**Langston Hughes: a Collection of Poems** Langston Hughes, 2017-11-14 The second book in the series of a collection of poems: Langston Hughes. The first book in this series features a collection of some of the finest works by Langston Hughes.

**The Short Stories** Langston Hughes, 2002 For the first time in many years, Langston Hughes's published collections of stories are now available in a single book. Included in this volume are: *Ways of White Folks*, originally published in 1934; *Laughing to Keep from Crying*, originally published in 1952; and additional stories from *Something in Common* and *Other Stories*, originally published in 1963; as well as previously uncollected stories. These fictions, carefully crafted in the language Hughes loved, manifest the many themes for which he is best known. We meet and come to know many characters--black and white, young and old, men and women; all as believable as our own families, friends, and acquaintances. Hughes's stories portray people as they actually are: a mixture of good, bad, and much in-between. In these short stories, as in the *Simple* stories, the reader enjoys Hughes's humor and irony. The stories show us his inclination to mock himself and his beloved people, as much as he ridicules the flaws of those who belittle his race. His genuine characters interact and realistically bring to life this era of America's past. By maintaining the form and format of the original story collections, this volume presents Hughes's stories as he wanted them to be read. This volume will be an invaluable addition to the library of anyone interested in African American literature generally and the fiction of Langston Hughes specifically.

This collection is curated and annotated by Arnold Rampersad and David Roessel, two leading poetry experts. It also features gallery-quality

art by Benny Andrews and a new foreword by Renée Watson, a Newbery Honor Award recipient and founder of the I, Too Arts Collective.

*Multicultural Literature and Response* Lynn Atkinson Smolen, Ruth A. Oswald Ph.D., 2010-12-22 This compelling book emphasizes the critical role of quality multicultural literature and reader response in today's schools and libraries. All students need access to books in which they can see themselves—not just their physical appearance, but their culture and language, as well. *Multicultural Literature and Response: Affirming Diverse Voices* was written to help teachers and librarians find and use the best multicultural books in the service of reading comprehension and more. Underscoring the necessity of selecting quality literature that authentically, sensitively, and accurately portrays different groups, the book defines multicultural literature and provides a strong argument for its importance in schools and libraries. Expert contributors guide users to multicultural authors and illustrators who portrays U.S. ethnic and cultural groups, and they suggest ways to integrate this literature with writing, fluency development, storytelling, and audiovisuals. Extensive lists of books and websites that feature multicultural literature, as well as of authors, illustrators, and publishers of multicultural literature, make it easy to include such works in programs across the curriculum.

**African Americans and the Pacific War, 1941-1945** Chris Dixon, 2018-09-20 In the patriotic aftermath of Pearl Harbor, African Americans demanded the right to play their part in the war against Japan. As they soon learned, however, the freedom for which the United States and its allies was fighting did not extend to African Americans. Focusing on African Americans' experiences across the Asia-Pacific theater during World War Two, this book examines the interplay between national identity, the racially segregated US military culture, and the possibilities of transnational racial advancement, as African Americans contemplated not just their own oppression but that of the colonized peoples of the Pacific region. In illuminating neglected aspects of African American history and of World War Two, this book deepens our understanding of the connections between the United States' role as an international power and the racial ideologies and practices that

characterized American life during the mid-twentieth century.

**Teaching Literature to Adolescents** Richard Beach, Deborah Appleman, Bob Fecho, Rob Simon, 2020-12-28 Now in its fourth edition, this popular textbook introduces prospective and practicing English teachers to current methods of teaching literature in middle and high school classrooms. This new edition broadens its focus to cover important topics such as critical race theory; perspectives on teaching fiction, nonfiction, and drama; the integration of digital literacy; and teacher research for ongoing learning and professional development. It underscores the value of providing students with a range of different critical approaches and tools for interpreting texts. It also addresses the need to organize literature instruction around topics and issues of interest to today's adolescents. By using authentic dilemmas and contemporary issues, the authors encourage preservice English teachers and their instructors to raise and explore inquiry-based questions that center on the teaching of a variety of literary texts, both classic and contemporary, traditional and digital. New to the Fourth Edition: Expanded attention to digital tools, multimodal learning, and teaching online New examples of teaching contemporary texts Expanded discussion and illustration of formative assessment Revised response activities for incorporating young adult literature into the literature curriculum Real-world examples of student work to illustrate how students respond to the suggested strategies Extended focus on infusing multicultural and diverse literature in the classroom Each chapter is organized around specific questions that preservice teachers consistently raise as they prepare to become English language arts teachers. The authors model critical inquiry throughout the text by offering authentic case narratives that raise important considerations of both theory and practice. A companion website, a favorite of English education instructors, <http://teachingliterature.pbworks.com>, provides resources and enrichment activities, inviting teachers to consider important issues in the context of their current or future classrooms.

**The Panther and the Lash** Langston Hughes, 2011-10-26 Hughes's last collection of poems commemorates the experience of Black Americans in a voice that no reader could fail to hear—the last testament of a great American writer who grappled fearlessly and artfully with the most compelling issues of his time. “Langston Hughes is a titanic figure in 20th-century American literature ... a powerful interpreter of the American experience.” —The Philadelphia Inquirer From the publication of his first book in 1926, Langston Hughes was America's acknowledged poet of color. Here, Hughes's voice—sometimes ironic, sometimes bitter, always powerful—is more pointed than ever before, as he explicitly addresses the racial politics of the sixties in such pieces as *Prime*, *Motto*, *Dream Deferred*, *Frederick Douglas: 1817-1895*, *Still Here*,

The Politics of Size Ragen Chastain, 2014-11-25 This book presents an unprecedented opportunity for people to hear from a simultaneously ostracized, ridiculed, and ignored group: fat Americans. Find out how the members of this very diverse group of people describe their actual lived experiences, quality of life, hopes and dreams, and demands. Our society is body-size obsessed. The result? An environment where fat people are consistently shunned and discussed disparagingly behind their backs. Although fat people typically bear the brunt of the institutionalized oppression around being oversized, pervasive closeminded attitudes about body size in America affect everyone of all sizes—from people who are shamed for being too thin to those whose lives revolve around the fear of becoming fat. This book talks about a topic that is important to all readers, regardless of their physical size, providing an anthology of first-person accounts of what it's like to be part of the fat-acceptance movement and on the front lines of activism in the war on obesity. *The Politics of Size: Perspectives from the Fat Acceptance Movement* supplies a frank discussion of the issues surrounding being fat and the associated health concerns—both physical and mental—and reframes the discussion about obesity from a medical issue to a social one. The essays serve to correct misinformation about obesity and fat people that is commonly accepted by the general public, such as the idea that fat and healthy are mutually exclusive. Subject matter covered includes fat-friendly workplace policies; fat dating experiences; and the intersections of being fat and also a person of color, a person with disabilities, a transgender person, or a member of another sub-group of society.

**Sol Plaatje's Mhudi** Sabata-mpho Mokahe, Brian Willan, 2021 Sol Plaatje's *Mhudi* is the first full-length novel in English to have been written by a black South African and is widely regarded as one of South Africa's most important literary works. Set in the 1830s, it tells the tale of Mhudi and Ra-Thaga, a romantic story set against a violent backdrop of war between Barolong and Matebele, complicated by the intrusions of Boer trekkers with whom the Barolong form an alliance. It is notable, among other things, for the way Plaatje uses the past to explore the roots of the oppression and injustice suffered by his people a century later, when the book was written--Page 4 of cover
