Leaving on Top David Heenan,2012-11-15 *Leaving on Top: Graceful Exits for Leaders* explores what it means to move

on from a career with a class and a view for what's next. While most graceful exiters pursue a variety of interests throughout their professional lifetime, others are content to reach the top and then cling to it. Through this research, David Heenan has found that most leaders can be categorized into four exiting types: Timeless wonders: With their skills very much intact, these white-haired prodigies have no need to call it quits. Aging Despots: Reluctant to leave the spotlight, they are past their prime and should turn the reigns over to a new generation. Comeback Kids: Whether to return their enterprises to their former glory, or simply save themselves from boredom, these once-departed leaders have returned with a vengeance. Graceful Exiters: Quitting while ahead, they leave a sterling reputation as they move on. Heenan understands how to exit gracefully from his profession—he's done it several times. In *Leaving On Top*, he pairs wisdom derived from his experience with dozens of high-profile exits, both graceful and untimely. Heenan's examination includes ten exiting lessons from leaders of industry, such as: Know Thy Situation: Situations change, and the intuitive know when a great career has fizzled. Take Risks: Accept change as a natural part of your transition, push your comfort zone to confront new challenges. Keep Good Company: Build alliances to help plan your exit strategy, then stay connected. Keep Learning: Graceful exiters remain curious. They are intellectually interested, alert, and adaptable. Know When to Walk Away: Blind determination often backfires. Don't let professional success cloud your personal life.

Life Story of Mike Tyson Ayir Amrahs, 101-01-01 This book follows the full arc of Mike Tyson's life—not just the knockouts and controversies, but the hidden fears, personal battles, and hard-earned insights beneath the surface. From a bullied Brooklyn boy who found solace in pigeons to a global icon of power and later a symbol of collapse, Tyson's journey reflects the collision of trauma, talent, and transformation. Told in twelve vivid chapters, it captures both the roar of boxing rings and the quiet of personal reckoning—graveside tears, prison conversations, and late-night self-reflection. Rather than offering easy answers, the book poses enduring questions about identity, anger, resilience, and redemption. Through Tyson's flawed yet human path, readers are encouraged to see their own struggles more clearly. The voice is clear and direct, the story fast-paced yet thoughtful. This is not a book about boxing alone, but about what it means to rise, fall, and still find meaning in getting back up.

Coach: The Greatest Teachers in Sports and Their Lessons for Us All Justin Spizman, 2022-02-08 Every great sports coach is a life coach. This book identifies 168 outstanding coaches who have much to teach us about optimizing our performance, our character, and our lives. Coaches build winning teams and enable each athlete they mentor, guide, cajole, and nurture to achieve top performance. More than this, every great sports coach is first and last a life coach. Sportswriter Justin Spizman identifies and profiles 168 of the greatest coaches and managers of all time. They have much to teach us about optimizing our performance, our character, and our lives. *Coach: The Greatest Teachers in Sports and Their Lessons for Us All* profiles coaches in every significant sport, from football, basketball, baseball, and hockey to gymnastics, skating, rowing, rugby,

soccer, and more. From field to court, diamond, rink, and pitch, the big leagues to the Olympics, college, and high school, Coach delivers the most teachable moments and methods—for play, for competition, and for life. Rich in quotations, each profile ends with lessons for top performance on and off the field, in and beyond the arena. Justin Spizman tracks all the relevant stats—for every sport keeps score—but he seeks first and last to disclose the mind, the heart, and the force of character that drive each of the indispensable men and women behind the world's most envied and admired athletes. His profiles range from the likes of Cardinals manager Tony La Russa (already an MLB legend), to Aimee Boorman and Cecile Canqueteau-Landi (who both coached gymnastics phenom Simone Biles), Bill Belichick (the take-no-prisoners field general of the New England Patriots), Pat Summitt (who racked up 1,098 wins as coach of the University of Tennessee Lady Vols basketball team from 1974 to 2012), Marián Vajda (the coach behind tennis titan Novak Djokovic), and David Leadbetter (golf guru to champions Kathy Baker, Nick Faldo, and Michelle Wie).

Chasing Permanence Steven N. Adjei, 2025-11-18 The UK's High Streets are at a tipping point: 13,500 businesses close each year, mirroring trends in the US and parts of Europe. Nevertheless, some shining exceptions continue to thrive. This book explores these success stories and demonstrates how High Street businesses can prosper. While many reports cite external influences, this book focuses on how High Street businesses can drive their own lasting success. True Permanence may seem an unreachable ideal, yet this book outlines seven mindsets, five determinants, and four strategies necessary for a lasting, ethical, and sustainable business. Owners, managers, policymakers, researchers, entrepreneurs, and employees and customers of brick-and-mortar businesses will discover insights and models for a strategy that leverages community and fosters long-term success.

because you are someone who wants more. You are someone who do not settle for average. More about this book: We are what we repeatedly do. Excellence then is not an act but a habit - Aristotle What is the #1 delineating factor between the poor and rich, the successful and unsuccessful, the happy and unhappy people? Self-discipline. Think about it. When you're not disciplined about your work/job, you'll stack up work and eventually you'll be stressed out and burnt out. When you're not disciplined about your finance, you'll stack up unnecessary expenses and debt and eventually be financially stressed and burnt out. You get the idea. However, what's the deal with a 365 Days Self Discipline Quotes book? Do you agree that mindset is 80% and the strategies and mechanics are only 20% when it comes to achieving success? You know what I mean. People are always chasing the 20%, the fanciful stuffs, and thinking that ONE big idea is going to get them disciplined. It is however, all the daily reminders, influence and environment that gets people disciplined and committed every single day. I do not know what you are trying to achieve. Maybe it is your desired body, having that six packs you've always wanted. Maybe it is a breakthrough in your business, adding one more zero behind the annual income this year. It doesn't matter. What I know about you, though, is that you are someone who wants more. And that is pretty damn awesome. You want more money, more health, more happiness, more sex, more pleasure, more knowledge and more freedom... and there is absolutely nothing wrong with that. Life is about growing and expanding ourselves. We are either growing a little each day or dying a little each day. I give you my deepest respect for wanting to choose the uphill path, the path of growth and self-discipline. Act Now by Clicking the Buy Now With 1-Click Button at the Top of This Page Right Now!
