Sample Insights: 1) Stop waiting for things to happen. Take matters into your own hands and begin working on achieving your goals. Waiting is often a sign of lack of creativity and discipline. The same applies to your woman: she will not magically change one day, so start adapting to how she is. 2) Manifest your emotions and intelligence spontaneously when confronted with situations that may hurt or anger you. To do so, relax and open your body. Feel the situation with your whole body and connect with your and the other person's emotions. A closed body fails to react to such situations.

These thinkers founded or influenced the Confucian, Daoist, Mohist and Legalist schools of thought, and their ideas continue to guide China's thinking and behaviour today. He shows how these thinkers addressed the key question of how philosophical thinking can serve humanity and society.
