Slavery in Medieval and Early Modern Iberia William D. Phillips, Jr., 2013-11-14 The enslaved population of medieval Iberia composed only a small percentage of the general populace at any given point, and slave labor was not essential to the regional economy during the period. Yet slaves were present in Iberia from the beginning of recorded history until the early modern era, and the regulations and norms for slavery and servitude shifted as time passed and kingdoms rose and fell. The Romans brought their imperially sanctioned forms of slavery to the Iberian peninsula, and these were adapted by successive Christian kingdoms during the Middle Ages. The Muslim conquest of Iberia introduced new ideas about slavery and effected an increase in slave trade. During the later Middle Ages and the early modern period, slave owners in Christian Spain and Portugal maintained slaves at home, frequently captives taken in wars and sea raids, and exported their slave systems to colonies across the Atlantic. *Slavery in Medieval and Early Modern Iberia* provides a magisterial survey of the many forms of bound labor in Iberia from ancient times to the decline of slavery in the eighteenth century. William D. Phillips, Jr., examines the pecuniary and legal terms of slavery from purchase to manumission. He pays particular attention to the conditions of life for the enslaved, which, in a religiously diverse society, differed greatly for Muslims and Christians as well as for men and women. This sweeping narrative will become the definitive account of slavery in a place and period that deeply influenced the forms of forced servitude that shaped the New World.

The Archaeology of Slavery in Early Medieval Northern Europe Felix Biermann, Marek Jankowiak, 2021-11-18 This volume is the first comprehensive study of the material imprint of slavery in early medieval Europe. While written sources attest to the ubiquity of slavery and slave trade in early medieval British Isles, Scandinavia and Slavic lands, it is still difficult to find material traces of this reality, other than the hundreds of thousands of Islamic coins paid in exchange for the northern European slaves. This volume offers the first structured reflection on how to bridge this gap. It reviews the types of material evidence that can be associated with the institution of slavery and the slave trade in early medieval northern Europe, from individual objects (such as e.g. shackles) to more comprehensive landscape approaches. The book is divided into four sections. The first presents the analytical tools developed in Africa and prehistoric Europe to identify and describe social phenomena associated with slavery and the slave trade. The following three sections review the three main cultural zones of early medieval northern Europe: the British Isles, Scandinavia, and Slavic central Europe. The contributions offer

methodological reflections on the concept of the archaeology of slavery. They emphasize that the material record, by its nature, admits multiple interpretations. More broadly, this book comes at a time when the history of slavery is being integrated into academic syllabi in most western countries. The collection of studies contributes to a more nuanced perspective on this important and controversial topic. This volume appeals to multiple audiences interested in comparative and global studies of slavery, and will constitute the point of reference for future debates.

Slavery in Early Mediaeval England David Anthony Edgell Pelteret, 2001 This important study seeks to assemble the evidence, drawn from a variety of sources in Old English and Latin, to convey a picture of slaves and slavery in England, viewed against the background of English society as a whole. At last a major topic in early medieval English history has found its author, who deals with it comprehensively and systematically. *ECONOMIC HISTORY REVIEW* A landmark treatment...immensely enriches the debate about early medieval working classes. *SPECULUM* Slaves were part of the fabric of English society throughout the Anglo-Saxon era and the twelfth century, but as the base of the social pyramid, they have left no known written records; there are, however, extensive references to them throughout the documents and writings of the period. This important study seeks to assemble the evidence, drawn from a variety of sources in Old English and Latin, to convey a picture of slaves and slavery in England, viewed against the background of English society as a whole. An extensive appendix on the vernacular terminology of slavery reveals the concepts of enslavement to be embedded in the religious imagery of the period. DAVID PELTERET is Senior Research Fellow, Department of History, King's College London.

Slavery and Serfdom in the Middle Ages Marc Bloch, 2023-11-10 Marc Bloch was one of the founders of social history, if by that is meant the history of social organization and relations to contrast to the more conventional histories of political elites and diplomatic relations. His great monographs in medieval history are well known, but his original articles have been difficult to obtain. The present collection of essays explores the dimensions of servitude in medieval Europe. The typical political relations of that era were those of feudalism--the hierarchical relations of juridically free men. The feudal superstructure was based on a foundation of unfree masses composed of people of differing degrees of servility. In these articles Marc Bloch focussed on the heterogeneous world of slaves and serfs, concentrating particularly on the causes for its growth in the Carolingian period and its decline in the thirteenth century. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Medieval Slavery and Liberation Pierre Dockès, 1982

Slaves and Warriors in Medieval Britain and Ireland, 800 -1200 David Wyatt, 2009-04-24 Modern sensibilities have clouded historical views of slavery, perhaps more so than any other medieval social institution. Anachronistic economic

rationales and notions about the progression of European civilisation have immeasurably distorted our view of slavery in the medieval context. As a result historians have focussed their efforts upon explaining the disappearance of this medieval institution rather than seeking to understand it. This book highlights the extreme cultural/social significance of slavery for the societies of medieval Britain and Ireland c. 800-1200. Concentrating upon the lifestyle, attitudes and motivations of the slave-holders and slave-raiders, it explores the violent activities and behavioural codes of Britain and Ireland's warrior-centred societies, illustrating the extreme significance of the institution of slavery for constructions of power, ethnic identity and gender.

Conversion, Circumcision, and Ritual Murder in Medieval Europe Paola Tartakoff, 2019-12-20 A investigation into the thirteenth-century Norwich circumcision case and its meaning for Christians and Jews In 1230, Jews in the English city of Norwich were accused of having seized and circumcised a five-year-old Christian boy named Edward because they wanted to make him a Jew. Contemporaneous accounts of the Norwich circumcision case, as it came to be called, recast this episode as an attempted ritual murder. Contextualizing and analyzing accounts of this event and others, with special attention to the roles of children, Paola Tartakoff sheds new light on medieval Christian views of circumcision. She shows that Christian characterizations of Jews as sinister agents of Christian apostasy belonged to the same constellation of anti-Jewish libels as the notorious charge of ritual murder. Drawing on a wide variety of Jewish and Christian sources, Tartakoff investigates the elusive backstory of the Norwich circumcision case and exposes the thirteenth-century resurgence of Christian concerns about formal Christian conversion to Judaism. In the process, she elucidates little-known cases of movement out of Christianity and into Judaism, as well as Christian anxieties about the instability of religious identity. *Conversion, Circumcision, and Ritual Murder in Medieval Europe* recovers the complexity of medieval Jewish-Christian conversion and reveals the links between religious conversion and mounting Jewish-Christian tensions. At the same time, Tartakoff does not lose sight of the mystery surrounding the events that spurred the Norwich circumcision case, and she concludes the book by offering a solution of her own: Christians and Jews, she posits, understood these events in fundamentally irreconcilable ways, illustrating the chasm that separated Christians and Jews in a world in which some Christians and Jews knew each other intimately.

Human Trafficking in Medieval Europe Christopher Paoletta, 2025-10-01 Human trafficking has become a global concern over the last twenty years, but its violence has terrorized and traumatized its victims and survivors for millennia. This study examines the deep history of human trafficking from Late Antiquity to the Early Modern Period. It traces the evolution of trafficking patterns: the growth and decline of trafficking routes, the everchanging relationships between traffickers and authorities, and it examines the underlying causes that lead to vulnerability and thus to exploitation. As the reader will discover, the conditions that lead to human trafficking in the modern world, such as poverty, attitudes of

entitlement, corruption, and violence, have a long and storied past. When we understand that past, we can better anticipate human trafficking's future, and then we are better able to fight it.

Jews and Crime in Medieval Europe Ephraim Shoham-Steiner,2020-11-10 The intended readership goes beyond scholars and students of medieval Jewish studies, medieval European history, and crime in pre-modern society.

From Slavery to Feudalism in South-Western Europe Pierre Bonnassie,2009-06-04 This book is first and foremost an extended examination and discussion of the enslavement of men and women by others of their society and in particular of the means and causes of the gradual end of slavery in early medieval Europe between 500 and 1200. Drawing upon a very wide range of primary and archival sources, Professor Bonnassie places fresh findings about subjection, servitude and lordship in relation to the prevailing understanding of social history which has developed since the work of Marc Bloch. The author explains how slavery long persisted in southern France and Spain, as part of a public order that also sheltered free peasants, giving way in the tenth and eleventh centuries to a new regime of harsh lordships that mark the beginnings of feudalism. He shows that feudalism in south-western Europe was no less significant than in northern European lands.

Slavery from Roman Times to the Early Transatlantic Trade William D. Phillips,1985

Slave trading in the Early Middle Ages Janel M. Fontaine,2025-02-18 This book examines slave trading in northern and eastern central Europe from the seventh century through the eleventh century, tracing its growth, climax, and decline. Demand from the Islamic world in the ninth and tenth centuries prompted changes in warfare, trade logistics, and administrative responses to slavery in the slaving zones centred on the British Isles and the Czech lands. This study establishes slave trading as a core driver of connectivity and presents a model for this practice in politically fragmented areas of Europe.

Slavery in Germanic Society During the Middle Ages Agnes Mathilde Wergeland,1916

The Work of Work Allen J. Frantzen,Douglas Moffat,1994 Essays on labour, servitude and slavery refocus attention on the mundane working world of the middle ages.

Slavery After Rome, 500-1100 Alice Rio,2017 What happened to slavery in Europe in the centuries following the fall of the Roman Empire? This work spans the whole of early medieval Western Europe and addresses issues of slave-taking and slave-trading; people who became slaves as a result of a debt or a crime; even people who chose to become slaves

SLAVERY AND SERFDOM IN THE MIDDLE AGES : A10378672 M. BLOCH,1975

The Cambridge World History of Slavery: Volume 2, AD 500-AD 1420 Craig Perry,David Eltis,Stanley L.

Engerman,David Richardson,2021-08-12 Medieval slavery has received little attention relative to slavery in ancient Greece and Rome and in the early modern Atlantic world. This imbalance in the scholarship has led many to assume that slavery was of minor importance in the Middle Ages. In fact, the practice of slavery continued unabated across the globe throughout the medieval millennium. This volume – the final volume in *The Cambridge World History of Slavery* – covers the period between the fall of Rome and the rise of the transatlantic plantation complexes by assembling twenty-three original essays, written by scholars acknowledged as leaders in their respective fields. The volume demonstrates the continual and central presence of slavery in societies worldwide between 500 CE and 1420 CE. The essays analyze key concepts in the history of slavery, including gender, trade, empire, state formation and diplomacy, labor, childhood, social status and mobility, cultural attitudes, spectrums of dependency and coercion, and life histories of enslaved people.

A Large-Scale Slave Society of the Early Middle Ages Carl I. Hammer,2017-09-08 This book is divided into three parts.

The first two chapters provide an introduction to the historical problem of early medieval slavery and a short history of Bavaria to provide background information. The next six chapters deal with a series of topics, which provide a complete historical overview of the institutions and conditions of slavery. This historical analysis is based upon an extensive collection of primary documents, each referenced in the text as it occurs in the discussion. These documents are then provided in English translation in the final three chapters of the volume.
