

Blood Meridian Page Count

Jeffery Hunter

Blood Meridian Cormac McCarthy, 2010-08-11 25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. One of *The Atlantic's* Great American Novels of the Past 100 Years Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving.

Cormac McCarthy's Violent Destinies Brad Bannon, John Vanderheide, 2023-08-18 Since the release of his first novel, *The Orchard Keeper*, in 1965, Cormac McCarthy's characters, intricate plots, and sometimes forbidding settings have captivated the attention of countless readers while exploring deep philosophical problems, including that of human agency and free will. This multiauthor volume places the full range of his novels in historical, literary, and cultural contexts and shifts the focus of critical engagement to questions of determinism, fatalism, and free will. Essayists over the course of eleven chapters show how McCarthy's protagonists and antagonists often confront grotesque realities and destinies, and find themselves prey to incessant subconscious and uncontrollable forces. In the process, these scholars reveal that McCarthy's works arrive thoroughly tinted with religious complexities, ambiguities of ancient and modern thinking, and profoundly splintered notions of morality, freedom, and ethics. Consequently, McCarthy's philosophical depth, mastery of language, and sometimes shocking psychological analysis are brought into sharp focus for longtime readers. With new scholarship from eminent critics, an accessible style, and precise attention to the lesser-known works, *Cormac McCarthy's Violent Destinies* re-introduces the Pulitzer Prize-winning novelist's work under the twin themes of fatalism and determinism.

Cormac McCarthy's Last Outlaws Peter Josyph, 2025-07-07 This work is the most extensive examination to date of the Pulitzer Prize-winning novelist's collaboration with director Ridley Scott on realizing McCarthy's controversial screenplay, *The Counselor*, and it takes an equally close look at McCarthy's final masterwork, *The Passenger*. Having interpreted in music, painting, film, lectures, and three previous books the man he calls our Rhode Island Shakespeare, the author draws on a wide range of sources from theatre, cinema, philosophy, and literature for an unsparing critique of what he calls Late McCarthy, and of trends in recent Cormac McCarthy criticism.

Cormac McCarthy Sara Spurgeon,2011-06-02 A collection of original, stimulating interpretations of key texts by Cormac McCarthy, designed for students and edited and written by leading scholars in the field

The Turn of the Screwdriver Iphigenia Jones,2025-11-04 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Evoking Genocide Adam Jones,2009 Evoking Genocide compiles more than sixty short essays written by leading scholars and activists in the field of genocide studies. These authors pay eloquent tribute to the works of art and media that influenced their engagement with genocide and crimes against humanity. The subjects include books and stories, films, songs, drawings, documents, monuments, sculptures, personal testimonies, and even a Lego set. In an accessible and often deeply personal way, contributors explore their own relationships with the works in question. Edited by Adam Jones, recently selected as one of fifty key thinkers in Holocaust and genocide studies, Evoking Genocide makes an important contribution to the study of the art and culture of mass atrocity.

A String in the Maze Elisabeth Francisca Andersen,2005

Jersey Bulletin and Dairy World ,1928

Representation and Decoration in a Postmodern Age Alfred Hornung,Rüdiger Kunow,2009 The contributions to this volume by European and American critics analyze different forms of representation and decoration in twentieth-century American literature and the arts from the critical perspective of a postmodern age. They range from theoretical discussions of non-representational art forms and the defense of literary representation against deconstructive practices to the manifestation of political representation in postcolonial works. The displacement of decorative elements in modern art and the resurgence of decoration in postmodernism is the focus of articles on modern American and contemporary ethnic painters as well as on American postcards. The interaction of representative and decorative techniques provides the basis for new readings of literary texts and for the analysis of technological intelligence.
