Wendell Berry: Port William Novels & Stories: The Postwar Years (LOA #381) Wendell Berry, 2024-07-16 Library of America continues its definitive edition of Wendell Berry's complete fiction, including the novels *The Memory of Old Jack* and *Remembering* and 23 brilliant and beautiful stories. In this second volume, Port William faces the disappearance of farms and farmers in the decades after World War II, while Andy Catlett resolves to remain in the Membership Set along the banks of the Kentucky River in America's heartland, fictional Port William, Kentucky, is an agrarian world is peopled with memorable and beloved characters collectively known as the Port William Membership. For more than 50 years, Wendell Berry has told Port William's history from the Civil War to the present day, recapturing a time when farming, faith, and family were the anchors of community and the ligaments that bound one generation to the next. Now Library of America continues its definitive edition, prepared in close consultation with the author and published for his 90th birthday, presenting the complete story of Port William for the first time in the order of narrative chronology. This second volume contains 23 stories and 2 novels that span the years 1945 to 1978, as the town faces the forces of mechanization and the looming possibility of its own disappearance. As the generation that came of age after the Civil War disappears, the younger generation increasingly chooses to leave and not return; one of the only exceptions is Andy Catlett, who resolves to remain in and to maintain the Membership. This definitive edition of Wendell Berry's complete fiction includes detailed notes, endpapers featuring a map of Port William and a Membership family tree, and a chronology of Berry's remarkable life and career.

Wendell Berry: Essays 1993-2017 (LOA #317) Wendell Berry, 2019-05-21 The second volume of the Library of America's definitive two-volume selection of the nonfiction writings of our greatest living advocate for sustainable culture. Writing with elegance and clarity, Wendell Berry is a compassionate and compelling voice for our time of political and cultural distrust and division, whether expounding the joys and wisdom of nonindustrial agriculture, relishing the pleasure of eating food produced locally by people you know, or giving voice to a righteous contempt for hollow innovation. He is our most important writer on the cultural crisis posed by industrialization and mass consumerism, and the vital role of rural, sustainable farming in preserving the planet as well as our national character. Now, in celebration of Berry's extraordinary six-decade-long career, Library of America presents a two-volume selection of his nonfiction writings prepared in close consultation with the

author. In this second volume, forty-four essays from ten works turn to issues of political and social debate--big government, science and religion, and the meaning of citizenship following the tragedy of 9/11. Also included is his Jefferson Lecture to the National Endowment for the Humanities, *It All Turns on Affection* (2012). Berry's essays remain timely, even urgent today, and will resonate with anyone interested in our relationship to the natural world and especially with a younger, politically engaged generation invested in the future welfare of the planet. INCLUDES: *Life is a Miracle* AND *SELECTIONS FROM Sex, Economy, Freedom & Community* Another Turn of the Crank Citizenship Papers *The Way of Ignorance* What Matters? *Imagination in Place* *It All Turns on Affection* *Our Only World* *The Art of Loading Brush* LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. Berry, 2018-01-30 Library of America inaugurates its edition of the complete fiction of one of America's most beloved living writers For more than fifty years, in eight novels and fortytwo short stories, Wendell Berry (b. 1934) has created an indelible portrait of rural America through the lens of Port William, Kentucky, one of the most fully imagined places in American literature. Taken together, these novels and stories form a masterwork of American prose: straightforward, spare, and lyrical. Now, for the first time, in an edition prepared in consultation with the author, Library of America is presenting the complete story of Port William in the order of narrative chronology. This first volume, which spans from the Civil War to World War II, gathers the novels *Nathan Coulter* (1960, revised 1985), *A Place on Earth* (1967, revised 1983), *A World Lost* (1996), and *Andy Catlett: Early Travels* (2006), along with twenty-three short stories, among them such favorites as "Watch With Me," "Thicker than Liquor," and "A Desirable Woman." It also features a newly researched chronology of Berry's life and career, a map and a Port William Membership family tree, and helpful notes. Us for Them Austin Fischer,2024-04-10 Us versus them—it's one of the oldest stories ever told, and we keep finding new ways to tell it. The conservative versus progressive cultural holy war over social justice, reconciliation, unity, and politics is the most recent version of the story, and our lives are increasingly defined by it. Which side are you on? Do you want justice or friendship? Diversity or unity? Victory or communion? But what if this alleged holy war is better understood as an opportunity for a humble and creative collaboration? What if conservatives and progressives tell a better story together? What if we seek higher ground instead of partisan or middle ground? What if God doesn't want to pull us to the right or to the left or to the middle? What if God wants to pull us up? Us for Them suggests that instead of hunkering down into ideological trench warfare, Christians can ascend into the elevation of the kingdom by practicing God's fierce but friendly justice in an unfriendly and unjust world. Because Christianity is a faith of justice and friendship—not one or the other.

Farming Wendell Berry,2011-09-01 The sanity and eloquence of these poems spring from the land in Kentucky where Wendell Berry was born, married, lives, farms, and writes. From classic pastoral themes both lyrical and reflective, to a verse play, to a dramatic narrative and the manic, entertaining, prescient ravings of Berry's Mad Farmer, these poems show a unity of language and consciousness, skill and sensitivity, that has placed Wendell Berry at the front rank of contemporary American poets.

A Cultural History of Plants in the Modern Era Stephen Forbes,2023-12-14 A Cultural History of Plants in the Modern Era covers the period from 1920 to today - a time when population growth, industrialization, global trade, and consumerism have fundamentally reshaped our relationship with plants. Advances in agriculture, science, and technology have revolutionised the ways we feed ourselves, whilst urbanization and industrial processing have reduced our direct connection with living plants. At the same time, our understanding of both ecology and conservation have greatly increased and our appreciation of the meanings and aesthetics of plants continue to suffuse art and everyday culture. The modern era has witnessed a revolution in both the valuation and the destruction of the natural world - more than ever before, we understand that the vitality of our relationship with plants will shape our future. The 6 volume set of the Cultural History of Plants presents the first comprehensive history of the uses and meanings of plants from prehistory to today. The themes covered in each volume are plants as staple foods; plants as luxury foods; trade and exploration; plant technology and science; plants and medicine; plants in culture; plants as natural ornaments; the representation of plants. Stephen Forbes is an independent scholar and writer, based in Australia. Volume 6 in the Cultural History of Plants set. General Editors: Annette Giesecke, University of Delaware, USA, and David Mabberley, University of Oxford, UK.
