Medical Malpractice Claims Investigation Nancy Acerbo-Kozuchowski, Nancy Acerbo-Avalone, Katherine Kremer, 1997 The book is designed as a primer for claims investigators, health care managers, QA/QI personnel, in-house counsel, paralegals, personal injury attorneys, and others whose duties include the investigation of actual and potential medical malpractice lawsuits. *Report Writing for Criminal Justice Professionals* Larry S. Miller, John T. Whitehead, 2014-10-13 The criminal justice process is dependent on accurate documentation. Criminal justice professionals can spend 50-75% of their time writing administrative and research reports. *Report Writing for Criminal Justice Professionals, Fifth Edition* provides practical guidance--with specific writing samples and guidelines--for providing strong reports. Much of the legal process depends on careful documentation and the crucial information that lies within, but most law enforcement, security, corrections, and probation and parole officers have not had adequate training in how to provide well-written, accurate, brief, and complete reports. *Report Writing for Criminal Justice Professionals* covers everything officers need to learn--from basic English grammar to the difficult but often-ignored problem of creating documentation that will hold up in court. This new edition is updated to include timely information, including extensive coverage of digital reporting, updates on legal issues and privacy rights, and expanded coverage of forensics and scientific reporting.
