La représentation diplomatique ivoirienne en France Fofana Inza,2021-01-14 Ce livre porte sur le travail de deux structures techniques de la représentation diplomatique ivoirienne en France : le service économique et commercial et la section consulaire. Améliorer son expression écrite Michèle Longour,2011-09-27 Des conseils pratiques, des exemples et des exercices pour ceux qui veulent être plus à l'aise au quotidien pour rédiger rapports, lettres de motivation, articles ou compte-rendus de réunion : ce guide extrêmement pratique s'adresse aux étudiants ou aux professionnels comme à tous ceux qui se sentent peu à l'aise à l'écrit ou veulent améliorer leur style. Pas de consignes scolaires, mais les astuces d'une journaliste pour écrire clair et efficace : éliminer l'angoisse de la page blanche, tenir compte de ses lecteurs, bien structurer ses écrits, alléger et enrichir son style... Une méthode complète pour apprendre à écrire pour être lu et compris en toutes circonstances. Le dernier chapitre rappelle les règles propres à quelques écrits particuliers : rapport de stage, compte-rendu de réunion, lettre de motivation ou écrit web. Progrès garantis.

L'égalité professionnelle dans la fonction publique territoriale Marie Jan,2020-06-26 Les collectivités territoriales s'engagent de plus en plus pour offrir à leurs agents une égalité professionnelle réelle entre les femmes et les hommes. Au-delà des dispositions légales contraignantes, les employeurs publics, conscients que cette égalité est un des leviers de transformation de l'action publique, ont décidé de s'engager plus largement et de se soumettre à de nouvelles obligations. La Région Nouvelle-Aquitaine s'est pleinement engagée dans cette dynamique : elle a notamment signé la Charte européenne pour l'égalité entre les femmes et les hommes dans la vie locale (2017). Elle utilise le rapport sur la situation d'égalité entre les femmes et les hommes pour déployer sa stratégie et proposer un plan d'action pluriannuel, outil de connaissance des inégalités et de planification indispensable à une politique volontariste.

- The Campanian-Maastrichtian Stage Boundary** Gilles S. Odin,2001 The Phanerozoic calendar of the history of the earth is composed of fundamental units called stages. A priority of the International Commission on Stratigraphy is to redefine these stages using a modern approach. This work presents a unique solution to the previously debated and diversified locations of the Campanian-Maastrichtian boundary, providing a precise correlation using the most accepted known time markers. The Campanian and the Maastrichtian are the last two stages of the Cretaceous System. This volume includes a large amount of previously unpublished stratigraphical data. With the use of uncertainty margins for observations, established by comparison of results obtained by various experts using different approaches for the same stratigraphical tool, a new approach to stratigraphical information was employed. While most of the data have been taken from the recently rediscovered geological site at Tercis, France, data from other sections around the world have been considered. The section studied at Tercis is the best stratigraphical record on Earth for the period of several million years across the Campanian-Maastrichtian boundary.
