The Secret History of Extraterrestrials Len Kasten, 2010-11-11 Explores the role of ETs in the military, government, technology, history, and the coming new age • Surveys contact with ETs, abductions, alien technology and exopolitics, genetic tampering by ETs, and the history behind the Nazis and UFOs • Contains interviews with Jesse Marcel, Michael Salla, Paul LaViolette, Robert Bauval, Helen Wambach, and others at the forefront of the ET-derived New Science movement The extraterrestrial presence on Earth is widening and, as we enter the Aquarian Age, will be admitted officially, causing shock and an urgent universal need to understand the social and technological changes derived from our space brothers. A primer for the explosive advances humanity will experience scientifically and spiritually in the coming years, this compendium explores the ET phenomenon and its influence on humanity past and present. The book surveys contact with ETs and abduction accounts, unexplained public and undisclosed military technology from aliens including anti-gravity devices, exopolitics (the influence of ETs in human affairs), the Iraqi Stargate, the Hybrid Project of alien interbreeding by abduction, Nazi ties to UFOS and their secret underground base in Antarctica, government cover-ups of alien interactions including Roswell, and the transformation triggered by the Hale-Bopp comet. Based on interviews with people who are witnessing the coming changes as well as those visionaries who are actually bringing them about--including John Mack, Major Jesse Marcel, Paul LaViolette, Robert Bauval, Michael Salla, and Helen Wambach--this book sketches out a breathtaking vision of the planetary revolution just around the corner.

Coming Out of the Illusion Christopher Link, 2020-04-13 There comes a time when being terribly lost without a clue and having the proverbial black cloud over one's head must come to an end. It doesn't matter how screwed up your life has been with a rough childhood or now as an adult. I have learned that our life experiences, no matter how terrible, don't have to shape who we are or who we become. For instance, I personally was in and out of foster homes from about age four to eighteen. I had to overcome tremendous obstacles to bring this book to you! The number one lesson for everybody is: When you get knocked down, get up again and stand a little taller than you did before until your foundation is unbreakable!! "Something More"... where is it? I think everybody at one point or another has asked themselves this. Looking up at the stars in wonderment at a very young age is where it all begins. All beings are aware of their surroundings and figure out really quickly something is wrong here on this beautiful planet Earth. There are plenty of indicators, such as: Violence and war, domination and hate, racial profiling and human suppression, working for survival and fighting over resources and or the need for money/debt creation. These things are part of our collective third dimensional consciousness and are no longer necessary as we advance/mature together. . . . So, what are we looking for? What is the true reality? How can we better ourselves? How do we awaken to and find our true self again? Where is the love, joy, grace, morals, compassion, unity we know are the truth behind this existence? The most important question for us all, to ask ourselves is: How do we break through the false reality that we have created for ourselves and the planet and keep our light shining, never to be hidden under veils of illusion again? We will explore this thing called life through our own self-realization, together, and find some answers to these questions!

The Making of the New Spirituality James A. Herrick, 2004-12-02 James A. Herrick offers an intellectual history of the New Religious Synthesis, examining the challenges it poses to Judeo-Christian tradition, demonstrating its sources and manifestations in contemporary culture, and questioning its acceptance in church and society.

The Forbidden Fruit & The Tree of Knowledge Blake C. Erickson, 2008-09-24 As a human being living in today's reality, information is readily available for interpretation and subjectivism. The information provided in this book may cause a few readers to prop up on the edge of their seat as they ponder such notions as: Psychology, Consciousness, Spirituality, Religion, Ancient History, Mythology, Symbolism, Shamanism, Music, Art, Crop Circles, and UFOs. 'The Forbidden Fruit & The Tree of Knowledge' is a book that is intended to raise some very curious questions about seemingly random topics which hold a sacred geometrical outline for understanding who and what we are.

Women and the Gift Economy Genevieve Vaughan,2007 *Women and the Gift Economy: A Radically Different Worldview is Possible* is an attempt to respond to the need for deep and lasting social change in an epoch of dangerous crisis for all humans, cultures, and the planet. Featuring articles by well-known feminist activists and academics, this book points to ways to re-create the connections, which have been severed, between the gift economy, women, and the economies of Indigenous peoples, and to bring forward the gift paradigm as an approach to liberate us from the worldview of the market that is destroying life on the planet. Shifting to a gift paradigm can give us the radically different worldview which will make another, better, world possible.
