The Millionaire Mind Thomas J. Stanley,2010-12-03 The New York Times bestseller that gives “readers with an entrepreneurial turn of mind . . . road maps on how millionaires found their niches” (USA Today). The author of the blockbuster bestseller *The Millionaire Next Door: The Surprising Secrets of America’s Wealthy* shows how self-made millionaires have surmounted shortcomings such as average intelligence by carefully choosing their careers, taking calculated risks, and living balanced lifestyles while maintaining their integrity. Dr. Thomas J. Stanley also builds on his research from *The Millionaire Next Door* and takes us further into the psyche of the American millionaire. Stanley focuses in on the top one percent of households in America and tells us the motor behind the engine; what makes them tick. His findings on how these families reached such financial success are based on in-depth surveys and interviews with more than thirteen hundred millionaires. “A very good book that deserves to be well read.” —The Wall Street Journal “Worth every cent . . . It’s an inspiration for anyone who has ever been told that he wasn’t smart enough or good enough.” —Associated Press “A high IQ isn’t necessarily an indicator of financial success . . . Stanley tells us that the typical millionaire had an average GPA and frugal spending habits—but good interpersonal skills.” —Entertainment Weekly “Ideas bigger than the next buck.” —Orlando Sentinel

Then again, you might have heard people talk about how only the mean and bad guys have all the money or that money is not easy to come by. Have you, however, wondered why most of the grown-ups you know have become given-ups? Have you noticed the frustrations that most adults are going through living average lives? Truth is, your own mindset can make or break you. The society and the environment in which we find ourselves have succeeded in making the majority of people think there is barely enough and have programmed people to live in mediocrity. As a young person, are you prepared to tow this line or are you prepared to change your mindset, to shift your consciousness and awareness to abundance? This book throws light on how most minds are untapped and exposes the hidden capabilities of the young millionaire's mind. Do you want to set your mental frequency to abundance? It is your rightful position in life. "Millionaires are made, not born" (Laura Lyseight). Once you start thinking right at this stage in your life, the rest will be history because you will surely make your millions and even billions. "You are only young once and if you work it right, once is enough" (Joe E. Lewis).
