Writing for Emerging Sociologists Angelique Harris, Alia Tyner-Mullings, 2013-01-04 A writing guide designed for upper-level sociology undergraduate students and graduate students, this instructional text introduces students to the variety of writing projects that sociologists undertake, while also providing instruction on grammar and composition. It will provide students with practical knowledge concerning topics such as: peer reviewed journal manuscripts, book reviews, grant proposals, and field notes. What makes this book unique is that it offers useful advice and instruction for sociology college students whether they plan on entering the academy or the private, non-profit, or government sectors. Writing for Emerging Sociologists uses writing as a tool to help students learn not only about sociology as a field of study, but also the practice of sociology.

The Sociology Student's Guide to Writing Angelique Harris, Alia R. Tyner-Mullings, 2016-12-20 The Sociology Student's Guide to Writing, by Angelique Harris and Alia R. Tyner-Mullings, is a brief, economical reference work that gives practical advice about the writing tasks and issues that undergraduate students face in their first sociology courses. Along with more traditional topics, it incorporates valuable information about composing emails, writing for online forums, and using technology for information-gathering and note-taking. Used by itself or in combination with other texts, this book will increase the quality of student writing and enhance their knowledge of how sociologists communicate in writing.

Nietzsche and the Feminine Peter J. Burgard, 1994 In this innovative and wide-ranging volume, Peter Burgard has brought together new studies by outstanding scholars in philosophy, feminism, comparative literature, and German studies.

The Daughters of the Plaza de Mayo David Moshman, 2006 In the late 1970s some 30,000 Argentines, mostly young men and women thought to have leftist sympathies, were kidnapped and tortured to death by the military government, which denied what was happening. In response, the mothers of the disappeared came together and marched in Buenos Aires at the Plaza de Mayo, demanding week after week that their children be returned or accounted for. Democracy was finally restored,

with promises of truth and justice. As memory gave way to historical amnesia, however, and judicial processes to reconciliation, the Mothers of the Plaza de Mayo continued to march. Do not forget, they insisted, do not forgive. Sixty years later, a nonlocalizable electronic agent that calls itself the Daughters of the Plaza de Mayo emerges on the global Network. No one knows what the Daughters are or what they want. They tell horrifying stories from Argentina and elsewhere. They provide seemingly endless lists of victims' names. They invoke El Eternauta, a comic book character from a space beyond time, to press a moral perspective that demands the impossible. They are singular and plural, informative and obscure, irritating, threatening, unclassifiable, and relentless in the pursuit of their agenda, whatever that may be.
