AW Chickering

Moscow to the End of the Line Venedikt Erofeev, 1994 In this classic of Russian humor and social commentary, a fired cable fitter goes on a binge and hopes a train to Petushki (where his most beloved of trollops awaits). On the way he bestows upon angels, fellow passengers, and the world at large a magnificent monologue on alcohol, politics, society, alcohol, philosophy, the pains of love, and, of course, alcohol.

Russian Postmodernist Fiction Mark Lipovetsky, Eliot Borenstein, 2016-09-16 This text offers a critical study of postmodernism in Russian literature. It takes some of the central issues of the critical debate to develop a conception of postmodern poetics as a dialogue with chaos and places Russian literature in the context of an enriched postmodernism.

A History of Russian Literature Andrew Kahn, Mark Lipovetsky, Irina Reyfman, Stephanie Sandler, 2018-04-13 Russia possesses one of the richest and most admired literatures of Europe, reaching back to the eleventh century. A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day, still rife with the creative experiments of post-Soviet literary life. The volume proceeds chronologically in five parts, extending from Kievan Rus' in the 11th century to the present day. The coverage strikes a balance between extensive overview and in-depth thematic focus. Parts are organized thematically in chapters, which a number of keywords that are important literary concepts that can serve as connecting motifs and 'case studies', in-depth discussions of writers, institutions, and texts that take the reader up close and personal. Visual material also underscores the interrelation of the word and image at a number of points, particularly significant in the medieval period and twentieth century. The History addresses major continuities and discontinuities in the history of Russian literature across all periods, and in particular brings out trans-historical features that contribute to the notion of a national literature. The volume's time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries, space, Holy Russia, and the charismatic king that offers culturally relevant material to later writers. This volume delivers a fresh view on a series of key questions about Russia's literary history, by providing new mappings of literary

history and a narrative that pursues key concepts (rather more than individual authorial careers). This holistic narrative underscores the ways in which context and text are densely woven in Russian literature, and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures, historical events and literary politics, literary theory and literary innovation.

Venedikt Erofeev's Moscow-Petushki Karen L. Ryan-Hayes, Karen L. Ryan, 1997 Eight scholars examine Erofeev's (1933-90) Moscow-Petushki, considered both in the west and in Russia to be a postmodern masterpiece. The novel takes readers on Moscow's suburban train into the cultural milieu of Brezhnev's Soviet Union. The analyses describe picaresque absences and annihilation, the sacred and the monstrous, inconsolable and other grief, existentialist motifs, and other concerns. Two of the essays are in Russian. Soft Matter Julia Vaingurt, 2025-01-15 Identifies and examines a poetics of weakness in Soviet underground literature Artists of the late Soviet era sought new, nonconformist ways of approaching literary fiction, arriving at weakness as a crucial principle of narrative and character formation. Julia Vaingurt argues that this counter-discourse of strategic weakness constituted both an aesthetic strategy and an ethical code, affording like-minded authors a feeling of recognition and commonality and uniting an international community of artists in resistance to the divisiveness of their worlds. Soft Matter: The Poetics of Weakness in Late Soviet Socialism explores the cultivation of weak subjectivity through modes such as gender subversion, queer holy foolishness, intoxication, madness, and writing disorders like graphomania and writer's block. Identifying the poetics of weakness as formative for Soviet underground literature of the 1960s and '70s, Vaingurt also traces the inheritance of a far older tradition within Russian culture of salutary weakness. As democratic deliberation continues to be under threat around the world, alternatives to the ubiquitous politics of force are an aesthetic, ethical, and ideological imperative.

Moscow Stations Venedikt Yerofeev, 2016 Venya is more interested in how much he and his colleagues can drink during the working day than in his job. Once he is fired, he spends the last of his money on booze and sets off on a train journey to visit beautiful, picturesque, utopian Petushki, where his beloved and child are waiting for him. But Venya's drinking gets out of control on the train, and Petushki seems to lie increasingly beyond his grasp. Funny and sad, Yerofeev's alcohol-soaked story of a man on a train perfectly captures Soviet society on the brink of doom: exhausted, corrupt and heading into the night in sodden dignity. 'A dark and hilarious work cocktail the satire of Gogol with the gutter-level eye of Bukowski and the menace and nightmare vision of Genet.' Time Out Moscow Stations -- the only novel published by the Russian writer Venedikt Yerofeev -- was written in 1969 and existed first only amongst samizdat circles, as a typed manuscript passed hand to hand by readers in Soviet Russia. It was first published officially in the magazine Sobriety and Culture in 1989. This translation was first published by Faber in 1997.

Amerika Mikhail Iossel,Jeff Parker,2004 For half of the twentieth century, there were two superpowers in the world and a gulf of silence between them. Knowledge of Russian culture was based on propaganda and rumour, and their knowledge of the West was no better. When the Soviet Union fell, Russians began to travel to America more regularly, and what they discovered was a very different place to the one they had imagined, but, at the same time, not exactly the one that Americans think they know. This collection of beautifully written and entertaining literary essays by a wide range of Russian writers - young and old, funny and sombre, angry and celebratory, many being translated for the first time - offers readers a unique chance to see Americans in a whole new light, to question how the American dream stands up to the American reality, and to experience the wit and generosity of today's Russian writers.
