Dean Koontz Joan Kotker, 1996-08-13 One of the most prolific and popular contemporary novelists, Dean Koontz has captivated both young and mature readers alike. This critical companion examines his mature fiction, including his most popular recent novels, *Watchers*, *Lightning*, *Dark Rivers of the Heart*, and *Intensity*. Its intention is to provide both conventional and alternative readings so that students and readers who love Koontz's fiction can develop their critical skills. Other novels examined in depth are *Phantoms*, *Strangers*, *IMidnight*, *^IThe Bad Place*, and *Mr. Murder*. Seven other Dean Koontz novels are examined in comparison to these as well. A biographical chapter sketches Dean Koontz's background and suggests ways in which growing up as the child of an abusive alcoholic has affected his work. A chapter on genre shows that Koontz combines elements from a number of genres in his writing and that his novels are moving in the direction of mainstream fiction. Kotker's discussion of Koontz's increasingly somber world view shows him to be a writer deeply concerned with issues of individual freedom. Each chapter deals with one novel in depth while making comparisons to other novels in his canon. Plot, character development, setting, point of view, and thematic issues are discussed for each novel. Kotker also examines each novel from an alternative critical approach, providing the reader with an additional perspective. Because of its easy-to-use format and thorough critical approach, this book will be a key purchase for school and public libraries whose students and patrons read Dean Koontz.

Quit Smoking Now and Forever! Helen Basinger, 2014-11-25 For nicotine addicts wanting their health, looks, libido, energy, time, and money back, this book offers the solution. This is a very powerful program consisting not just of a book, but a whole arsenal of cessation tools. In order to eradicate cravings, release anxiety, and dispel the illusion of smoking as pleasure, there are Tapping and breathing exercises for the reader to follow. An online hypnosis session designed to change the brain back to how it was before nicotine hijacked the system comes part of the package. There are also visualizations that work on the subconscious mind, cutting the chains of addiction and creating a new smoke-free persona. For over 4 years, certified master clinical hypnotist Helen Basinger has empowered smokers to overcome their addiction within her practice, Freedom Healing. Now, her revolutionary cessation program is available. *Quit Smoking Now and Forever!* is the complete guide for finally conquering the nicotine demon. The text is designed to speak to the subconscious as well as the conscious mind, allowing someone who smokes to literally change their "mind" about being a smoker as they turn the pages. Quit

Smoking Now and Forever! is for all those people who have raised their heads above the smoke long enough to realize they need to find a way out. They have probably tried and failed a number of times and are now looking for a definitive solution. With an insatiable urge for ever more money, cigarette manufacturers have now introduced 600 additives, ranging from ammonia to chocolate, into their already genetically modified tobacco - making cigarettes the most addictive drug in the world. It has become so bad that according to the Surgeon General only two and a half percent of people are now able to quit without assistance, while six million people die from this curse every year. This unique book offers the antidote to this deadly addiction, enlightening the smoker to the web of deceit spun to entrap them. Quit Smoking Now and Forever! provides a step-by-step plan that can be tailored to suit different people. After all, not everyone has the same character, emotional state or belief system. Some people want to use natural herbs and homeopathy to help them quit. Some people benefit from Nicotine Replacement Therapy while others need to release the stress behind their smoking habit. A few people just need to get mad enough at how they have been manipulated in order to put cigarettes down forever. Quit Smoking Now and Forever! provides support and advice for every stage of the cessation process—from mentally preparing smokers to quit, to making sure ex-smokers never start again. Many strings are artfully woven together throughout the chapters, with stories and imagery all designed to equip readers with the tools they need to vanquish the nicotine demon - once and for all. A Classroom of Teenaged Readers Driek Zirinsky, Shirley Rau, 2001 B> This exciting book helps teachers turn high school students into lifelong readers by approaching reading literature as a process and encouraging teachers to center their classroom on the student instead of focussing on the literature. *A Classroom of Teenaged Readers* explores how teenagers actually read, and conveys the importance of knowing what interests teens and how they evolved as readers. By understanding a teen's reading history, teachers can then create student-centered literature classrooms that focus on the needs and interests of their students. High school English teachers.

Swift Viewing Charles R. Acland, 2012-01-02 Acland looks back at the strange history of subliminal seduction: a theory first propagated in the late 1950s by marketing researcher James Vicary, who claimed that movie audiences bought more refreshments if advertising messages too quick to be noticed were inserted into movies. The study was soon proven false, but that hasn't kept the concept from having a long afterlife in the popular imagination.
