

Quotes Of Forgetting The Past

Hesiod

Scare Quotes from Shakespeare Martin Harries, 2000 This book argues that moments of allusion to the supernatural in Shakespeare are occasions where Karl Marx and John Maynard Keynes register the perseverance of haunted structures in modern culture. This reenchantment, at the heart of modernity and of literary and political works central to our understanding of modernity, is the focus of this book. The author shows that allusion to supernatural moments in Shakespeare (scare quotes) allows writers to both acknowledge and distance themselves from the supernatural phenomena that challenge their disenchanted understanding of the social world. He also uses these modern appropriations of Shakespeare as provocations to reread some of his works, notably Hamlet and Macbeth. Two pairs of linked chapters form the center of the book. One pair joins a reading of Marx, concentrating on The Eighteenth Brumaire, to Hamlet; the other links a reading of Keynes, focusing on The Economic Consequences of the Peace, to Macbeth. The chapters on Marx and Keynes trace some of the strange circuits of supernatural rhetoric in their work, Marx's use of ghosts and Keynes's fascination with witchcraft. The sequence linking Marx to Hamlet, for example, has as its anchor the Frankfurt School's concept of the phantasmagoria, the notion that it is in the most archaic that one encounters the figure of the new. Looking closely at Marx's association of the Ghost in Hamlet with the coming revolution in turn illuminates Hamlet's association of the Ghost with the supernatural beings many believed haunted mines. An opening chapter discusses Henry Dircks, a nineteenth-century English inventor who developed—and then lost his claim to—a phantasmagoria or machine to project ghosts on stage. Dircks resorted to magical rhetoric in response to his loss, which is emblematic for the book as a whole, charting ways the scare quote can, paradoxically, continue the work of enlightenment.

The Oxford Handbook of Montaigne Philippe Desan, 2016 Montaigne's Essays resemble a patchwork of personal reflections, but they engage with questions that animate the human mind, and tend to a single goal: to live better in the present and to prepare for death. For this reason, Montaigne's thought and writings have been a subject of enduring interest across disciplines. This Handbook brings together essays by prominent scholars that examine Montaigne's literary, philosophical, and political contributions, and assess his legacy and relevance today in a global perspective. It presents Montaigne's Essays not only in their historical context but also as a starting point for discussing issues that concern us today.

Perjury and Pardon, Volume II Jacques Derrida,2023-05-10 An exploration of the political dimensions of forgiveness and repentance from Jacques Derrida. Perjury and Pardon is a two-year seminar series given by Jacques Derrida at the École des hautes études en sciences sociales in Paris during the late 1990s. In these sessions, Derrida focuses on the philosophical, ethical, juridical, and political stakes of the concept of responsibility. His primary goal is to develop what he calls a “problematic of lying” by studying diverse forms of betrayal: infidelity, denial, false testimony, perjury, unkept promises, desecration, sacrilege, and blasphemy. This volume covers the seminar’s second year when Derrida explores the political dimensions of forgiveness and repentance. Over eight sessions, he discusses Hegel, Augustine, Levinas, Arendt, and Benjamin as well as Bill Clinton’s impeachment and Nelson Mandela and Desmond Tutu’s testimonies before the Truth and Reconciliation Commission. The seminars conclude with an extended reading of Henri Thomas’s 1964 novel *Le Parjure*.

Good Punishment? James Samuel Logan,2008-01-02 The author critiques the American obsession with imprisonment as punishment, calling it retributive degradation of the incarcerated. His analysis draws on both salient empirical data and material from a variety of disciplines - social history, anthropology, law and penal theory, philosophy of religion - as he uncovers the devastating social consequences (both direct and collateral) of imprisonment on such a large, unprecedented scale. The book develops a Christian social ethics of good punishment embodied as a politics of healing memories and ontological intimacy
