

Athlean X Week 2

Dean Killert

Forbidden Health Dean Killert, You may be reading this, because you are not quite satisfied with your health. You tried a couple of diets, did this or that exercise, listened to this or that doctor. Maybe you just want to improve your appearance and Looksmax. Maybe something chronic. Body Dysmorphia, get stronger, secrets to longevity and such. Whatever it is, you should know, that you have been screwed over all your life by fake fitness magazines, fake yoga enthusiasts, and just fake health gurus, trying to try to sell you the latest snake oil to perfect strength and vigour. They feed upon lies they are consciously or unconsciously telling people where only they profit from. And this goes deep. Very deep. You would think I'm crazy if I start unpacking the rabbit hole and the depth it goes down to. In reality our mind & bodies are a holistic system that needs to be taken care of in a much more nuanced and individual way for maximum potential. You probably know how difficult it can be to live free from negative emotions, such as stress, these days. And also how difficult it can get to be in the shape you really desire. Get rid of every chronic illness or to actually be able to physically attract the partner you always dreamed of. And so, as you are here and you keep reading, you probably just want to naturally get the ultimate guide to a stress-free & illness-free life with the mind + body you want to be in. Where nothing can bother you emotionally and where you feel really amazing physically & mentally. The Information in this Book come from studies, historical examples, personal experiences and various theories that have been completely ignored by the scientific & medical establishment. It's basically the the only lecture, you're gonna need to not only survive, but thrive. I researched this stuff for 7 years and I suffered myself from all kind of illnesses, ranging from depression, congested blood, even Osteoporosis. Not to mention the loneliness I felt for years, as I didn't knew about the science of attraction. Now I feel better then when I was 18. At least when it comes to recovering from workouts, as I would always get that pesky soreness all around my body. You can feel good, surely. But there is a difference between feeling good, and feeling amazing. Here is what we are gonna cover: Anatomy of the Human Animal Fat loss + Muscle Mass Dieting + Supplements (Low Carb/Carnivore) Attractiveness & Looksmaxxing (+getting taller at any age) Gut Health + Immune System Fitness + Longevity Stress Management + Anti Aging Mental Health + Anxiety Treatment Energy Level + Proper Brainfunction Confidence + Happiness Sexual Health (Nofap + Kegels) History & good Examples All in 150 Pages. If Mainstream advice on our most basic needs would work, there wouldn't be such a huge obesity rate in the west, but actually worldwide, tending to go upwards. I'm risking my own reputation by telling you all this stuff. Because some

people dont want you to know any of this. But I do, because someone has to get out the truth and improve the world. You can be the 1% that is more energetic, confident, in perfect shape, and even better looking then 99% of folks out there. If you know what you are doing. You might have a compromised facial structure that prevents you from properly nose breathing, or a semi-working immune system without you even registering it. Chances are, if you are not taking steps to improve your health, you will end up with chronic diseases like burnout, gut Issues, diabetes, a bad cardiovascular system, arthritis, cancer and more as time progresses. Not to mention you not even being able to look into the mirror, because of fat & dust that has gathered on your body. This Book could be gone any day. Price might rise up or the whole thing may just disappear. If you don't get the results you were aiming for, you'll get your money back.
