Black queer pirate fantasy that you won't be able to put down! A long time ago, a witch burst into flames. A pirate and a mermaid fell in love. A map was marked with a glowing X. And a republic was born. Levi and Vega are the children of the fearsome pirate captain of The Sea Dragon. They have been raised on tales of daring feats and seafaring adventures, but there are stories they haven't been told--stories about witches and mermaids and magical maps. When tragedy strikes, the siblings land on the Pirate Republic, a self-governed island of freedom and adventure. Levi uncovers the secrets of his past as he works with his sister, a sea nymph, the pirates, and witches to protect the island from the conquering Empire. But he must learn to accept himself before he can even begin to help his friends. In the present day, two girls are given a history assignment: to try and piece together the rise and fall of the famous and corrupt Pirate Republic, which once formed their island home. As Reggie and Maeve's tentative friendship deepens into something more, they realize that a magical world could be on their very doorstep--if only they can find the map. Published in partnership with GLAAD, this novel is an intoxicatingly rich fantasy that blends high seas, swashbuckling adventure and lyrical poetry.

**Silver Lake** Peter Gadol, 2011-06-01 Two architects, two men turning forty who have been involved professionally and personally for twenty years, are beginning to see their practice and their marriage falter. One Fall day, a peculiar young man drifts into their storefront office claiming he has car trouble, asking to use the phone. The men get to talking; the young stranger is curious but enchanting, and one of the architects ends up playing tennis with him that afternoon, ultimately inviting him home for dinner. The ensuing evening involves a lot of wine and banter and then increasingly dark conversation, and when the stranger has had too much to drink, the two men insist he sleep in their guest room. During the night, the stranger commits an act of violence which shatters the architects’ ordered lives, each man in his own way over the days and months that follow coping with blossoming doubt and corrosive secrets.

*The Foundation Vault* Lee F Herrick, 2015-01-14 When Larry Yapici, permanent student at Berkeley in San Francisco, sets off for Istanbul to claim an unexpected inheritance, he has no idea that his first overseas trip will take such an unexpected and dangerous turn. Within a few days he and his cousin Nedim from Germany, are swept up in an adventure that is to take them to some of the most far-flung, inhospitable places on earth. It also soon becomes clear that there are a number of parties with more than a passing interest in their quest that sets Larry and Nedim on a path of discovery that challenges them to question everything they had previously learnt about the history of mankind. Whether they will survive these challenges is another matter.
