The Routledge International Handbook of Global Therapeutic Cultures Daniel Nehring, Ole Jacob Madsen, Edgar Cabanas, China Mills, Dylan Kerrigan, 2020-08-24 The Routledge International Handbook of Global Therapeutic Cultures explores central lines of enquiry and seminal scholarship on therapeutic cultures, popular psychology, and the happiness industry. Bringing together studies of therapeutic cultures from sociology, anthropology, psychology, education, politics, law, history, social work, cultural studies, development studies, and American Indian studies, it adopts a consciously global focus, combining studies of the psychologisation of social life from across the world. Thematically organised, it offers historical accounts of the growing prominence of therapeutic discourses and practices in everyday life, before moving to consider the construction of self-identity in the context of the diffusion of therapeutic discourses in connection with the global spread of capitalism. With attention to the ways in which emotional language has brought new problematisations of the dichotomy between the normal and the pathological, as well as significant transformations of key institutions, such as work, family, education, and religion, it examines emergent trends in therapeutic culture and explores the manner in which the advent of new therapeutic technologies, the political interest in happiness, and the radical privatisation and financialisation of social life converge to remake self-identities and modes of everyday experience. Finally, the volume features the work of scholars who have foregrounded the historical and contemporary implication of psychotherapeutic practices in processes of globalisation and colonial and postcolonial modes of social organisation. Presenting agenda-setting research to encourage interdisciplinary and international dialogue and foster the development of a distinctive new field of social research, The Routledge International Handbook of Global Therapeutic Cultures will appeal to scholars across the social sciences with interests in the advance of therapeutic discourses and practices in an increasingly psychologised society.

Credence Penelope Douglas, 2022-09-22 A Tiernan de Haas ya no le importa nada. Es la única hija de un productor de cine y su esposa estrella, creció rodeada de dinero y privilegios, pero sin amor. Sus padres la enviaron a internados desde que era una niña, ahora cree que es imposible librarse de la soledad y labrarse una vida propia. La sombra de la fama de sus padres la sigue a todas partes. Y cuando ellos fallecen de repente, se queda confundida entre lo que debería ser y lo que en realidad siente. Nada ha cambiado, siempre ha estado sola, después de todo. Jake Van der Berg, el hermanastro de su padre y su único pariente vivo, asume la tutela de Tiernan, a quien todavía le faltan dos meses para cumplir dieciocho años.

Enviada a vivir con él y sus dos hijos, Noah y Kaleb, en las montañas de Colorado, Tiernan pronto se da cuenta de que estos hombres ahora tienen el control de su destino. Entre lecciones de supervivencia en el bosque, lejos del resto del mundo, poco a poco encuentra un lugar al que pertenecer. Y un propósito. También se da cuenta de que las líneas parecen desdibujarse y las reglas se vuelven fáciles de romper cuando nadie más está mirando. Uno de ellos la tiene. El otro la quiere. Pero él... Él la hará suya para siempre. *Credence es una historia apta para lectores mayores de 18 años
