Ernest Gruening

La independencia de México Alberto Morales Jiménez, 1960

Ensayos sobre la nueva historia política de América Latina, siglo XIX Guillermo Palacios, 2007 Esta obra es resultado del Coloquio Internacional Los caminos de la democracia en América latina, siglo XIX: revisión y balance de la nueva historia política. Los propósitos estaban centrados en analizar, tanto desde el punto de vista teórico como del metodológico y a partir de estudios de situaciones empíricas, la naturaleza de las nuevas tendencias historiográficas que crecieron y se consolidaron en las últimas décadas del siglo pasado al amparo de una renovación de los enfoques y de los temas de la historia política del subcontinente, anclados casi todos ellos en la revaloración de la historia de la cultura política y en ejercicios de amalgama entre la historia de la cultura y la historia política propiamente dichas.

Propriety and Permissiveness in Bourbon Mexico Juan Pedro Viqueira Alban, 1999-09-01 The eighteenth century in New Spain witnessed major changes: among these, one of the most significant was the adoption of French customs among the upper groups of society in response to the spreading ideas of the Enlightenment. In addition, New Spain's economy and culture were also changing radically. The spread of these French-inspired ideas and customs soon reached the rest of urban society. These new ideas, it has been assumed, brought a relaxation of social customs. But Viqueira Alban takes this assumption, and raises the question: Was it really a period of relaxation of social customs, in this age of 'growth without development?' He discovered that the movement of rural workers and their families to urban centers created a concern within the church and government hierarchy about the threat of disorder, leading to the need for new social restraints. By the end of the eighteenth century, New Spain was characterized by a very rich, agitated, and varied social life. This book explores the history of Mexico City in the eighteenth century, focusing on society, social classes, elite culture and popular culture. Propriety and Permissiveness examines how the elite culture in Mexico City attempted to create more space between

themselves and the masses. Their anxiety about their status encouraged laws and practices that enforced social space. Bullfighting, the theater, street diversions, and the game of pelota (called jai-alai in the United States today) are all examined as part of the culture of this period. This new text is ideal for colonial Latin American survey courses, courses on the history of Mexico and Latin American literature, and courses on the popular culture and social history of Latin America.

Mexico in the Age of Proposals, 1821-1853 William M. Fowler, 1998-11-19 This book is a study of the political development of the many factions that surfaced in Mexico from the achievement of independence in 1821 to General Antonio Lopez de Santa Anna's last government in 1853-55. Paying particular attention to the writings of the main thinkers of the period and the ways in which they inspired or were betrayed by their respective factions, this volume concentrates on the evolution of the different factions (traditionalists, moderates, radicals, and santanistas), who sustained their beliefs at one point or another. It follows a chronological approach and puts significant emphasis to the way the hopes of the 1820s degenerated into the despair of the 1840s, and how these in turn affected the evolution of the different factions' political proposals. Political proposals and ideologies were important in independent Mexico; it was an age of proposals. Various constitutional projects were proposed, discussed, attempted, or dismissed. This study offers a comprehensive analysis of how the generalized liberal principles of early republican Mexico became fractured into numerous conflicting political proposals and movements. In response to the ever-changing political landscape of the new nation, the emergent Mexican political class was prevented from achieving the ever-evasive constitutional order, unity, progress, and stability all dreamed of experiencing when General Agustin de Iturbide marched into Mexico City on September 27, 1821. Appendices with a glossary, chronologies, and description of major personalities are included.
