The Element Encyclopedia of Birthdays combines astrology, psychology, numerology and tarot for practical advice on how to make the best of yourself and shape your future.

Birthday book, 1994

Birthday Book ,1999

The Ultimate Birthday Book Clare Gibson,2005 Explains the meanings associated with every birth date of the year by providing insights from astrological and sacred traditions through the ages.

Ogilvie's Astrological Birthday Book Leo Bernart,2017-11-22 Excerpt from Ogilvie's Astrological Birthday Book: Is Your Birthday to-Day? Your birthday is the most important day in your life for unless you had been born, you certainly would not be here at all! And yet how few people realize the importance and significance of that event! Out Of all eternity, how came it about that you were born just when you were? Why should that moment of time be set apart for your birth more than any other? Wise men who have thought on this question say that this cannot be due to mere chance; there must be some reason, some law, at work. They set about ascertaining this law - which relates to the time of birth - and discovered it in the science of Astrology. Every one is born under slightly different influences and circumstances; so no two people are exactly alike. NO matter whether they are members of the same family, they may be strikingly dissimilar, and outsiders would not recognize them as brothers and sisters. This, says Astrology, is because the aspects of the heavens - the influences brought to bear upon the infant at the moment of birth - are so different. Astrology was believed in by many of the wisest men in history. To test the claims of astrology, it is only necessary to have a personal reading made of the life. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
