El valor de los cuidados. La supervisión Arnau Careta Plans, Neus Ballesteros Ventura, 2023-06-01 Frecuentemente nos preguntan, y nos preguntamos nosotros mismos, en qué consiste la supervisión de equipos profesionales. ¿Qué idea subyace en la práctica profesional que desarrollamos? ¿Cuáles son los pilares epistemológicos que sostienen la conceptualización y la pragmática? Las reflexiones que encontrarás en este libro nos direccionan hacia una búsqueda de la calidad en el qué, en el cómo y en el cuándo de la supervisión de equipos profesionales. Partiendo del análisis de los diferentes tipos de supervisión y su evolución, se presenta el modelo de supervisión desarrollado en los más de diez años de experiencia de Barcelona Espai de Supervisió en los ámbitos social, de la salud mental y de la educación; así como las técnicas y recursos que lo concretan. El contenido de esta obra pretende facilitar la confección y revisión de proyectos y prácticas de supervisión en diversas instituciones y marcos profesionales. Encontrarás orientaciones e ideas clave para iniciarte en este campo profesional y también para la reflexión en profundidad sobre la propia intervención. La supervisión de equipos profesionales se erige como recurso básico esencial para el cuidado, para la provención y la prevención de riesgos laborales en los contextos profesionales en los que se trabaja con personas. Los beneficios y sus evidencias se detallan para fundamentar y argumentar el valor de la supervisión como dispositivo de cuidado.
