

# What Is Australian Religion

**Hilary M. Carey**

Australian Soul Gary Bouma, 2006-11-16 Australian Soul challenges the idea that religious and spiritual life in Australia is in decline. This fascinating book describes the character of religious and spiritual life in Australia today, and argues that, far from petering out, religion and spirituality are thriving. Gary Bouma, the leading expert on the state of religious life in Australia, provides the most up-to-date facts and figures and compares the 'tone' of Australian religious practices with those of other countries. Australians might be less vocal and more reticent about their religion than Americans are, but their religious and spiritual beliefs are no less potent. Australian Soul describes and analyses our religious and spiritual life in detail as well as providing a series of case studies that illustrate the range of practices and beliefs in Australia today. Australian Soul predicts a vital future for religion and spirituality.

Believing in Australia Hilary M. Carey, 1996-07-01 Australians have been slow to appreciate the rich variety of their religious inheritance. Believing in Australia is a much-needed cultural history of Australia's many religions which goes well beyond existing studies of denominationalism. Hilary Carey traces the changes in religions practice brought by waves of migration, including European occupation and the post-war growth of Orthodox, Jewish, Muslim and Buddhist communities. She also examines the slow European discovery of Aboriginal religions, the vital importance of religion for women and the recent growth of Christian fundamentalism and New Age sects. Believing in Australia demonstrates the central place of religion in the Australian experience and offers an engaging introduction to Australia's religious history for believers and non-believers alike. 'A landmark book: it opens up major new themes in Australian history which demand attention.' - Edmund Campion, Catholic Institute of Sydney 'Hilary Carey deftly weaves the histories of Australia's faith communities into a coat of many colours. Essential and absorbing reading for all who believe in Australia and its future as an integrated multi-religious nation.' - Rachel Kohn, 'Religion Today', Radio National

*Life, Ethics and Faith in Australian Society: Facts and Figures* Philip Hughes, Lachlan Fraser, 2014 A reference book from the Christian Research Association. Religion interacts with almost every aspect of life. Australian religious communities have grown through immigration, but have declined through cultural changes. These communities continue to educate almost 40 per cent of Australian students and provide many of Australia's welfare services and international aid. In turn, religious faith has an impact on the age at which young people get married, family size, the occupations their members go into, as well as

how they spend their time and money, and their involvement in voluntary activities. Religious faith also has an impact on people's values: their attitudes to work and leisure, their sense of meaning in life, and their attitudes to the sacredness of human life and to expressions of sexuality. Drawing on data from the Australian Bureau of Statistics and several other major social surveys, this book explores not only the general impact of religion, but how that impact varies according to the extent of people's involvement in religion and the particular religious group in which people are involved. To understand Australian culture and society, one needs to understand the impact of the multiplicity of faiths that shape the lives of Australians.

Impact of Christianity on Indian and Australian Societies Ashok Rathore, 2017-02-16 This book by Professor (Dr.) Ashok Rathore compares influence of Christianity on Australian Dreamtime belief and Indian Hinduism (Sanatan Dharm) religion. This is innovative work of theology and sociology with mature understanding of Christianity in two Indian subcontinents and Australian continent. The author has worked in America, Australia, and the Philippines and interacted with people of various faiths and religions (Jews, Christians, freemasons, Mormons, Jehovah's Witnesses, Buddhists, Unitarians, atheists, and numerous movements). Being a skeptic, the author always asked this question: where and why do we differ and have different religions, and where do we converge? In the world, with over two billion Christians, why is Christianity so popular worldwide? Why does Christianity remained stagnant at 2.3 percent in India? Whereas Christianity arrived in Australia only 227 years ago from Britain and over 70 percent Aborigines were converted to Christianity. The book evince There is no relative superiority of one religion over another. The world needs is a fellowship of faiths for a common goals for a global ethic which rejects conflict, revenge, aggression and retaliation with the foundation of love. The book is expected to serve as an important component to improve relationship for theologians, biblical scholars of different religions at an international level in both countries so that a common set of core values is found in the teachings and understanding of different religions and this will form the basis of a global ethic as recommended by the 1993 Parliament of the World. India is called the Land of Faith and Religion. One can witness the Indians practicing almost all the religions prevalent in the present world - Hinduism, Judaism, Islam, Christianity Buddhism, Jainism, Zoroastrianism, Sikhism and many others (including many movements and cults). Christianity's greatest contribution to our understanding of God is, Jesus of Nazareth.

*Australian Aboriginal Religion* Ronald Murray Berndt, 1974 This work is a serious anthropological study of Australian Aboriginal religion. It is designed to be read by adults, and is primarily for use in universities and/or similar institutions. It is not, therefore, for use in schools. Where Australian Aborigines are concerned, and in areas where traditional Aboriginal religion is still significant, this book should be used only after consultation with local male religious leaders. This restriction is important. It is imposed because the concept of what is secret, or may not be revealed to the uninitiated in Aboriginal religious belief and action, varies considerably throughout the Australian continent; And because the varying views of Aborigines in this respect must on all occasions be observed. January 30th 1973 Ronald M. Berndt --

Media Perceptions of Religious Changes in Australia Enqi Weng,2019-12-05 This volume explores the contradiction between the news coverage given to issues of religion, particularly since 2001 in relation to issues such as terrorism, politics, security and gender, and the fact of its apparent decline according to Census data. Based on media research in Australia, and offering comparisons with the UK, the author demonstrates that media discussions overlook the diversity that exists within religions, particularly the country's main religion, Christianity, and presents religion according to specific interpretations shaped by race, class and gender, which in turn result in very limited understandings of religion itself. Drawing on understandings of the sacred as a non-negotiable value present in religious and secular form, *Media Perceptions of Religious Changes in Australia* calls for a broader sociological perspective on religion and will appeal to scholars of sociology and media studies with interests in religion and public life.

*Religion after Secularization in Australia* Timothy Stanley,2015-09-01 Religion's persistent and new visibility in political life has prompted a significant global debate. One of this debate's key features concerns the nature and impact of secularization. This collection of essays draws together leading sociologists, historians, philosophers of religion, and political theorists in order to provide a broad and up-to-date account of religion after secularization. Contributors explore the meaning and conceptual legacies of religion, as well as the unique features of the Australian case such as religion as it relates to law, education, gender, media, and radical political movements. Intervening in the current debate, this book provides summative accounts of the historical, cultural, and legal interactions that have informed Australia's relationship to religion and secularization. Contributors critically analyze and engage with secular political theory concerning the public sphere, while also dissecting deliberative politics and democratic practices. This book propels the debate over religion's place in public life in new directions and promotes urgently needed public understanding.

*Australian Aboriginal Religion* Ronald Murray Berndt,1974

**Religion and Change in Australia** Adam Possamai,David Tittensor,2022-03-30 This timely book offers a panoramic overview of the enduring significance of religion in modern Australian society. Applying sociological perspectives and contemporary theories of religion in society, it challenges conventional assumptions around the extent of secularisation in Australia and instead argues that religious institutions, groups, and individuals have proved remarkably adaptable to social change and continue to play a major role in Australian life. In doing so, it explores how religion intersects with a wide range of other contemporary issues, including politics, race, migration, gender, and new media. *Religion and Change in Australia* explores Australia's unique history regarding religion. Christianity was originally imported as a tool of social control to keep convicts, settlers, and Australian Aboriginal peoples in check. This had a profound impact on the social memory of the nation, and lingering resentment towards the excessive presence of religion continues to be felt today. Freedom of religion was enshrined in Section 116 of the Australian Constitution in 1901. Nevertheless, the White Australia Policy effectively

prevented adherents of non-Christian faiths from migrating to Australia and the nation remained overwhelmingly Christian. However, after WWII, Australia, in common with other western societies, appears to have become increasingly secularised, as religious observance declined dramatically. However, *Religion and Change in Australia* employs a range of social theories to challenge this secularist view and argues that Australia is a post-secular society. The 2016 census revealed that over half of the population still identify as Christian. In politics, the socially conservative religious right has come to exert considerable influence on the ruling Liberal-National Coalition, particularly under John Howard and Scott Morrison. New technologies, such as the Internet and social media, have provided new avenues for religious expression and proselytisation whilst so-called megachurches have been built to cater to their increasing congregations. The adoption of multiculturalism and increased immigration from Asia has led to a religiously pluralist society, though this has often been controversial. In particular, the position of Islam in Australia has been the subject of fierce debate, and Islamophobic attitudes remain common. Atheism, non-belief, and alternative spiritualities have also become increasingly widespread, especially amongst the young. *Religion and Change in Australia* analyses these developments to offer new perspectives on religion and its continued relevance within Australian society. This book is therefore a vital resource for students, academics, and general readers seeking to understand contemporary debates surrounding religion and secularisation in Australia.

Religion in Australia Hans Mol, 1971

Religion and Non-Religion among Australian Aboriginal Peoples James L. Cox, Adam Possamai, 2016-12-01 Offering a significant contribution to the emerging field of 'Non-Religion Studies', *Religion and Non-Religion among Australian Aboriginal Peoples* draws on Australian 2011 Census statistics to ask whether the Indigenous Australian population, like the wider Australian society, is becoming increasingly secularised or whether there are other explanations for the surprisingly high percentage of Aboriginal people in Australia who state that they have 'no religion'. Contributors from a range of disciplines consider three central questions: How do Aboriginal Australians understand or interpret what Westerners have called 'religion'? Do Aboriginal Australians distinguish being 'religious' from being 'non-religious'? How have modernity and Christianity affected Indigenous understandings of 'religion'? These questions re-focus Western-dominated concerns with the decline or revival of religion, by incorporating how Indigenous Australians have responded to modernity, how modernity has affected Indigenous peoples' religious behaviours and perceptions, and how variations of response can be found in rural and urban contexts.

**Religion in Australia** Roger C. Thompson, 1994 An engaging study of the religious beliefs and institutions of Australia, and their effect on the country's history. Covers Christianity, Judaism, Islam, and Aboriginal spirituality.

**Australian Aboriginal Religion** Ronald Murray Berndt, 1974-01-01 This work is a serious anthropological study of Australian Aboriginal religion. It is designed to be read by adults, and is primarily for use in universities and/or similar

institutions. It is not, therefore, for use in schools. Where Australian Aborigines are concerned, and in areas where traditional Aboriginal religion is still significant, this book should be used only after consultation with local male religious leaders. This restriction is important. It is imposed because the concept of what is secret, or may not be revealed to the uninitiated in Aboriginal religious belief and action, varies considerably throughout the Australian continent; And because the varying views of Aborigines in this respect must on all occasions be observed. January 30th 1973 Ronald M. Berndt --

**Many Religions, All Australian** Gary D. Bouma, 1997 Quietly, with comparatively little drama, a large number of very different religious groups came and settled in Australia, becoming part of the landscape, part of Australian life and society. As these groups have settled in they have come to be accepted such that now Australian society can be described as having many religions, all Australian. .... [from back cover]

**Post-God Nation** Roy Williams, 2015-05-01 Why religion fell off the radar in Australia - and how it can get back on At the time of Federation 98% of Australians identified themselves as Christians. Now only 8% say they regularly go to Church. What's changed? How did Australia become a post-Christian nation and what part did the Churches play in their own decline? Author Roy Williams (God, Actually, In God they trust?) has long been an impassioned defender of Christianity. Here, he tackles the decline of the church head on, acknowledging that in many cases, inflexibility, negativity and a refusal to listen have led to a tarnished image. But he also argues that Australia had a long and often misunderstood Christian heritage. And without it, he says, we will become a society with no moral centre, a community where rampant materialism is the only rule. Offering a bold roadmap for the Church to change, Williams challenges atheists, agnostics and true believers to a genuinely open debate about the force of faith.

**Losing My Religion** Tom Frame, 2010-10-14 In this challenging and provocative book, Tom Frame, one of Australia's best - known writers on religion and society, examines diminishing theological belief and declining denominational affiliation. He argues that Australia has never been a very religious nation but that few Australians have deliberately rejected belief - most simply can't see ...

*The Encyclopedia of Religion in Australia* James Jupp, 2009-09-10 Australia is a country rich in religious diversity. While constitutionally-speaking Australia is a secular society, waves of immigration over its short history have had a large impact on its religious and cultural make-up. The Encyclopedia of Religion in Australia is the first major work of reference to describe the beliefs, practices and organisation of religion in Australia. It examines religion in several different ways: historical development, belief systems and controversies, as well as the social role each faith plays in modern Australian society. This comprehensive volume includes entries on indigenous spirituality, Scientology, hillsong, and atheism, and features all of the major religions. Richly illustrated, it includes a section dedicated to current debates and issues in modern-day Australia, such as the place of religion in politics, fundamentalism, religious education and social cohesion.

**Religion and Law in Australia** Paul Babie, Joshua Neoh, James Krumrey-Quinn, Chong Tsang, 2018-12-17 Derived from the renowned multi-volume International Encyclopaedia of Laws, this convenient resource provides systematic information on how Australia deals with the role religion plays or can play in society, the legal status of religious communities and institutions, and the legal interaction among religion, culture, education, and media. After a general introduction describing the social and historical background, the book goes on to explain the legal framework in which religion is approached. Coverage proceeds from the principle of religious freedom through the rights and contractual obligations of religious communities; international, transnational, and regional law effects; and the legal parameters affecting the influence of religion in politics and public life. Also covered are legal positions on religion in such specific fields as church financing, labour and employment, and matrimonial and family law. A clear and comprehensive overview of relevant legislation and legal doctrine make the book an invaluable reference source and very useful guide. Succinct and practical, this book will prove to be of great value to practitioners in the myriad instances where a law-related religious interest arises in Australia. Academics and researchers will appreciate its value as a thorough but concise treatment of the legal aspects of diversity and multiculturalism in which religion plays such an important part.

**Religion in Australia** Philip J. Hughes, 1997 This book describes 17 major religious groups in Australia based on data from the 1996 National Population Census and attender surveys. .... [from back cover]

**Encyclopaedia of Religion and Ethics** James Hastings, John Alexander Selbie, Louis Herbert Gray, 1910

### What Is Australian Religion Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites

and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading What Is Australian Religion free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading What Is Australian Religion free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This

digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading What Is Australian Religion free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading What Is Australian Religion. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading What Is Australian Religion any PDF files. With these platforms, the world of PDF downloads is just a click away.

## FAQs About What Is Australian Religion Books

1. Where can I buy What Is Australian Religion books?  
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
