Graham Joseph Hill

Charism in the Church Constant Leke Ngolefac,2024-03-01 Charism is a hot contemporary issue. The growing interest in the charisms is one of the significant religious developments of our time. Opinions on charisms vary to a remarkable degree. Unfortunately, in some cases, diverse viewpoints have led to confusion among Christians. On the positive side though, this developing interest in charisms has contributed to spiritual renewal and stimulated biblical research in this most important area of the Church's life. The exponential growth of the Charismatic/Pentecostal Movement throughout the world and especially in Africa urged led to choice of this topic on charisms. In the Charismatic/Pentecostal Movements the issue of charisms is very vital and extremely important. It is at the centre of its spirituality and practice. This Movement has spread to almost all major Christian confessions/denominations and continues to attract many followers. This work is unique among the many studies written on the charisms. Even though the subject of charisms has received some scholarly attention, most have not delved into the role of the charisms in the Church from Pauline perspective as this study does. The following observations and reasons demonstrate that it is still meaningful and worthwhile to study charisms in Pauline letters.

Holding Up Half the Sky Graham Joseph Hill,2020-04-30 Women have played significant roles in ministry and leadership throughout the history of the church and the pages of the Bible. Today, women make up more than half the church, and do much of the mission, ministry, and discipleship in the life of the church. But women have often been held back from ministry roles. Graham Joseph Hill outlines the biblical vision for women in ministry and leadership. He offers a biblical

and passionate call for women to be released to teach, to lead, to preach, to serve, to pastor, and to minister in every area of the church. The Bible paints a radical vision of women, empowered and emboldened for full ministry participation in Christ's church. The biblical vision for women and for their role as teachers, witnesses, disciplers, and leaders transforms not only personal lives, but also the church and the world. This book offers a biblical case for women teaching and leading in the church. Hill then explores practical ways that we can empower and release more female leaders in the church, and ways that we can amplify the voices and honor the gifts of women in the way Jesus intended. Together women and men can revitalize the church and renew the world.

Junia Eldon Jay Epp, 2005 The name Junia appears in Romans 16:7, and Paul identifies her (along with Andronicus) as prominent among the apostles. In this important work, Epp investigates the mysterious disappearance of Junia from the traditions of the church. Because later theologians and scribes could not believe (or wanted to suppress) that Paul had numbered a woman among the earliest churches' apostles, Junia's name was changed in Romans to a masculine form. Despite the fact that the earliest churches met in homes and that other women were clearly leaders in the churches (e.g., Prisca and Lydia), calling Junia an apostle seemed too much for the tradition. Epp tracks how this happened in New Testament manuscripts, scribal traditions, and translations of the Bible. In this thoroughgoing study, Epp restores Junia to her rightful place.
