Tom Wolfe

Radical Chic and Mau-Mauing the Flak Catchers Tom Wolfe, 2010-04-01 Radical Chic and Mau-Mauing the Flak Catchers is classic Tom Wolfe, a funny, irreverent, and delicious (The Wall Street Journal) dissection of class and status by the master of New Journalism. The phrase 'radical chic' was coined by Tom Wolfe in 1970 when Leonard Bernstein gave a party for the Black Panthers at his duplex apartment on Park Avenue. That incongruous scene is re-created here in high fidelity as is another meeting ground between militant minorities and the liberal white establishment. Radical Chic provocatively explores the relationship between Black rage and White guilt. Mau-Mauing the Flak Catchers, set in San Francisco at the Office of Economic Opportunity, details the corruption and dysfunction of the anti-poverty programs run at that time. Wolfe uncovers how much of the program's money failed to reach its intended recipients. Instead, hustlers gamed the system, causing the OEO efforts to fail the impoverished communities.

Radical Chic & Mau-Mauing the Flak Catchers Tom Wolfe, 1971

Radical Chic Tom Wolfe, 2002 **RADICAL CHIC** is Tom Wolfe's hilarious dissection of the need among wealthy liberals in late '60s America to be seen to support the correct political causes - even if that meant giving champagne receptions for the feared Black Panther Party. **MAU-MAUING THE FLAK CATCHERS** takes a satirical look at how, during that period of cultural upheaval, minority groups from the ghettos refined the art of intimidating the white bureaucracy. In these essays, Wolfe's supercharged yet consummately controlled prose transports the reader back to the heady days of hippie revolution and Black Power. **THE PAINTED WORD** is Wolfe's insightful, flamboyant and supremely readable survey of Modern Art. Taking in Picasso, Pollock and Warhol, he describes the tense relationship between bohemian artists and their wealthy patrons, and concludes that modern art is Theory - the paintings and sculptures themselves are mere illustrations of the text. 'Tom Wolfe is a journalist who always manages to combine an encyclopedic store of inside knowledge with the obstinate detachment of a visitor from Mars, not to mention a brilliant style and incisive wit' San Francisco Chronicle

The Participant Christopher M. Kelty, 2020-01-21 Participation is everywhere today. It has been formalized, measured, standardized, scaled up, network-enabled, and sent around the world. Platforms, algorithms, and software offer to make participation easier, but new technologies have had the opposite effect. We find ourselves suspicious of how participation

extracts our data or monetizes our emotions, and the more procedural participation becomes, the more it seems to recede from our grasp. In this book, Christopher M. Kelty traces four stories of participation across the twentieth century, showing how they are part of a much longer-term problem in relation to the individual and collective experience of representative democracy. Kelty argues that in the last century or so, the power of participation has dwindled; over time, it has been formatted in ways that cramp and dwarf it, even as the drive to participate has spread to nearly every kind of human endeavor, all around the world. *The Participant* is a historical ethnography of the concept of participation, investigating how the concept has evolved into the form it takes today. It is a book that asks, "Why do we participate?" And sometimes, "Why do we refuse?"

The Purple Decades Tom Wolfe, 1982-10 This collection of Wolfe's essays, articles, and chapters from previous collections is filled with observations on U.S. popular culture in the 1960s and 1970s.

Jack Katz David Polizzi, 2020-06-24 This book is a timely re-introduction to the work and life of one of criminology's more respected theorists, Jack Katz, to the next generation of thinkers in this field. For nearly 40 years, his work has offered an alternative philosophical perspective to study crime and criminal behavior that is not defined by quantitative method or approach.

America's Half-blood Prince Steve Sailer, 2009-01-22 Steve Sailer gives us the real Barack Obama, who turns out to be very, very different - and much more interesting - than the bland healer/uniter image stitched together out of whole cloth this past six years by Obama's packager, David Axelrod. Making heavy use of Obama's own writings, which he admires for their literary artistry, Sailer gives the deepest insights I have yet seen into Obama's lifelong obsession with 'race and inheritance,' and rounds off his brilliant character portrait with speculations on how Obama's personality might play out in the Presidency.

Literary Selves James N. Stull, 1993-08-30 Departing from previous discussions of literary nonfiction in terms of its being literature or journalism, this new study treats literary nonfiction as autobiography, examining a large body of work in terms of autobiographical theory. The collected works of six very different prominent literary journalists--John McPhee, Joe McGinniss, Tom Wolfe, Joan Didion, Hunter S. Thompson, and Norman Mailer--are analyzed from literary, autobiographical, and cultural perspectives. Author James Stull explains how the complex, fully-rounded psychological and social self is crystalized in these works into a more encompassing statement of self-identification, which he calls a metaphor of self, a distinctive way an author presents a self and its world. Numerous other writers and critics are brought into the discussion, and the author provides an extensive reference bibliography.

Literary Journalism in the United States of America and Slovenia Sonja Merljak Zdovc, 2008 Slovenia is acquiring some

volume of literary journalism written by Slovene journalists and writers. Author Sonja Merljak Zdovc suggests that more Slovene writers should prefer literary journalism because nonfiction is based on truth, facts, and data and appeals more to readers interested in real world stories. The honest, precise, profound, and sophisticated voice of literary journalism is becoming increasingly good for newspaper circulation, as it reaches not just the mind but also the heart of the reader. Thus the world of Slovene journalism should also take a rapid turn towards the stylized literary journalism seen in the United States. There journalists and writers realize that through literary journalism they could perhaps end a general decline of traditional print media by restoring to readers stories that uncover the universal struggle of the human condition.--BOOK JACKET.
