

Problemas De Linguistica General Benveniste

Noemi Giuliani

Problemas de lingüística general Émile Benveniste, 1979 El profesor Benveniste ha estado siempre atento a las tendencias e interpretaciones de la lingüística general y en numerosos artículos las ha sometido a juicios certeros, unas veces ahondando en sus orígenes, otras precisando su validez o examinando su terminología. El hecho de ser, además, el máximo indoeuropeísta de nuestro tiempo, le permite llevar adelante esta labor sobre un fundamento de rara firmeza.

Problemas de lingüística general (1) Émile Benveniste, 2024-03 Este libro, ya clásico, es el resultado de una selección de los ensayos menos técnicos de Émile Benveniste, referidos especialmente a sus propuestas más importantes acerca de los más diversos rumbos de la lingüística. En esta obra de consulta para distintas generaciones, sus aportes no se limitan a la presentación de una visión histórica del lenguaje o a un resumen del abordaje de Ferdinand de Saussure, sino que revisa además conceptos como el de “estructura” y los niveles del análisis lingüístico, cuestiona ciertas pretensiones de la “filosofía del lenguaje”, indaga hasta dónde puede hablarse de “lenguaje” en los animales, rastrea el origen de algunas palabras omnipresentes hoy día, aborda las incursiones lingüísticas de Sigmund Freud; entre una larga lista de temas en los que Benveniste hace gala de erudición, sobriedad y rigurosa claridad.

Problemas de lingüística general Émile Benveniste, 1971

Reseña crítica de "Problemas de lingüística general", de Benveniste, Émile Equipo Académico, 2009

Reseña crítica de "Problemas de lingüística general" de Benveniste, Émile, 2011

Racionalidad, 2000-01-01

Problemas de lingüística general I Émile Benveniste, 1971 Volumen 1: El extraordinario auge de la lingüística en las últimas décadas es un fenómeno afortunado que merece la mayor atención. No sólo se multiplica el caudal de datos disponible, continuando los esfuerzos fundadores del siglo pasado, sino que la agudeza de los análisis y re interpretaciones y la magnitud de las visiones sintéticas han dilatado el ámbito de la lingüística hasta ponerlo en contacto fecundo con otras disciplinas. El profesor Benveniste ha estado siempre atento a las tendencias e interpretaciones de la la lingüística general y en numerosos artículos las ha sometido a juicios certeros. La presente obra recoge una selección de trabajos en los más diversos rumbos de la lingüística, y al lado de libros más sistemáticos ayudará a adquirir idea justa del estado actual de esta ciencia. Ya se trate de resumir el logro clásico de F. de Saussure, de indagar hasta dónde puede hablarse de lenguaje en los

animales, de interpretar la forma verbal del perfecto, de seguir el rastro a la palabra civilización, de examinar las pretensiones de alguna filosofía del lenguaje o de desmenuzar una incursión freudiana por el campo de la lengua, el profesor Benveniste luce una erudición, una sobriedad y una claridad rigurosa que cualquier lector serio puede disfrutar y a las que la lingüística actual debe mucho, hoy que ha llegado a ser la más madura de las llamadas ciencias del hombre.

Introducción a las teorías lingüísticas del siglo XX José María Gil, 2001

Estructuralismo y ciencias humanas José Luis Pardo, 2001-08-31 Análisis de una de las corrientes que más ha influido en la configuración metodológica de las ciencias humanas del siglo XX a través del pensamiento de sus principales representantes, tanto en lo tocante al estructuralismo en sentido estricto como al llamado “estructuralismo semiológico”.

Problemas de lingüística general Emile Benveniste, 1991

La historia audiovisual Paolo Bertetti, 2017-02-22 El cine, la televisión y otros medios audiovisuales son el caballo de batalla de las grandes historias de nuestra contemporaneidad. Pero, ¿cómo hace una película, una obra de teatro, o incluso un anuncio comercial para contar sus historias? ¿Cómo nos fascina, nos entusiasma, transmitir valores y visiones del mundo? Y, más en general, ¿cuáles son los mecanismos de la narrativa y las características específicas del relato audiovisual? A través de una relectura clara, pero también problemática, de las teorías semióticas y contribuciones metodológicas que vienen de la narratología y la semiótica del texto, el autor identifica una serie de instrumentos útiles para entender e investigar los mecanismos de la sensación de imágenes en movimiento. Por otro lado, quiere reiterar la necesidad de retomar y profundizar en una serie de cuestiones teóricas quizás demasiado superficialmente dejadas al margen, en un momento en que la evolución del sistema de medios y formas recientes de contar historias inter y transmedia requieren volver a discutir las categorías establecidas e imponen nuevas reflexiones.

Problemas de lingüística general Émile Benveniste, 1989

Diccionario de teoría crítica y estudios culturales Michael Payne, 2002 Este diccionario provee una referencia exhaustiva y accesible sobre las ideas modernas en el amplio campo interdisciplinario de la teoría crítica y cultural, desarrollado a partir de las interacciones entre las tradiciones del pensamiento lingüístico, literario, antropológico, filosófico, político e histórico. Su núcleo interdisciplinario es la teoría contemporánea, que refleja la notable ruptura durante los últimos veinte años de muchas de las barreras tradicionales que alguna vez separaron las disciplinas dentro y entre las humanidades y las ciencias sociales. El estructuralismo, el postestructuralismo, la fenomenología, el feminismo, la hermenéutica, el psicoanálisis, el marxismo y el formalismo han ejercido particular influencia; tienen, pues, un lugar destacado en las entradas de este diccionario. También se incluyen las obras de esos campos publicadas antes del siglo XX, cuando forman un contexto importante para comprender el pensamiento posterior. El actual discurso intelectual en humanidades suele ser desordenado, difícil y dinámico. No solo abarca a los mayores autores, artistas y pensadores del pasado, sino también la radio, el cine, los

blues, el rap y el comic; atraviesa los límites que alguna vez siempre con incertidumbres separaron lo creativo de lo crítico; es comprometido de un modo que hasta podría haber incomodado a Sartre, dada su infatigable preocupación por los excluidos y marginados; es autocrítico y consciente de sí al punto de que su lenguaje puede parecer a veces demasiado difícil, tortuoso u oscuro. La obra que aquí se presenta refleja en parte el desordenado dinamismo del discurso actual sobre la condición humana a fines del siglo XX; sin embargo, intenta ser útil haciendo inteligible ese discurso para un público más amplio, sin intentar aquietar

Últimas lecciones Émile Benveniste, 2014

Clases y categorías en la semántica del español y sus interfaces Dolores García Padrón, Héctor Hernández Arocha, Carsten Sinner, 2019-07-08 This collection of essays discusses the linguistic categorization of semantic aspects in Spanish and their interrelations with lexicology, morphology, and syntax. From a number of different perspectives, the essays study phenomena such as lexicalization, grammaticalization, lexical and grammatical classes, compositionality, argument structure, lexical aspects, and the categories of language and reality.

Bibliografía de lingüística general y española, 1964-1990 Valerio Báez San José, 1995

Political Discourse as Dialogue Adriana Bolívar, 2017-10-16 We are witnessing the collapse of democracies in many parts of the world and a general tendency to the resurgence of right-wing and left-wing populisms led by authoritarian leaders. This book centres on the political dialogue in one of these democracies. The focus is on Venezuela, the rich Latin American oil producing country, and its transformation from a stable democracy to a very unstable and controversial revolution in which the dialogue has been occupied by only one party for 18 years. The central characters of the book are Hugo Chávez, who remained in power for 14 years as the main speaker and controller, and the people who either followed or opposed him in Venezuela and other countries. Contrary to critical analyses which are mainly based on social representations that conceive dialogue as implicit or normative, this book proposes a dialogue-centred approach, which articulates linguistics, conversation analysis, socio-pragmatics and political science from a critical perspective, and offers the theoretical foundations and procedures for analysing micro dialogues between specific persons and the macro social dialogue, which unveils the processes of domination and resistance to power. The book will be useful for scholars and students of linguistics, media, communication studies and political science wishing to learn more about dialogue in political interaction.

La terapéutica del lenguaje infantil Noemi Giuliani, 2022-08-19 El recorrido que nuestra práctica clínica fue teniendo en estos últimos años fue el producto de cuestionamientos que la misma clínica nos arrojaba. El poder escucharlos e intentar abrir las preguntas sobre aquello que no cerraba con una lineal explicación de alguno de sus aspectos, hizo posible esta construcción. Así, la clínica de los problemas en el lenguaje empezó a arrojar preguntas: ¿Por qué muchos niños con problemas en el lenguaje no pueden jugar? ¿Por qué algunos sonidos de la lengua no ingresan en el sistema que ya posee el

niño? ¿Por qué en algunos niños el lenguaje los roza, pero no los toma? Las preguntas fueron muchas, pero una aparece en el centro de la escena, permitiéndonos una conceptualización más abarcativa: ¿qué es el lenguaje? ¿Qué le pasa a un niño cuando no puede adquirir el lenguaje, quién es ese niño, qué concepción de niño poseemos para pensarlo en esta apropiación? La complejidad de la apropiación del lenguaje, nos coloca en todo momento en un doble anclaje: el lugar subjetivado desde donde se posibilitará un hablante, y las articulaciones de los subsistemas que coexisten en la lengua, de los que cada niño debe apropiarse. Tomar esta posición teórica nos lleva a intentar delinear en el marco de la interdisciplina, los bordes de la terapéutica del lenguaje, introduciéndonos en el difícil campo de la subjetividad y con él, en el de la enunciación, soportando el saber que en cada pieza lingüística que conocemos como implante de lo enunciativo, se juega lo lingüístico y lo subjetivo en forma absolutamente imbricada. Los síntomas tienen, con esta mirada, una significación que hace hiancia, que no se cierra, que se arma en ese momento, desterrando el sentido directo, la significancia cerrada. Eso que se produce tiene soporte en su existencia.
