

Twilight Of The Aesir

Winifred Faraday

Corvey Abbey ("Dreizehnlinden") Friedrich Wilhelm Weber,1923

To Test the Limits of Our Endurance Shlomo Giora Shoham,2010-03-08 A new approach to culture and cultural patterns is elucidated through relating a theory of personality and social characters to the genesis of myths and religions. Cultures are classified along a continuum and their relationship to a given personality structure is based on the assumptions that cultures possess generalized traits, and that these traits relate to characters of individuals. Cultures, like man, pass through the age phases of childhood, youth, manhood, culminating in old age. It is the cultural goals and the means to achieve them that become the culture pattern. What are these cultural goals? How do we achieve them? Every society and culture has its own indigenous mythology. Myths move in time from sacred myths recorded before history to modern myths, like master detectives Sherlock Holmes and Hercule Poirot, or the master spy, John Le Carré's Smiley, or even Superman, who realizes the dreams of omnipotence among the downtrodden, henpecked inhabitants of Metropolis. Thus myths provide meaning and motivation for human behavior.

Cycles of Norse Mythology Glenn Searfoss,2019-04-11 These stories are old, old as the Behmer Wold and seldom in life has there been such a brewing... *Cycles of Norse Mythology* captures the passion, cruelty, and heroism of an ancient world. Encompassing Odin's relentless pursuit of wisdom across the nine worlds, Gullveig's malicious death at the hands of the Æsir that sparks a brutal war with the Vanir, Thor's battles against the giants of Jotunheim, the tragedy of Volund, the many devious machinations of Loki, and the inescapable events of Ragnarök, this lyrical re-imagining of the Norse myths presents the gripping adventures of the Norse gods and their foes in a style to delight modern readers of all ages. A detailed glossary provides a quick reference to the meaning behind names and terms used in the book. A Source Reference is included for persons who want to delve deeper into the study of Norse mythology.

Asgardians: Odin George O'Connor,2024-03-26 A Kirkus Best Book of the Year A Junior Library Guild selection Following his smash-hit the Olympians series, New York Times bestseller George O'Connor embarks on a new saga about the Norse gods. This first volume tells the story of the warrior god Odin! Perfect for fans of Percy Jackson! Welcome to the Nine Worlds, home of Gods, Valkyries, Dwarves, Jotnar, and more! Travel the burning rainbow bridge to Asgard where Odin, king of the Aesir, surveys his realm. His thirst for knowledge drives him ever onward, but nothing is learned without sacrifice... In

Asgardians, George O'Connor's highly kinetic illustrations bring these gritty and astonishing tales of war, betrayal, and the quest for enlightenment at any cost to vivid and startling life and provide the perfect companion to his Olympians series.

Valhalla, Calvary & Auschwitz S. Giora Shoham,1995 In this tour-de-force S. Giora Shoham reveals the social, cultural and political mechanics of how anti-Semitism became the motivating ideology of the Third Reich and the Nazi movement. This ideology impelled an evil empire to murder some six million Jews and millions of other undesirables, viz., Slavs, Gypsies, Communist commissars, etc. The book provides the most detailed and cogent answer yet to the often asked question: how is it possible for the "most civilized nation" possessing the highest technological and scientific skills to embark on a campaign of murder, rape, and robbery on a scale unprecedented in world history? Even more pertinent for the Jews has been the question: why were the Jews singled out for immediate massacre and then systematic destruction? No single compelling answer has been proffered in the past fifty years. Shoham explains, why the German social character and the Jewish social character were dramatically opposed, why the clash between them was inevitable given the right circumstances, and why the Holocaust was inevitable in Germany due to an incestuous relationship between Germans and Jews. The multidisciplinary approach of the author raises interesting methodological questions which will no doubt stimulate debate among scholars. --
