Matthew Sharpe

The Symbolic, the Sublime, and Slavoj Žižek's Theory of Film M. Flisfeder, 2016-01-20 Returning to questions about ideology and subjectivity, Flisfeder argues that Slavoj Žižek's theory of film aims to re-politicize film studies and film theory, bringing cinema into the fold of twenty-first century politics.

How Slavoj Became Žižek Eliran Bar-El, 2025-05-06 An engrossing account of the meteoric rise of contemporary philosophy's most contentious and prolific intellectual. This revised edition corrects several erroneous and insufficient references in the first edition of this book. Slovenian philosopher bad boy Slavoj Žižek is one of the most famous intellectuals of our time, publishing at a breakneck speed and lecturing around the world. With his unmistakable speaking style and set of mannerisms that have made him ripe material for internet humor and meme culture, he is recognizable to a wide spectrum of fans and detractors. But how did an intellectual from a small Eastern European country come to such popular notoriety? In *How Slavoj Became Žižek*, sociologist Eliran Bar-El plumbs the emergence, popularization, and development of the phenomenon called "Žižek." Beginning with Žižek's early years as a thinker and political figure in Slovenian civil society, Bar-El traces Žižek's rise from Marxist philosopher to political candidate to eventual intellectual celebrity, as Žižek perfected his unique performative style and a rhetorical arsenal of "Hegelacanes." Following 9/11, Žižek's career as a global op-ed writer and TV commentator married his rhetoric with global events such as the war on terror, the financial crisis of 2008, and the Arab Spring of 2011. Yet, at the same time, this mainstream popularity, as well as a series of politically incorrect views, almost entirely estranged the Slovenian from the normal workings of academia. Ultimately, this account shows how Žižek has harnessed the power of the digital era in his own self-fashioning as a public intellectual.

Zizek's Politics Jodi Dean, 2012-12-06 A critical introduction to the political thought of one of the most important, original and enigmatic philosophers writing today. *Zizek's Politics* provides an original interpretation and defence of the Slovenian philosopher's radical critique of liberalism, democracy, and global capital.

Law and Philosophical Theory Thanos Zartaloudis, 2018-10-16 This important collection explores contemporary legal thought (and thought about the law more generally) in relation to its interdisciplinary critical engagement with philosophy, in particular continental philosophy. Over the last 25 years, many legal thinkers have increasingly and critically engaged with philosophical thought in ever explorative and innovative interdisciplinary ways. This book represents this rich and

continuously developing interdisciplinary tradition within legal thought and legal study more generally. Featuring both established and new voices, the volume explores a range of topics including: the relationship between law, philosophy and political theology; law and ecology; matter and legal technologies; contemporary governmentality; law's relationship to violence; the so-called anti-juradicalism of post-1968 French theory; the normativity of social images; and responses to a time of perpetual crisis management. The approaches represented in this volume pose both long-standing and new questions in a genuinely critical manner in relation to contemporary legal (and associated political, social, economic and ethical) thinking.

Why is that Art? Terry Barrett, 2017 Why is that art? Why is it in an art museum? Who says it's art? Why is it good? Why Is That Art?, Third Edition, introduces students to theories of art through the presentation of contemporary works that include abstract and representational painting, animated film, monumental sculpture, performance art, photographs, relational art, and video installations. Ideal for courses in aesthetics, art theory, art criticism, and the philosophy of art, this unique book provides students with a newfound appreciation for contemporary art, scholarship, and reasoned argumentation.

Tikkun, 2006

Dress Code Véronique Hyland, 2022-03-15 A New Yorker Magazine Best Book of 2022 * An Esquire Best Nonfiction Book of 2022 * A Town & Country Must-Read Book of 2022 * A Fashionista Summer Read "Smart, funny, and impressively thorough."—The Cut In the spirit of works by Jia Tolentino and Anne Helen Peterson, a smart and incisive essay collection centered on the fashion industry—its history, its importance, why we wear what we wear, and why it matters—from Elle Magazine's fashion features director. Why does fashion hold so much power over us? Most of us care about how we dress and how we present ourselves. Style offers clues about everything from class to which in-group we belong to. Bad Feminist for fashion, Dress Code takes aim at the institutions within the fashion industry while reminding us of the importance of dress and what it means for self-presentation. Everything—from societal changes to the progress (or lack thereof) of women's rights to the hidden motivations behind what we choose to wear to align ourselves with a particular social group—can be tracked through clothing. Veronique Hyland examines thought-provoking questions such as: Why has the "French girl" persisted as our most undying archetype? What does "dressing for yourself" really mean for a woman? How should a female politician dress? Will gender-differentiated fashion go forever out of style? How has social media affected and warped our sense of self-presentation, and how are we styling ourselves expressly for it? Not everyone participates in painting, literature, or film. But there is no "opting out" of fashion. And yet, fashion is still seen as superficial and trivial, and only the finest of couture is considered as art. Hyland argues that fashion is a key that unlocks questions of power, sexuality, and class, taps into history, and sends signals to the world around us. Clothes means something—even if you're "just" wearing jeans and a T-shirt.

Tank,

Qualified Hope Mitchum Huehls,2009 What is the political value of time, and where does that value reside? Should politics place its hope in future possibility, or does that simply defer action in the present? Can the present ground a vision of change, or is it too circumscribed by the status quo? In *Qualified Hope: A Postmodern Politics of Time*, Mitchum Huehls contends that conventional treatments of time's relationship to politics are limited by a focus on real-world experiences of time. By contrast, the innovative literary forms developed by authors in direct response to political events such as the Cold War, globalization, the emergence of identity politics, and 9/11 offer readers uniquely literary experiences of time. And it is in these literary experiences of time that *Qualified Hope* identifies more complicated--and thus more productive--ways to think about the time-politics relationship. *Qualified Hope* challenges the conventional characterization of postmodernism as a period in which authors reject time in favor of space as the primary category for organizing experience and knowledge. And by identifying a common commitment to time at the heart of postmodern literature, Huehls suggests that the period-defining divide between multiculturalism and theory is not as stark as previously thought.

Cabinet ,2002

N ,2006

Introducing Slavoj Zizek Christopher Kul-Want,2014-06-05 Charting his meteoric rise in popularity, Christopher Kul-Want and Piero explore Zizek's timely analyses of today's global crises concerning ecology, mounting poverty, war, civil unrest and revolution. Covering topics from philosophy and ethics, politics and ideology, religion and art, to literature, cinema, corporate marketing, quantum physics and virtual reality, *Introducing Slavoj Zizek* deftly explains Zizek's virtuoso ability to transform apparently outworn ideologies - Communism, Marxism and psychoanalysis - into a new theory of freedom and enjoyment.

N+1 ,2004

Zizek Sarah Kay,2003

First as Tragedy, Then as Farce Slavoj Zizek,2009-10-05 Billions of dollars were hastily poured into the global banking system in a frantic attempt at financial stabilisation. So why has it not been possible to bring the same forces to bear in addressing world poverty and environmental crisis? In this take-no-prisoners analysis, Slavoj Zizek frames the moral failures of the modern world in terms of the epoch-making events of the first decade of this century. What he finds is the old one-two punch of history: the jab of tragedy, the right hook of farce. In the attacks of 9/11 and the global credit crunch, liberalism dies twice: as a political doctrine and as an economic theory. The election of Donald Trump only confirms the bankruptcy of a liberal order on its last legs. *First as Tragedy, Then as Farce* is a call for the left to reinvent itself in the light of our desperate historical situation. The time for liberal, moralistic blackmail is over.

Slavoj Zizek Tony Myers,2004-06-02 Slavoj Zizek is no ordinary philosopher. Approaching critical theory and

psychoanalysis in a recklessly entertaining fashion, Žižek's critical eye alights upon a bewildering and exhilarating range of subjects, from the political apathy of contemporary life, to a joke about the man who thinks he's a chicken, from the ethereal heroism of Keanu Reeves in *Speed*, to what toilet designs reveal about the national psyche. Tony Myers provides a clear and engaging guide to Žižek's key ideas, explaining the main influences on Žižek's thought (most crucially his engagement with Lacanian psychoanalysis) using examples drawn from popular culture and everyday life. Myers outlines the key issues that Žižek's work has tackled, including: What is a Subject and why is it so important? The Imaginary, the Symbolic and the Real. What is so terrible about Postmodernity? How can we distinguish reality from ideology? What is the relationship between men and women? Why is Racism always a fantasy? Slavoj Žižek is essential reading for anyone wanting to understand the thought of the critic whom Terry Eagleton has described as the most formidably brilliant exponent of psychoanalysis, indeed of cultural theory in general, to have emerged in Europe for some decades.

The Ticklish Subject Slavoj Žižek, 2000-05-05 Slavoj Žižek, the maverick philosopher, author of over 30 books, acclaimed as the Elvis of cultural theory, and today's most controversial public intellectual. His work traverses the fields of philosophy, psychoanalysis, theology, history and political theory, taking in film, popular culture, literature and jokes-all to provide acute analyses of the complexities of contemporary ideology as well as a serious and sophisticated philosophy. His recent films *The Pervert's Guide to the Cinema* and *Žižek!* reveal a theorist at the peak of his powers and a skilled communicator. Now Verso is making his classic titles, each of which stand as a core of his ever-expanding life's work, available as new editions. Each is beautifully re-packaged, including new introductions from Žižek himself. Simply put, they are the essential texts for understanding Žižek's thought and thus cornerstones of contemporary philosophy. *The Ticklish Subject: The Absent Centre of Political Ontology*: A specter is haunting Western thought, the specter of the Cartesian subject. In this book Slavoj Žižek unearths a subversive core to this elusive specter, and finds within it the indispensable philosophical point of reference for any genuinely emancipatory project.

Slavoj Žižek Matthew Sharpe, 2017-05-15 Slavoj Žižek has emerged as the pre-eminent European cultural theorist of the last decade and has been described as the ultimate Marxist/Lacanian cultural studies scholar. His large and growing body of work has generated considerable controversy, yet his texts are not structured as standard academic tomes. In *Slavoj Žižek: A Little Piece of the Real*, Matthew Sharpe undertakes the difficult task of drawing out an evolving argument from all of Žižek's texts from 1989 to 2001, and reads them as the bearers of a single theoretical project, providing an authoritative, reliable, clearly written and well-structured account of Žižek's demanding body of work. From an exposition of Žižek's social and philosophical critical theory the book moves to a critical analysis of Žižek's theoretical project and its political implications. Sharpe concludes by suggesting that Žižek's work, however, raises as many questions as it answers; questions both about Žižek's theoretical system and to the wider new Left in today's world.

Zizek and Politics Matthew Sharpe, 2010-03-14 In *Zizek and Politics*, Geoff Boucher and Matthew Sharpe go beyond standard introductions to spell out a new approach to reading Zizek, one that can be highly critical as well as deeply appreciative. They show that Zizek has a raft of fundamental positions that enable his theoretical positions to be put to work on practical problems. Explaining these positions with clear examples, they outline why Zizek's confrontation with thinkers such as Derrida, Foucault and Deleuze has so radically changed how we think about society. They then go on to track Zizek's own intellectual development during the last twenty years, as he has grappled with theoretical problems and the political climate of the War on Terror. This book is a major addition to the literature on Zizek and a crucial critical introduction to his thought.

The Year of Dreaming Dangerously Slavoj Zizek, 2012-10-09 Call it the year of dreaming dangerously: 2011 caught the world off guard with a series of shattering events. While protesters in New York, Cairo, London, and Athens took to the streets in pursuit of emancipation, obscure destructive fantasies inspired the world's racist populists in places as far apart as Hungary and Arizona, achieving a horrific consummation in the actions of mass murderer Anders Breivik. The subterranean work of dissatisfaction continues. Rage is building, and a new wave of revolts and disturbances will follow. Why? Because the events of 2011 augur a new political reality. These are limited, distorted—sometimes even perverted—fragments of a utopian future lying dormant in the present

Decoding **Zizek Abercrombie And Fitch**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Zizek Abercrombie And Fitch**," a mesmerizing literary creation penned by a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
