The Last House Guest Megan Miranda, 2020-04-21 **A Reese Witherspoon x Hello Sunshine Book Club Pick and New York Times bestseller** "Once again, Megan Miranda has crafted the perfect summer thriller." —Riley Sager, New York Times bestselling author of *The Last Time I Lied* The summer after a wealthy young summer guest dies under suspicious circumstances, her best friend lives under a cloud of grief and suspicion in this "clever, stylish mystery that will seize readers like a riptide" (Publishers Weekly, starred review) featuring "dizzying plot twists and multiple surprise endings" (The New York Times Book Review). Littleport, Maine, has always felt like two separate towns: an ideal vacation enclave for the wealthy, whose summer homes line the coastline; and a simple harbor community for the year-round residents whose livelihoods rely on service to the visitors. Typically, fierce friendships never develop between a local and a summer girl—but that's just what happens with visitor Sadie Loman and Littleport resident Avery Greer. Each summer for almost a decade, the girls are inseparable—until Sadie is found dead. While the police rule the death a suicide, Avery can't help but feel there are those in the community, including a local detective and Sadie's brother, Parker, who blame her. Someone knows more than they're saying, and Avery is intent on clearing her name, before the facts get twisted against her. Another thrilling novel from the bestselling author of *All the Missing Girls* and *The Perfect Stranger*, Megan Miranda's *The Last House Guest* is a smart, twisty read with a strong female protagonist determined to make her own way in the world. "A riveting read...from master of suspense, Megan Miranda," (Mary Kubica, New York Times bestselling author of *The Good Girl*) *The Last House Guest* is a smart, twisty read that brilliantly explores the elusive nature of memory and the complexities of female friendships.

The Last Guest House Caroline Mitchell, 2024-04-16 'THIS RIGHT HERE IS WHY CAROLINE MITCHELL IS THE QUEEN OF CRIME!!!' Reader review, 5 stars Your perfect escape. Your worst nightmare. DC Nicola McKenna promised her boyfriend Matt she would leave work behind for a romantic weekend in the Isle of Skye, but things get off to a bad start when a hotel mix-up leaves them stranded, just as a snowstorm is blowing in. Luckily, one last guest house on the island has room... The couple is glad to reach the safety of The Loch House, especially with little George asleep in the back, but their relief is short-lived when they are given strange rules 'for their own good' and start to hear whispers of the house's dark past. Despite her scepticism, Nicola can't ignore the gnawing sense that there is something really wrong with this place. And when her son suddenly disappears, she starts to wonder if they will ever leave here alive... As snow starts to fall, and night closes

in, can Nicola solve the mystery of The Loch House before it claims another victim? The absolutely gripping, action-packed new thriller from bestselling author Caroline Mitchell. Birgom's Diary Clive Semmens, 2019-11-05 To Birgom's people, the Known World is bounded by treacherous ice to the North and South, by the endless ocean to the West, and by impenetrable jungles and merciless deserts in the East. Birgom leaves this world behind. Sometimes joyful, sometimes desperately sad, sometimes written in excruciating detail or forgotten for years, **Birgom's Diary** charts his long and eventful life in a world that's recognizably ours, yet very different. Maybe a few hundred years in the future, maybe a few thousand, I don't know. Post-apocalyptic, but so far post- that the apocalypse is the subject of speculation or mythology, not history - on the rare occasions that it enters anyone's consciousness at all. This is not a sci-fi world of high technology or space travel, but nor is it a world of primitive savages. But you'll have to read it... In the back of the book there are some maps that Birgom drew of his travels. It's in the same world as my previous novel, **Exile**, with some of the same characters - Birgom is an important secondary character in **Exile**, and his diary is mentioned. The Story Elements below are oversimplified: while there's a lot of nautical setting, there's a lot of non-nautical setting too; and the time period is wrong.

The Night Whispers Caroline Mitchell, 2022-07-28 'Absolutely fantastic! This one certainly did not disappoint. Many plot

twists that keep you guessing and gripped. A must read!!' Reader review, 5 stars Detective Sarah Noble investigates a dark case in the town of Slayton. It began with the whispers. In the woods, in the park, and always at night. Then they came into town, down dark alleys, and in the shadows. Before long there was a knock on the door. When the couple were found dead with their faces frozen in horror, the black-eyed children were nowhere to be seen. Until it happened again. Detective Sarah Noble will need all her intuition - and some help from young Elliott Carter - to crack a case where nothing is as it seems. A gripping new Slayton thriller with a shocking twist, from bestselling author Caroline Mitchell. Perfect for fans of Alex North and Cara Hunter. The Detective Sarah Noble thrillers can be read as standalones, or in any order. Readers love The Night Whispers! Children's Friendship Training Fred D. Frankel, Robert J. Myatt, 2013-05-13 First published in 2003. Children's Friendship Training is a complete manualized guide for therapists treating children with peer problems. This unique, empirically validated treatment is the first to integrate parents into the therapy process to ensure generalization to school and home. Representing over twelve years of research, Children's Friendship Training presents the comprehensive social skills training program developed by these pioneering authors. Step-by-step interventions help children develop the skills to initiate mutually satisfying social interactions. These interactions can lead to higher regard within the peer group and the development of satisfying dyadic relationships that will, in turn, serve to enhance overall well being. Clinical and empirical rationales, illustrative case examples and parent handouts that educate parents and give specific guidelines for homework assignments are presented for each treatment module. Brief relevant reviews of the child development literature and selective reviews of assessment techniques and other approaches to children's social skills training are presented to sufficiently acquaint therapists interested in implementing children's friendship training.
