**Nathaniel Willis, Daniel Sharp Ford**

*Second Star to the Right* Lester D. Friedman, Allison B. Kavey, 2008-11-28 Over a century after its first stage performance, Peter Pan has become deeply embedded in Western popular culture, as an enduring part of childhood memories, in every part of popular media, and in commercial enterprises. Since 2003 the characters from this story have had a highly visible presence in nearly every genre of popular culture: two major films, a literary sequel to the original adventures, a graphic novel featuring a grown-up Wendy Darling, and an Argentinean novel about a children's book writer inspired by J. M. Barrie. Simultaneously, Barrie surfaced as the subject of two major biographies and a feature film. The engaging essays in *Second Star to the Right* approach Pan from literary, dramatic, film, television, and sociological perspectives and, in the process, analyze his emergence and preservation in the cultural imagination.

**The Universe in Time** Paolo Maffei, 1989 Structured as a series of embedded voyages--first through the life cycle of the stars, then through that of planetary systems, and finally through both geological/ecological evolution and the origin and development of life on earth. Maffei (astronomy, U. of Perugia) then explores the possibilities of extraterrestrial life, as well as alternate theories of the origin, development, and fate of the universe. Informative and exciting--take the trip. Annotation copyrighted by Book News, Inc., Portland, OR

**The NexStar User's Guide II** Michael Swanson, 2017-10-31 Michael Swanson's online discussions with literally thousands of NexStar owners made it clear that there was a desperate need for a book such as this - one that provides a complete, detailed guide to buying, using and maintaining NexStar telescopes. Although this book is highly comprehensive, it is suitable for beginners - there is a chapter on Astronomy Basics - and experts alike. Celestron's NexStar telescopes were introduced in 1999, beginning with their first computer controlled go to model, a 5-inch. More models appeared in quick succession, and Celestron's new range made it one of the two dominant manufacturers of affordable go to telescopes.

*Second Star to the Right* Wendy Gold, 2018-05-09 Peter Michaels, Hollywood stuntman and sword fight choreographer, is harboring a secret-he's the real Peter Pan, the boy who in fact grew up. Far from Neverland and forced to hide his secret, he distances himself from others for fear of being rejected for who he truly is. That is, until he meets Vivien Kelly. Vivien Kelly, A-list Hollywood royalty, is determined to branch out into directing, but her steampunk version of Peter Pan is doomed. If bratty kids and demanding studio executives weren't bad enough, and Peter's generous nature and easygoing attitude is distracting her from her work. Soon Peter starts to melt her heart and Viv fantasizes about a fairy tale ending of her own. But will Peter's secret tear them apart? Will he leave her for a world of fairies and pixie dust when Peter knows that saying goodbye means going away, and going away means forgetting each other forever?

**The Hidden Island** Charity Rau, 2025-08-26 After years of wondering what happened to her fiancé, Will, Marianna is thrilled when she discovers his message in a bottle. She hires a ship and crew and sets sail to find him. A storm washes her up on an island called Neverland. It's magical and beautiful, like something from a dream, and best of all, Will is living there. But it isn't a friendly place, and she's kidnapped soon after arriving by a strange boy named Peter. He clouds her memories with exciting outings and romantic gestures. Then a glimpse of Will breaks her from Peter's trance and she escapes. However, Peter doesn't give up easily, and he's planning to keep Marianna there forever. On the run from Peter's soldiers, Marianna learns the residents of the island are in turmoil, tormented by Peter and his minions. No one wants to go up against him. She finally meets a friend who is willing to help, and they devise a plan. Marianna must confront a being feared by everyone on the island in hopes of uncovering a way to stop Peter, so she can return home with Will. If she fails, Peter will destroy her along with everyone else on the island.
