**Born of Blood and Ash: A Flesh and Fire Novel** Jennifer L. Armentrout, 2024-08-13 From #1 New York Times bestselling author Jennifer L. Armentrout comes the thrilling conclusion to her beloved Flesh and Fire series... The line between love and obsession has never been wider. While Sera is finally free of Kolis and back with those she loves, not everything is calm. Memories of all she's endured still haunt her, but Sera finally has hope for a future with the other half of her heart and soul. Nyktos desires, loves, and accepts every part of her—even the monstrous bits she still battles. More than ever, Sera and Ash have everything under the realms to fight for, and Nyktos has no doubt Sera is fit to be the Queen of the Gods. But she must find that faith within herself if they hope to convince the other Courts to support them against Kolis and make Iliseum and the mortal realm better, safer places for all. But as Sera begins to piece together the importance of her bloodline and the true meaning behind the foreboding prophecy, it becomes clear that everything that has happened and is yet to come is much bigger than Kolis and his dark obsessions. They cannot help but wonder exactly how much influence the Fates have had and what their ultimate goal is. What Sera does know for sure is that they can trust very few—including her. A battle between the gods is brewing, and heartbreaking losses are imminent with the true Primal of Death strengthening. With a family of the heart willing to battle by their side, can Sera and Nyktos stop Kolis before he destroys the realms, or will it all disappear in a fiery inferno of blood and ash? And the line between justice and vengeance has never been so thin.

Armentrout, Rayvn Salvador, 2024-02-20 VISIONS OF FLESH AND BLOOD: a Blood and Ash/Flesh and Fire Compendium is a comprehensive companion guide for background, history, reader-favorite information, art, and reference materials. Combined with original short stories and scenes from some of the world's most beloved characters, as well as never-before-seen visual enticements, it's a treat for the senses. Told from the point of view of Miss Willa herself, the compendium acts like research material but reads like a journal and cache of personal notes, allowing the reader to revisit the characters and history they so love yet view things in a different way. VISIONS OF FLESH AND BLOOD by Jennifer L. Armentrout with Rayvn Salvador is a must-add addition to the series that any Blood and Ash/Flesh and Fire fan will enjoy.

**A Soul of Ash and Blood** Jennifer L. Armentrout,2023-07-18 Only his memories can save her... A great primal power has risen. The Queen of Flesh and Fire has become the Primal of Blood and Bone—the true Primal of Life and Death. And the battle Casteel, Poppy, and their allies have been fighting has only just begun. Gods are awakening across Iliseeum and the mortal realm, readying for the war to come. But when Poppy falls into stasis, Cas faces the very real possibility that the dire, unexpected consequences of what she is becoming could take her away from him. Cas is given some advice, though—something he plans to cling to as he waits to see her beautiful eyes open once more: Talk to her. And so, he does. He reminds Poppy how their journey began, revealing things about himself that only Kieran knows in the process. But it's anybody's guess what she'll wake to or exactly how much of the realm and Cas will have changed when she does. #1 New York Times bestselling author Jennifer L. Armentrout revisits Poppy and Casteel's epic love story in the next installment of the Blood and Ash series. But this time, Hawke gets to tell the tale.

*Literature of the 1920s: Writers Among the Ruins* Chris Baldick,2012-10-03 Surveys a war-haunted, self-consciously disoriented but exceptionally vibrant decade of writing The 1920s emerge in this study as a period with its own distinctive historical awareness and creative agenda, one in which Modernist, non-Modernist and semi-Modernist writers met on shared ground with common memories and preoccupations. Spanning genres high and low, including war memoirs, critical essays and detective stories as well as drama, poetry and the novel, Chris Baldick's approachable study of the decade sets out a 'map' of the new post-Great-War literary landscape with its unique configuration of genres, settings and character-types. Successive chapters investigate the place of ideas (biological, Freudian, esoteric, and more) in literature; the uses of anachronism and the time-sense of the Twenties; re-shapings of war-memory and war myth into varieties of Twenties 'disillusionment'; and curious connections between crime-writing and comedy in the period. This account moves easily

between experimental and more 'traditional' literary tendencies of the decade to discover common obsessions and shared moods of elegiac despair, nervous frivolity and bold irreverence.
