Artificial Intelligence and the Apocalyptic Imagination Michael J. Paulus,2023-05-15 The increasing role and power of artificial intelligence in our lives and world requires us to imagine and shape a desirable future with this technology. Since visions of AI often draw from Christian apocalyptic narratives, current discussions about technological hopes and fears present an opportunity for a deeper engagement with Christian eschatological resources. This book argues that the Christian apocalyptic imagination can transform how we think about and use AI, helping us discover ways artificial agency may participate in new creation.

Our Lady of Sorrow Israel Shamir,2005-06 Story of Our Lady statue in Bethlehem destroyed by the Jewish Army and its universal meaning. Ideas are not less important than material things; oil does not provide the whole explanation of the war in the Middle East, faith is not dead and can't die as long as mankind exists. Even the belief in the Market forces is just another faith, an old established cult of Mammon. Faith is not only a personal affair; religion still matters, probably more than we think.

Veritas Dawn Mark Lynch,2014-06-01 4 July 2132. The colony ship, SS Artemis, leaves our solar system and begins a journey across the galaxy. The leviathan's destination is the Veritas Moon, a sphere thought capable of supporting human life. The First Wave colonists seek to create a utopian society on the virgin moon, free from the many problems of old Earth, but no one could have predicted the threat which awaited them. Decades later, a small group of settlers flee from the ravages of civil war and the repressive arm of a totalitarian state. This tiny community must attempt to put old grievances behind them as they struggle to survive the harsh realities of life on an isolated outpost, right on the edge of the fledgling human colony. When their settlement comes under attack by a resurgent indigenous enemy it appears the colonists' only hope rests in the actions of a mysterious stranger whose own motives remain unclear.

In the Land of Dreams Lawrence Swaim,2017-11-24 In the Land of Dreams is the story of a man who believes he is being

stalked by the ghost of an ancestor, who, for reasons unknown, has returned to lower Manhattan, where he owned a tavern in the 1680s. Eventually the ghostly stalker is taken into the city-sponsored residential program in which our narrator lives, and reveals himself to be his troubled ancestor. He tells a story of violent and irrevocable events that caused a curse to be placed on their family. Both men are looking for redemption, the ancestor through confessing his role in the long-ago troubles and the narrator by finding the right way to interpret these shocking events...

A Brief History of the End of the World Simon Pearson,2006 Most people's concept of the 'end of the world' comes from the book of Revelation. Today, there are an estimated 25 million Christian fundamentalists in the US who believe it will come with the 'Rapture;' others point to an ecological catastrophe, the AIDS pandemic, nuclear and biological warfare. With the benefit of a vast historical canvas, Pearson examines both apocalyptic theory (biblical literature, art, and popular culture) and practice (politics, cults, war, and revolution), from its Biblical beginnings to the Branch Davidians, via the Vikings, the French Revolution, the Pilgrim Fathers, Hitler's Apocalyptic rhetoric, asteroids, Hollywood and suicide bombers. Pearson's illuminating study shows how our pictures of the end of the world have evoked and converged--and are still very much on the agenda.
