

Oxford History Of The United States Series

Yijin Wang

The Republic for Which It Stands Richard White, 2019-09 The Oxford History of the United States is the most respected multivolume history of the American nation. In the newest volume in the series, *The Republic for Which It Stands*, acclaimed historian Richard White offers a fresh and integrated interpretation of Reconstruction and the Gilded Age as the seedbed of modern America. At the end of the Civil War the leaders and citizens of the victorious North envisioned the country's future as a free-labor republic, with a homogenous citizenry, both black and white. The South and West were to be reconstructed in the image of the North. Thirty years later Americans occupied an unimagined world. The unity that the Civil War supposedly secured had proved ephemeral. The country was larger, richer, and more extensive, but also more diverse. Life spans were shorter, and physical well-being had diminished, due to disease and hazardous working conditions. Independent producers had become wage earners. The country was Catholic and Jewish as well as Protestant, and increasingly urban and industrial. The dangerous classes of the very rich and poor expanded, and deep differences -- ethnic, racial, religious, economic, and political -- divided society. The corruption that gave the Gilded Age its name was pervasive. These challenges also brought vigorous efforts to secure economic, moral, and cultural reforms. Real change -- technological, cultural, and political -- proliferated from below more than emerging from political leadership. Americans, mining their own traditions and borrowing ideas, produced creative possibilities for overcoming the crises that threatened their country. In a work as dramatic and colorful as the era it covers, White narrates the conflicts and paradoxes of these decades of disorienting change and mounting unrest, out of which emerged a modern nation whose characteristics resonate with the present day.

The Oxford History of the United States Samuel Eliot Morison, 1927

Empire of Liberty: A History of the Early Republic, 1789-1815 Gordon S. Wood, 2009-10-28 The Oxford History of the United States is by far the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, two New York Times bestsellers, and winners of the Bancroft and Parkman Prizes. Now, in the newest volume in the series, one of America's most esteemed historians, Gordon S. Wood, offers a brilliant account of the early American Republic, ranging from 1789 and the beginning of the national government to the end of the War of 1812. As Wood reveals, the period was marked by tumultuous change in all aspects of American life--in politics, society, economy, and culture. The men who founded the new government had high hopes for the future, but few of their hopes and dreams worked out quite as they

expected. They hated political parties but parties nonetheless emerged. Some wanted the United States to become a great fiscal-military state like those of Britain and France; others wanted the country to remain a rural agricultural state very different from the European states. Instead, by 1815 the United States became something neither group anticipated. Many leaders expected American culture to flourish and surpass that of Europe; instead it became popularized and vulgarized. The leaders also hope to see the end of slavery; instead, despite the release of many slaves and the end of slavery in the North, slavery was stronger in 1815 than it had been in 1789. Many wanted to avoid entanglements with Europe, but instead the country became involved in Europe's wars and ended up waging another war with the former mother country. Still, with a new generation emerging by 1815, most Americans were confident and optimistic about the future of their country. Named a New York Times Notable Book, *Empire of Liberty* offers a marvelous account of this pivotal era when America took its first unsteady steps as a new and rapidly expanding nation.

Cambridge International AS Level History: US History to 1877 Nicholas Fellows, Mike Wells, 2025-08-07 We are working towards endorsement of this title for the Cambridge Pathway to support the full syllabus for examination from 2027. Develop knowledge and analytical skills with engaging, comprehensive coverage of the Cambridge International AS Level US History to 1877 syllabus (8101) for examination from 2027. - Trust in the high-quality, in-depth narrative, which places an increased focus on social and economic history to ensure learners study a diverse range of American voices and perspectives. The analysis is written by experienced authors and reviewed by US-based academic historians. - Develop source skills and understanding from a wide range of sources and accompanying source-based questions and activities. - Revisit and consolidate knowledge and understanding with summary diagrams for each key question, chapter summaries and refresher questions. - Deepen understanding through key terms, debates and profiles. - Reinforce understanding for all learners with a clear layout, accessible language, and ESL-friendly terms. - Build confidence with applying your knowledge with end of chapter Study Skills sections that provide assessment guidance and practice. Sample pages coming soon.

Grand Expectations James T. Patterson, 1996-04-18 James T. Patterson skilfully weaves together political, social, cultural, and economic history to present a fascinating survey of postwar America.

Army, 1983

What Hath God Wrought: The Transformation of America, 1815-1848 Daniel Walker Howe, 2007-10-29 The Oxford History of the United States is by far the most respected multi-volume history of our nation. In this Pulitzer prize-winning, critically acclaimed addition to the series, historian Daniel Walker Howe illuminates the period from the battle of New Orleans to the end of the Mexican-American War, an era when the United States expanded to the Pacific and won control over the richest part of the North American continent. A panoramic narrative, *What Hath God Wrought* portrays

revolutionary improvements in transportation and communications that accelerated the extension of the American empire. Railroads, canals, newspapers, and the telegraph dramatically lowered travel times and spurred the spread of information. These innovations prompted the emergence of mass political parties and stimulated America's economic development from an overwhelmingly rural country to a diversified economy in which commerce and industry took their place alongside agriculture. In his story, the author weaves together political and military events with social, economic, and cultural history. Howe examines the rise of Andrew Jackson and his Democratic party, but contends that John Quincy Adams and other Whigs--advocates of public education and economic integration, defenders of the rights of Indians, women, and African-Americans--were the true prophets of America's future. In addition, Howe reveals the power of religion to shape many aspects of American life during this period, including slavery and antislavery, women's rights and other reform movements, politics, education, and literature. Howe's story of American expansion culminates in the bitterly controversial but brilliantly executed war waged against Mexico to gain California and Texas for the United States. Winner of the New-York Historical Society American History Book Prize Finalist, 2007 National Book Critics Circle Award for Nonfiction The Oxford History of the United States The Oxford History of the United States is the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, a New York Times bestseller, and winners of the Bancroft and Parkman Prizes. The Atlantic Monthly has praised it as the most distinguished series in American historical scholarship, a series that synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book. Conceived under the general editorship of C. Vann Woodward and Richard Hofstadter, and now under the editorship of David M. Kennedy, this renowned series blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative.

Freedom from Fear: The American People in Depression and War, 1929-1945 David M. Kennedy,1999-05-06 Between 1929 and 1945, two great travails were visited upon the American people: the Great Depression and World War II. This book tells the story of how Americans endured, and eventually prevailed, in the face of those unprecedented calamities. The Depression was both a disaster and an opportunity. As David Kennedy vividly demonstrates, the economic crisis of the 1930s was far more than a simple reaction to the alleged excesses of the 1920s. For more than a century before 1929, America's

unbridled industrial revolution had gyrated through repeated boom and bust cycles, wastefully consuming capital and inflicting untold misery on city and countryside alike. *Freedom From Fear* explores how the nation agonized over its role in World War II, how it fought the war, why the United States won, and why the consequences of victory were sometimes sweet, sometimes ironic. In a compelling narrative, Kennedy analyzes the determinants of American strategy, the painful choices faced by commanders and statesmen, and the agonies inflicted on the millions of ordinary Americans who were compelled to swallow their fears and face battle as best they could. Both comprehensive and colorful, this account of the most convulsive period in American history, excepting only the Civil War, reveals a period that formed the crucible in which modern America was formed. The Oxford History of the United States The Atlantic Monthly has praised The Oxford History of the United States as the most distinguished series in American historical scholarship, a series that synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book. Who touches these books touches a profession. Conceived under the general editorship of one of the leading American historians of our time, C. Vann Woodward, The Oxford History of the United States blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative. Previous volumes are Robert Middlekauff's *The Glorious Cause: The American Revolution*; James M. McPherson's *Battle Cry of Freedom: The Civil War Era* (which won a Pulitzer Prize and was a New York Times Best Seller); and James T. Patterson's *Grand Expectations: The United States 1945-1974* (which won a Bancroft Prize).

The Nation ,1902

The Atlantic Monthly ,1928

The Publishers Weekly ,1928

Reinventing Richard Nixon Daniel E. Frick,2008 Examining Nixon's autobiographies and political memorabilia, Frick offers far-reaching perceptions not only of the man but of Nixon's version of himself - contrasted with those who would interpret him differently. He cites reinventions of Nixon from the late 1980s, particularly the museum at the Richard Nixon Library and Birthplace, to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques. And he recounts how celebrants at Nixon's state funeral, at which Bob Dole's eulogy depicted a God-fearing American hero, attempted to bury the sources of our divisions over him, rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president. With dozens of illustrations - Nixon posing with Elvis (the National Archives' most requested photo), Nixonian cultural artifacts, classic editorial cartoons - no other book collects in one place such varied images of Nixon from so many diverse media. These reinforce Frick's probing analysis to help us understand why we disagree about Nixon - and why it matters how we resolve our disagreements.--BOOK JACKET.

The book delves into Oxford History Of The United States Series. Oxford History Of The United States Series is a crucial topic that needs to be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Oxford History Of The United States Series, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Oxford History Of The United States Series
 - Chapter 2: Essential Elements of Oxford History Of The United States Series
 - Chapter 3: Oxford History Of The United States Series in Everyday Life
 - Chapter 4: Oxford History Of The United States Series in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Oxford History Of The United States Series. The first chapter will explore what Oxford History Of The United States Series is, why Oxford History Of The United States Series is vital, and how to effectively learn about Oxford History Of The United States Series.
 3. In chapter 2, this book will delve into the foundational concepts of Oxford History Of The United States Series. This chapter will elucidate the essential principles that must be understood to grasp Oxford History Of The United States Series in its entirety.
 4. In chapter 3, this book will examine the practical applications of Oxford History Of The United States Series in daily life. This chapter will showcase real-world examples of how Oxford History Of The United States Series can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Oxford History Of The United States Series in specific contexts. This chapter will explore how Oxford History Of The United States Series is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Oxford History Of The United States Series. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Oxford History Of The United States Series.

Oxford History Of The United States Series Introduction

In the digital age, access to information has become easier than ever before. The ability to download Oxford History Of The United States Series has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Oxford History Of The United States Series has opened up a world of possibilities. Downloading Oxford History Of The United States Series provides numerous advantages over

physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Oxford History Of The United States Series has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Oxford History Of The United States Series. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many

authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Oxford History Of The United States Series. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Oxford History Of The United States Series, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software

installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Oxford History Of The United States Series has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Oxford History Of The United States Series Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user

reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Oxford History Of The United States Series is one of the best book in our library for free trial. We provide copy of Oxford History Of The United States Series in digital format, so the resources that you find are reliable. There are also

many Ebooks of related with Oxford History Of The United States Series. Where to download Oxford History Of The United States Series online for free? Are you looking for Oxford History Of The United States Series PDF? This is definitely going to save you time and cash in something you should think about.
