A Walk in the Park, With Monsters D. Roland Hess, 2019-02-07 I'm a nerd. A nerd for magic. But now I'm buff :P When the Praecants have decided that you're working for them or else, you don't have a lot of choice in the matter. It could be worse. I got beaten into way better shape, learned a lot about tracking and killing magical creatures, and finally made a genuine friend who shares my interest in magical technology. Of course, Babd is still running around spreading her own kind of adorable chaos. All of this stuff -- the other worlds, the proximity to magic, maybe even Babd herself -- is starting to get inside my head. And what's with all the magical creatures that have started popping up? I'm still a nerd at heart, but things are changing... Follow Lincoln, Babd, Fox, Gwen, and some new friends as they try to secure a summit of the world's most powerful Praecants, in Pittsburgh of course. None of them trust each other, so holding it in a place where magic barely works is the only way to get them all in the same room. Will Lincoln stop being so nerdy? Will Fox find a sentient holster and settle down? Will Babd ever eat her kibble?! Download it now! Warnings: language and violence Q&A with the Author LFBD had a strong set of themes. What are the themes for *A Walk In The Park*...? LFBD's over-riding theme was the cycle of behavior drives biology drives behavior, and I crafted a lot of the arcs to specifically show how that cycle can lead one in different directions, both good and bad. *Walk* takes on something a little bit -- but not entirely -- different, which is what happens when our own psychology and minds collide with and are influenced by those of others around us. And what if those around us aren't merely humans, but magic users, creatures from different planes of existence, and even demigods? I guess the full theme is How we defend the Self against the influences the Other, and maybe we don't always want to. It's not nearly as succinct as LFBD, but it worked. This book has a lot more magical creatures. How did you come up with them? Well, there's a part of the book where Gwen is telling Lincoln that he's become a [monster] hunter, and she uses a very specific word instead of monster. I thought it would be fun to take creatures from that other well known mythology as the descriptive basis for the morphs in *Walk*. They aren't actually that, but it was certainly the inspiration. You'll have to get to that part of the book to see exactly what I'm talking about. Some parts of *Walk* touch on the Holocaust. That's a sensitive topic. How did you handle it? From the time I had the idea of how that was going to weave into the story, I wanted to make sure that it did so in a respectful manner. I specifically included some friends from the Jewish community with family ties to that awful point in

history in the beta reading group, and asked for their frank feedback. I was prepared to cut or alter the manuscript if it hit them with any level of offense. I'm glad to say that it did not, so that part of the story stayed intact. How do you keep the longer-running action sequences clear and coherent? For the big set pieces I usually have a vague idea of how they should flow. To get the details, I drag out action figures and stuffed animals, and then play the sequence out physically. Things occur to you when you do it that way that I find hard to hold entirely in my head. It's like Oh, this person has no idea that other person is there -- how would that change their reaction? I feel like it lends physical grounding to the scenes, because they are physically grounded. It's solid in my head, and that comes through in the prose. I would still like to buy a Babd. Babd is still not for sale.

Why We Suck Denis Leary, 2008-11-18 The New York Times bestseller One of America's most original and biting comic satirists, Denis Leary takes on all the poseurs, politicians, and pop culture icons who have sucked in public for far too long. Sparing no one, Leary zeroes in on the ridiculous wherever he finds it—his Irish Catholic upbringing, the folly of celebrity, the pressures of family life, and the great hypocrisy of politics—with the same bright, savage, and profane insight he brought to his critically acclaimed one-man shows No Cure for Cancer Lock 'n Load. Proudly Irish-American, defiantly working class, with a reserve of compassion for the underdog and the overlooked, Leary delivers blistering diatribes that are both penetrating social commentary with no holds barred and laugh-out-loud funny. As always, Leary's impassioned comic perspective in Why We Suck is right on target. Leary is the star and co-creator of the Emmy-nominated television show Rescue Me.

Lily's Promise Kathryn Erskine, 2021-05-18 From National Book Award-winning author Kathryn Erskine comes a heartfelt, poignant novel that tackles grief, change, and the struggle to let your voice be heard. Perfect for fans of Lynda Mullaly Hunt, Erin Entrada Kelly, and Ali Benjamin. Shy, eleven-year-old Lily made her dad an important promise before he passed away—that she would “Strive for Five” and speak her mind at least five times. But speaking up one time, let alone five, is easier said than done. It'll be even harder now that Lily must attend public school for the first time. Fortunately, she meets curling-obsessed Hobart and quiet Dunya at the beginning of sixth grade. Their kindness gives Lily hope that life without Dad might just be bearable. But when Lily and her friends are bullied by Ryan and his mean clique, she quickly discovers the true meaning of friendship and speaking out. Despite the anxiety she feels, Lily knows she needs to stand up for herself and others. And she'll use the tools her dad gave her to not only keep her final promise but bring her whole school

together. Following Lily's journey and the snarky, insightful, and humorous commentary from Libro, the actual book, who guides readers through this thoughtful tale, makes Lily's Promise a strong title for social emotional learning.
