*Exploring Bullying And Gender Dysphoria Among Filipino Adolescent Gays and Lesbians* Josephine P. Manapsal, 2019-02-21 Research Paper (postgraduate) from the year 2018 in the subject Psychology - Social Psychology, , language: English, abstract: The present study determines the relationship of bullying experiences, and the self-perceived gender dysphoria of Filipino teenage gays and lesbians. They express a strong cross-sex identification, and oftentimes insist on living in discrimination, being trapped in the wrong body, thus, they make a major decision to undergo hormonal treatment or sex surgery. Failure to do is causing them distress, depression, and low self-esteem. There is no study that supports mild experience of bullying that may not lead them to experience gender dysphoria. The majority of teenage gays and lesbians are less bullied though there is a minimal difference, verbal bullying remains the most common type of bullying, followed by social bullying, physical bullying and attack on property. Averagely bullied are those who experience discrimination and violence in school; they are either frequently bullied or easily upset, but not both. On the other hand, highly bullied are the ones who experience loneliness and often have the lowest self-esteem because of violence experience in the school. They are the ones who frequently accept unwanted actions. There is a significant direct correlation between bullying experience and their self-perceived gender dysphoria. Since the majority of gays and lesbians are less bullied, the level of gender dysphoria is only mild. They are mildly disturbed with the incongruence of their mind-body connection. Gender dysphoria manifests among children, adolescents and adults. Gender dysphoria is usually accompanied by depressed mood, anxiety, and behaviour problems, all of which can considerably heighten the level of distress. When a gay or a lesbian experience a distressing bullying, the level of gender dysphoria is heightened, and they may opt to undergo cross hormonal treatment. Keywords: social bullying, gender, incongruence, LGBT, penectomy, vaginoplasty, mastectomy or phalloplasty

Killing Off the Lesbians Liz Millward, Janice G. Dodd, Irene Fubara-Manuel, 2017-06-09 So, the film or television lesbian character dies. It seems to happen frequently. But does it really? If so, is it something new? Surveying the fates of numerous characters over decades, this study shows that killing off the lesbian is not a new trend. It is a form of symbolic annihilation and it has had an impact in real life. When more women are working behind the scenes, what appears on-screen also becomes more diverse--yet unhappily the story lines don't necessarily change. From the Xenaverse to GLAAD to the Lexa Pledge, fans have demanded better. As fan fiction migrates from the computer screen to the printed page, authors reanimate the dead and insist on happy endings.

*Researching Lesbians' Lives and Experiences of Loneliness and Isolation* Jill Wilkens, 2014 Several studies suggest that lesbians and gay men suffer disproportionately from loneliness and isolation as they age. There is also evidence that group or network membership has positive benefits and may serve to reduce isolation and depression. Jill Wilkens' research explored

the issue of loneliness and isolation in older lesbians, using a preliminary focus group followed by in-depth interviews to elicit the subjective experience of loneliness and isolation of 10 older lesbians attending an over-55s lesbian, gay, bisexual and transgender (LGBT) social group at a centre located in an industrial city in West Yorkshire.

**Lurking Feminism** Jenni Dyman, 1996 *Lurking Feminism* explores Edith Wharton's legacy as a writer of supernatural fiction through her subversive use of the ghost story to express feminist concerns. Her stories protest the domination of patriarchal structures and language. Moreover, they probe the complexities facing both men and women in defining gender roles and experiencing sexuality, in overcoming power struggles in relationships, and in resolving internal conflicts between debilitating, but often safe, attitudes and behaviors, and the desire for growth.

**My Solo Exchange Diary Vol. 1** Nagata Kabi, 2018-06-05 This sequel to the viral sensation *My Lesbian Experience with Loneliness* was also named one of Amazon's best graphic novels for 2018!
