**The Silva Mind Control Method** José Silva, Philip Miele, 1991-01-15 The revolutionary program by the founder of the world's most famous mind control course--Cover.

**Healing Without Medicine** Albert Amao, 2014-05-02 As a man thinketh, so is he—thus is the biblical King Solomon often quoted by proponents of New Thought, one of the most influential native religious movements in America. Albert Amao provides an engaging and serious history of this and related movements from the eighteenth century to the present. His discussion ranges from Phineas P. Quimby, the father of New Thought, and Mary Baker Eddy, founder of Christian Science, to Myrtle Fillmore, cofounder of Unity Church of Christianity, William James, the father of American psychology, and leaders in the emerging field of Energy Psychology. Amao's aim is to provide a rational explanation of the power of thought to heal the mind and body. All methods of mind/spiritual healing are self-healing, he says; we all have an inner capacity to heal ourselves. He examines cases of contemporary New Thought leaders who self-healed from "incurable" diseases free of medicine, and he describes the mechanism that triggered their healing. Their experiences have benefited millions of followers worldwide. The beauty of New Thought, says Amao, is that it empowers us to become conscious co-creators of our well-being and achieve success in other areas of life beyond recovering our health.

**More than just a 'Home'** Rosalina Pisco Costa, Sampson Lee Blair, 2024-05-29 Considering the ways in which a family socially constructs a home, this is a much-needed investigation into how the house, its architecture, spatial arrangements and internal and external divisions shape and reshape family relationships in the face of constant challenges and change.

Language Learning and Leisure Denyze Toffoli, Geoffrey Sockett, Meryl Kusyk, 2023-07-04 The study of informal involvement with additional languages has recently emerged as a dynamic research field in SLA. With the rapid development and spread of internet-based technologies, contact with foreign languages outside the classroom has become commonplace. While this can take multiple forms, online contents are a major driving force because they present learners with unprecedented opportunities for exposure to and use of target languages regardless of their physical location. Research from diverse geographical, educational and socio-economic contexts bring a rich variety of perspectives to this book. It explores these phenomena via a range of theoretical frameworks and methodological approaches, focusing particularly on individual differences and language development. The volume proposes that teachers in formal learning settings should seek to support

and facilitate the development of these identities and practices, and it indicates means they can adopt to best do so.

*Researching Social Inequalities in Higher Education* Vikki Boliver, Nadia Siddiqui, 2024-09-10 Drawing from original research and recent developments in theory, *Researching Social Inequalities in Higher Education* brings together insights from multiple national contexts and phases to consider a diverse range of equity issues in higher education. Authored by current and recently graduated PhD students, chapters examine the socioeconomic, ethnic and gender equalities at play within each of the following components: access to higher education the student experience the academic workforce An essential read for anyone researching higher education, or wishing to address social inequalities within higher education, this volume unpacks how higher education is becoming more accessible, inclusive and beneficial to an increasingly diverse population of students and staff.

Methods of Criminology and Criminal Justice Research Mathieu Deflem, Derek M.D. Silva, 2019-08-26 As scholarly work on crime, deviance, criminal justice, and social control advances and sophisticated methods of investigation develop, chapter authors demonstrate the methodological maturity and diversity of current empirical research in criminology and criminal justice.

Gerontechnology IV José García-Alonso, César Fonseca, 2022-03-22 This book gathers peer-review contributions to the 4th International Workshop on Gerontechnology, IWOG 2021, held on November 23-24, 2021, in Évora, Portugal. They report on cutting-edge technologies and optimized workflows for promoting active aging and assisting elderly people at home, as well as in healthcare centers. They discuss the main challenges in the development, use and delivery of health care services and technologies. Not only they propose solutions for improving in practice the monitoring and management of health parameters and age-related diseases, yet they also describe improved approaches for helping seniors in their daily tasks and facilitating their communication and integration with assistive technologies, thus improving their quality of life, as well as their social

integration. All in all, this book provides health professionals, researchers, and service providers with extensive information on the latest trends in the development and practical application of gerontechnology, with a special emphasis on improving quality of life of the elderly.

Creative Coincidences José Silva,Ed Bernd Jr.,2024-11-25 Scientific Research Reveals Why Some People Have So Much More Good Luck than Everybody Else Jose Silva was one of the lucky ones and he longed to know why This book is about what he learned, and his newest and most valuable technique: the MentalVideo. Coincidences are Like Angels from Heaven, Divine Messengers Who Bring You Guidance and Help from the Other Side to: put you in the right place at the right time introduce you to the right people guide you to meaningful work help you make good decisions in business and life aid in your spiritual growth and personal development Where Does Good Luck Come From? Have you ever wondered why some people are so much luckier than everybody else? José Silva did. Orphaned at age 4, José Silva, went to work shining shoes, selling

newspapers, cleaning offices. He wondered why opportunities came his way, making him a successful entrepreneur as a teenager, and owner of the largest electronics repair business in South Texas in his 20's. Then a series of coincidences launched him on a 22 year journey of scientific research into parapsychology and ESP that produced a revolutionary mind training system to help everyone learn to use the untapped powers of their mind. But that he knew there was something else, something beyond mastering your own mind. Seeking that "Something Extra" He explained to a group of scientists: "We ourselves cannot explain - even ourselves within the movement - cannot explain the success that we have had, except through help from higher levels. And that is putting it lightly. "Now our interest would be: Can we establish a better communication with higher levels of intelligence, wherever they are?" The Newest Discoveries Creative Coincidences reveals what he learned and guides you step-by-step to start influencing the coincidences in your life. The first 3 short chapters revealed what he learned and exactly how you can start using his newest technique tonight. The remaining chapters provide examples, explanations, case studies, and more to help you use this new technique in every aspect of your personal and business life. If you will allocate 5 minutes to follow the simple instructions, then go to sleep, you will start attracting coincidences that help you. This is the most valuable gift you can give yourself, and a great gift to share with your loved ones. It is easy, fast, and natural, and the best time to start is right now. Available in eBook, Audio, and Print, including a Large Print edition for people with low vision or vision impairment.
