**Bilingual Special Education for the 21st Century: A New Interface** Colón, Gliset, Alsace, Tamara O., 2022-05-13

Bilingual students with disabilities have an established right to be educated in their most proficient language. However, in practice, many culturally and linguistically diverse students still do not receive the quality of education that they are promised and deserve. Multilingual learners with disabilities must be acknowledged for the assets they bring and engaged in classroom learning that is rigorous and relevant. *Bilingual Special Education for the 21st Century: A New Interface* addresses the complex intersection of bilingual education and special education with the overlay of culturally and linguistically sustaining practices. This work provides practical solutions to current dilemmas and challenges today's educators of multilingual learners with disabilities face in the classroom. Covering topics such as dual language education, identification practices, and transition planning, this book is an essential resource for special education experts, faculty and administration of both K-12 and higher education, pre-service teachers, researchers, and academicians.

**Air & space power journal español** ,2009

**Educación: VI informe sobre derechos humanos** ,2008 Se articula en nueve ejes fundamentales: políticas públicas y apoyo a las defensorías, objetivos y contenidos de la educación, medios materiales, medios personales, acceso y permanencia en centros educativos, calidad de la educación, convivencia en los centros educativos, educación superior, necesidades educativas especiales y tutela antidiscriminatoria.

El problema de la eternidad del mundo en el pensamiento medieval Olga Lucía Larre, 2019-08-08 Nuestro tiempo, gravitado en su modo de pensar por el vasto panorama que las ciencias han obtenido sobre la naturaleza del universo y de la vida, suele encarar bajo una mirada científica la resolución del problema en torno al origen y la eternidad del mundo. Por ello entendemos que el discernimiento de los núcleos problemáticos formulados en otro período histórico, pueden resultar de interés para el pensamiento contemporáneo si se tiene como finalidad descubrir el foco del verdadero problema filosófico que, por ser tal, transita de un modo permanente el curso de la historia, trasvasándose de una época a otra bajo formulaciones diferentes, y exponiendo una misma dificultad metafísica, antigua y a la vez, siempre nueva. La querella medieval sobre el tema que nos ocupa se ha expresado en tres oportunidades distintas. La primera entre el neoplatónico cristiano Juan Filopón y Simplicio, en los inicios del siglo VI, discutiendo ampliamente las argumentaciones aristotélicas. Una

segunda fase, en el ámbito del pensamiento musulmán, se produce cuando Algacel disputa con los filósofos, la tesis de la eternidad del mundo como contraria al Corán y a la razón. Y es Averroes quien, en nombre de la razón, de Aristóteles y de la filosofía, le propone como respuesta su Destrucción o Incoherencia de la incoherencia. Por último, la etapa que cierra el medioevo se produce en el seno de la universidad medieval cristiana y latina, en la segunda mitad del siglo XIII y queda centrada en las figuras de los maestros Buenaventura y Tomás de Aquino. Es este el momento de mayor efervescencia entre la posición de los maestros de artes y los teólogos; su trazo distintivo es que pone en juego a un número muy importante de interlocutores que han tenido innegables proyecciones en el pensamiento posterior.

**Rabia. afectos, violencia, inmunidad** Laura Quintana, 2021-10-05 Hay formas de rabia que intensifican la desigualdad y otras que la combaten. Y en esta duplicidad están en juego diferentes comprensiones de la vida, la identidad y su relación con lo extraño. En distintas actitudes cotidianas y en varias de las decisiones políticas son visibles formas de miedo, odio y resentimiento. En las redes sociales y en las decisiones electorales, en los espacios cotidianos rutinarios y como respuesta a crisis inesperadas, la gente expresa su insatisfacción por aquello que percibe como rechazable y amenazante: personas migrantes estigmatizadas, formas de vida asumidas como degeneradas, figuras públicas satanizadas. A su vez, el descontento ante la violencia y la desigualdad da vida a formas de enardecimiento que confrontan estas condiciones en apuestas políticas disidentes. Rabia: Afectos, violencia, inmunidad analiza estos afectos como experiencias complejas y conflictivas, emergidas históricamente, desde una aproximación situada y relacional del mundo social, mostrándonos. así que son fuerzas corporales vinculadas con la crisis ecológico-política que vivimos, de las que también puede emerger el impulso para enfrentarla.

**Las TIC y las Sociedad Digital. Doce años después la Ley. Tomo I Modernización para el Sector TIC y sus recursos esenciales** Édgar González López, Luz Mónica Herrera Zapata, Jorge Murgueitio Cabrera, Sandra Milena Ortiz Laverde, 2021-01-01 Las Tecnologías de la Información y las Comunicaciones (TIC) han irrumpido en forma vertiginosa en todos los sectores de la nueva sociedad de la información y del conocimiento, de forma que ya no es posible entender los entornos de la sociedad actual sin analizar y comprender cómo ha sido permeada por estas tecnologías que conectan a los ciudadanos a través de las telecomunicaciones. Diez años después de expedida, la Ley de TIC se reformó mediante la Ley 1978 de 2019. Estos dos acontecimientos justifican el nuevo proyecto investigativo que hoy presentamos a consideración de los lectores con el propósito de que conozcan sus contenidos, sus finalidades, sus aciertos, sus eventuales desaciertos y las mejoras que se pueden incorporar. Esta obra tiene como objetivo inicial analizar el nuevo marco normativo y las reformas introducidas con la Ley 1978 de 2019, muy orientadas al sector de las telecomunicaciones. La investigación se orienta a estudiar el derecho de la competencia en el sector de las TIC, así como los nuevos retos que la sociedad digital y las tecnologías disruptivas le plantean a la sociedad y al derecho administrativo en Colombia. En consideración a su relación temática, y con el fin de facilitar su organización y lectura, la presente obra se divide en dos tomos: el primero relacionado

con Las TIC y las telecomunicaciones y el derecho a la competencia, y el segundo referido al Ecosistema digital en sus distintos desarrollos y las tecnologías disruptivas. No cabe duda de la importancia de esta obra, tanto para los lectores especializados como para los interesados en el sector de las TIC y las telecomunicaciones, y de su aporte para el análisis de las instituciones que lo conforman: los proveedores de redes y servicios de telecomunicaciones, los proveedores de plataformas y servicios TIC, los usuarios y todos aquellos que de una u otra forma intervienen en la sociedad del conocimiento virtual.

Apuntes básicos de Derecho Internacional Público Efrén Guerrero Salgado, 2025-05-09 Este libro ofrece una introducción esencial al Derecho Internacional, abordando sus fundamentos, fuentes, sujetos, responsabilidad internacional y mecanismos de solución de controversias, centrado en el contexto ecuatoriano. Analiza la jurisprudencia de cortes internacionales, la responsabilidad tanto estatal como individual, y la aplicación del Derecho Internacional Humanitario en conflictos armados. Además, examina la cooperación y el cumplimiento de las normas internacionales, explorando su impacto en desafíos contemporáneos como el cambio climático, la protección de los derechos humanos, la lucha contra el crimen transnacional organizado y los conflictos por recursos naturales

*Culturally Responsive Practices in Speech, Language, and Hearing Sciences, Third Edition* Yvette D. Hyter, Marlene B. Salas-Provance, 2025-12-04 *Culturally Responsive Practices in Speech, Language, and Hearing Sciences, Third Edition* provides an innovative perspective on cultural responsiveness in the field of communication sciences and disorders. It is imperative for clinicians and scientists to be aware of diverse aspects of globalization: how these aspects may affect their own knowledge, strengths, biases, and interventions, as well as the partnerships they build with communities, families, and individuals in their care. The purpose of this essential textbook is to facilitate the creation of knowledge and the development of attitudes and skills that lead to culturally responsive practices. Authored by two leading scholars in the field, Yvette D. Hyter, PhD, CCC-SLP, BCS-CL, ASHA Fellow, and ASHA Honors, and Marlene B. Salas-Provance, PhD, MHA, CCC-SLP, FNAP, and ASHA Fellow, the text presents conceptual frameworks to guide readers toward cultural responsiveness by becoming critically engaged users of culturally responsive and globally sustainable practices. The text is focused on speech, language, and hearing, but also draws from theoretical frameworks in other disciplines for an interprofessional, transdisciplinary, and macro-practice perspective. This information will help speech-language pathology and audiology students and professionals build their own conceptual framework for providing culturally and linguistically responsive services and engaging with others globally. New to the Third Edition \* Chapters have been reorganized and edited for improved flow, conciseness, readability, and comprehension \* Updates throughout to reflect the current state of research \* More examples from the audiology perspective, and new information on disability justice, crip linguistics, raciolinguistics, translanguaging, and languaging \* Material in Chapter 4 (Culturally Responsive Practices: Human Rights, Equity, Inclusion,

and Social Justice) and Chapter 6 (Culture and Hearing) has been updated and expanded \* A revised chapter on Culturally Responsive Assessment (Chapter 7) now includes ethnographic interviewing \* Suggestions for readings, reflections, and activities are highlighted with new icons throughout \* New “Bonus Brilliance!” section outlining literature that should not be missed Key Features \* Numerous case studies to facilitate knowledge and skills \* Journal prompts and discussion questions that challenge individuals to use critical and dialectical thinking \* Real-life activities that can be completed inside or outside the classroom or therapeutic setting \* Suggested readings from the current literature in cultural and linguistic responsiveness, as well as global engagement, in order to build expertise and influence student attitudes Please note: ancillary materials such as eFlashcards, Activities/Exercises, Study Guides are not available as with the print version of this book.

An Intimate Relationship Jaume Castan Pinos, 2024-10-21 This book analyses the strategies and narratives of Non-State Armed Actors (NSAAs), principally relying on primary material and interviews conducted by the author. The book develops a simple model based on goals and means, which allows us to increase our understanding and comprehension of organisations and individuals that decide to take up arms in the name of a political cause. One of the key arguments is that statehood plays a critical role for NSAAs, irrespective of their military capabilities, ideological aspirations and geographic origins. They are ‘non-state’ not by choice but because they are unable to be a ‘state’ actor. In other words, their stateless status is a matter of lack of power, not lack of will. With the aim of shedding light on the intimate relationship between NSAAs and statehood, the book examines 25 cases from around the globe. These armed actors use violence in order to attain divergent political aims, which are segmented into two macro categories, namely territorial change (secessionists) and regime change (Marxists-Leninist, Salafi-Jihadists and far-right).

La parte general del derecho penal internacional Kai Ambos, 2005 CONTENIDO: Resumen sistemático de los principios generales de la jurisprudencia analizada - La interpretación de los trastornos en derecho (penal) internacional - El derecho de Ginebra - La convención contra el Genocidio - Bases para una elaboración dogmática: imputación y derecho penal internacional - Las formas básicas de intervención punible - Responsabilidad del superior - Tentativa - Presupuestos subjetivos de la responsabilidad individual, con inclusión del error - Causas de exclusión de la punibilidad, con especial tratamiento del estado de necesidad por coacción.
