*The Wettest County in the World* Matt Bondurant, 2008-10-14 \*The inspiration for the major motion picture *Lawless*\* Based on the true story of Matt Bondurant's grandfather and two granduncles, *The Wettest County in the World* is a gripping and gritty tale of bootlegging, brotherhood, and murder. The Bondurant Boys were a notorious gang of roughnecks and moonshiners who ran liquor through Franklin County, Virginia, during Prohibition and in the years after. Howard, the eldest brother, is an ox of a man besieged by the horrors he witnessed in the Great War; Forrest, the middle brother, is fierce, mythically indestructible, and the consummate businessman; and Jack, the youngest, has a taste for luxury and a dream to get out of Franklin. Driven and haunted, these men forge a business, fall in love, and struggle to stay afloat as they watch their family die, their father's business fail, and the world they know crumble beneath the Depression and drought. White mule, white lightning, firewater, popskull, wild cat, stump whiskey, or rotgut—whatever you called it, Franklin County was awash in moonshine in the 1920s. When Sherwood Anderson, the journalist and author of *Winesburg, Ohio*, was covering a story there, he christened it the “wettest county in the world.” In the twilight of his career, Anderson finds himself driving along dusty red roads trying to find the Bondurant brothers, piece together the clues linking them to “The Great Franklin County Moonshine Conspiracy,” and break open the silence that shrouds Franklin County. In vivid, muscular prose, Matt Bondurant brings these men—their dark deeds, their long silences, their deep desires—to life. His understanding of the passion, violence, and desperation at the center of this world is both heartbreaking and magnificent.

Tom Hardy - Dark Star Rising James Haydock,2012-07-20 From playing a rogue agent in Tinker, Tailor, Soldier, Spy, to taking on the role of villainous Bane in Batman: The Dark Knight Rises, Tom Hardy is well on the way to becoming the finest actor of his generation. His raw talent, edginess and ability to utterly inhabit the characters he plays have already prompted comparisons to screen legends such as Marlon Brando and Robert De Niro. With a host of critically acclaimed performances under his belt and the bright lights of Hollywood beckoning , Tom's star is undoubtedly in the ascendant. Born into an idyllic, middle-class life in the suburbs, by his teenage years Tom had grown restless and started to rebel. Bad behaviour in the form of alcoholism, drug-taking and criminal activity ensued and after a brief stint working as a model, fate intervened and he found his way onto an acting course at his local college. Having been plucked from drama school to appear in Band of Brothers, by 2003, his addictions had got the better of him and he collapsed in Soho following a drugs binge. Rehabilitation followed, as did a rare second chance at hitting the big time. It was Hardy's standout performance as Stuart Shorter in BBC TV's Stuart: A Life Backwards and as Britain's most notorious prisoner in the film Bronson, which really made audiences and critics sit up and take notice. Since then, he has earned himself a reputation as a shape-shifting actor with the skill to slip effortlessly in and out of contrasting characters such as Eames in blockbusters Inception and Heathcliff in Wuthering Heights. This affectionate and in-depth biography reveals the actor and the life that has shaped him into the star he has become. It explores his wayward youth, his drama school years, his burnout and his complex route to eventual success. With a host of major films on the horizon in 2012 and beyond, his is clearly Hollywood's hottest property - and the best is yet to come.

*Modern Moonshine* Cameron D. Lippard, Bruce E. Stewart, 2019 The craft of making moonshine--an unaged white whiskey, often made and consumed outside legal parameters--nearly went extinct in the late twentieth century as law enforcement cracked down on illicit producers, and cheaper, lawful alcohol became readily available. Yet the twenty-first century has witnessed a resurgence of artisanal distilling, as both connoisseurs and those reconnecting with their heritage have created a vibrant new culture of moonshine. While not limited to Appalachia, moonshine is often entwined with the region in popular understandings. The first interdisciplinary examination of the legal moonshine industry, *Modern Moonshine* probes the causes and impact of the so-called moonshine revival. What does the moonshine revival tell us about our national culture? How does it shape the image of Appalachia and rural America? Focusing mostly on southern Appalachia, the book's eleven essays chronicle such popular figures as Popcorn Sutton and explore how and why distillers promote their product as traditional and authentic. This edited collection draws from scholars across the disciplines of anthropology, history, geography, and sociology to make sense of the legal, social, and historical shifts behind contemporary production and consumption of moonshine, and offers a fresh perspective on an enduring topic of Appalachian myth and reality.
