The Oxford Dictionary of Quotations Elizabeth M. Knowles, 1999 This major new edition of The Oxford Dictionary of Quotations offers the broadest and most up-to-date coverage of quotations available today. Now with 20,000 quotations arranged by author, this is Oxford's largest quotations dictionary ever. As well as quotations from traditional sources, and with improved coverage of world religions and classical Greek and Latin literature, this foremost dictionary of quotations now covers areas such as proverbs and nursery rhymes. For the first time there are special sections for Advertising Slogans, Epitaphs, Film Lines, and Misquotations, which bring together topical and related quotes, and allow you to browse through the best quotations on a given subject. In this new fifth edition there is enhanced accessibility with a new thematic index to help you find the best quotes on a chosen subject, more in-depth details of the earliest traceable source, an extensive keyword index, and biographical cross-references, so you will easily be able to find quotations for all occasions, and identify who said what, where, and when.

A Certain Place of Dreams Ira Socol, 2007-11-01 More than four dozen pieces of microfiction that are set in and around the northern Irish city of Derry carry the reader to places of incredible beauty and vicious nightmare, times of absolute joy and moments of complete terror. In stories which tread a blurred line between poetry and prose, a never named and not-quite described narrator reveals a story both national and personal, played out upon a canvas filled with stunning landscapes and fascinating characters. ---I say it again, this is pretty much the end of the earth, and she just smiles. Well, certainly, I admit, there are the Faroes out lost in the fog somewhere beyond and even past that Iceland sure, but that's really only for Vikings and drunk Germans who like to get naked in the hot pools, and she just laughs. But really it is just wild water until it turns to ice and ice until you're going south again and the ice turns into Siberia. - from for Owen who did not think Donegal had proper beaches

The Spider's Thread Keith J. Holyoak,2024-03-12 An examination of metaphor in poetry as a microcosm of the human imagination—a way to understand the mechanisms of creativity. In *The Spider's Thread*, Keith Holyoak looks at metaphor as a microcosm of the creative imagination. Holyoak, a psychologist and poet, draws on the perspectives of thinkers from the humanities—poets, philosophers, and critics—and from the sciences—psychologists, neuroscientists, linguists, and computer scientists. He begins each chapter with a poem—by poets including Samuel Taylor Coleridge, Sylvia Plath, Walt Whitman, Emily Dickinson, Robert Frost, Theodore Roethke, Du Fu, William Butler Yeats, and Pablo Neruda—and then widens the discussion to broader notions of metaphor and mind. Holyoak uses Whitman's poem “A Noiseless Patient Spider” to illustrate the process of interpreting a poem, and explains the relevance of two psychological mechanisms, analogy and conceptual combination, to metaphor. He outlines ideas first sketched by Coleridge—who called poetry “the best words in their best order”—and links them to modern research on the interplay between cognition and emotion, controlled and associative thinking, memory and creativity. Building on Emily Dickinson's declaration “the brain is wider than the sky,” Holyoak suggests that the control and default networks in the brain may combine to support creativity. He also considers, among other things, the interplay of sound and meaning in poetry; symbolism in the work of Yeats, Jung, and others; indirect communication in poems; the mixture of active and passive processes in creativity; and whether artificial intelligence could ever achieve poetic authenticity. Guided by Holyoak, we can begin to trace the outlines of creativity through the mechanisms of metaphor.
