**The Tucci Cookbook** Stanley Tucci, 2020 The New York Times bestselling cookbook from acclaimed actor and author of *The Tucci Table*, Stanley Tucci. What is it about a good Italian supper that feels like home, no matter where you're from? There is some truth to the old adage: "Most of the world eats to live, but Italians live to eat." For acclaimed actor Stanley Tucci, teasing our taste buds in classic foodie films such as *Big Night* and *Julie & Julia* was a logical progression from a childhood filled with innovative homemade Italian meals: decadent Venetian Seafood Salad; rich and gratifying Lasagna Made with Polenta and Gorgonzola Cheese; spicy Spaghetti with Tomato and Tuna; delicate Pork Tenderloin with Fennel and Rosemary; flavorful Baked Whole Fish in an Aromatic Salt Crust; and yes, of course, the legendary Timpano. Now, he brings those "truly delicious recipes" (Lidia Bastianich, New York Times bestselling author) to vivid life with this cookbook that is brimming with robust flavors, beloved Italian traditions, mouthwatering photographs, and engaging, and charming previously untold stories from his family's kitchen.

The Hollywood Reporter , 2008

The Tucci Table Stanley Tucci, Felicity Blunt, 2014-10-28 Featuring family-friendly "simple to make and magnificently delicious" (Mario Batali) recipes and stunning photography, a practical cookbook from New York Times bestselling author, beloved actor, and respected foodie Stanley Tucci. Stanley Tucci's association with wonderful foods began for fans with the movie *Big Night* and resonated in his role as Julia Child's husband in *Julie & Julia*. But well before these films, he was enjoying innovative homemade Italian meals throughout his childhood, when family and food were nearly inseparable and cooking was always a familial venture. Now, in this family-focused cookbook, Tucci captivates food lovers' imaginations with recipes from his traditional Italian roots as well as those of his British wife, Felicity Blunt, tied together with a modern

American ribbon. The time-tested recipes include pasta alla bottarga, mushroom-stuffed trout, pork chops with onions and mustard sauce, barbeque chicken wings, and much, much more! Nothing will make you happier to spend time with family than the aroma of a hearty Italian dish sizzling on the stovetop. Featuring 100 luscious, full-color photographs, *The Tucci Table* captures the true joys of family cooking. Buon appetito!

What I Ate in One Year Stanley Tucci, 2024-10-15 From Stanley Tucci, award-winning actor and New York Times bestselling author, a deliciously unique memoir chronicling a year's worth of meals. "Sharing food is one of the purest human acts." Food has always been an integral part of Stanley Tucci's life: from stracciatella soup served in the shadow of the Pantheon, to marinara sauce cooked between scene rehearsals and costume fittings, to home-made pizza eaten with his children before bedtime. Now, in *What I Ate in One Year* Tucci records twelve months of eating—in restaurants, kitchens, film sets, press junkets, at home and abroad, with friends, with family, with strangers, and occasionally just by himself. Ranging from the mouth-wateringly memorable to the comfortingly domestic and to the infuriatingly inedible, the meals memorialised in this diary are a prism for him to reflect on the ways his life, and his family, are constantly evolving. Through food he marks—and mourns—the passing of time, the loss of loved ones, and steels himself for what is to come. Whether it's duck à l'orange eaten with fellow actors and cooked by singing Carmelite nuns, steaks barbequed at a gathering with friends, or meatballs made by his mother and son and shared at the table with three generations of his family, these meals give shape and add emotional richness to his days. *What I Ate in One Year* is a funny, poignant, heartfelt, and deeply satisfying serving of memories and meals and an irresistible celebration of the profound role that food plays in all our lives.

*Reel Facts: Unbelievable Stuff About Famous Film Stars and Movies That Really Happened* Jeff Lenburg, 2023-08-19 ONLY IN HOLLYWOOD COULD THINGS THIS UNBELIEVABLE HAPPEN As any actor, producer, director, or screenwriter can attest, working in the movie business isn't easy. After Jack Nicholson filmed his first screen test for Metro-Goldwyn-Mayer, studio mogul Louis B. Mayer politely told him afterwards: I don't know what we can use you for, but if we ever do need you, we'll need you real bad. In the late 1960s, Paul, John, George, and Ringo—better known as The Beatles—were set to star in a movie version of J.R.R. Tolkien's epic fantasy novel, *The Lord of the Rings*, until Tolkien objected over the loudness of their music. Steven Spielberg snubbed Charlton Heston for the lead role in *Jaws* believing his save the day disaster movie performances would overshadow the movie's real star—the killer shark. In prepping for his role of the psychotic Vietnam veteran-turned cab driver in Martin Scorsese's *Taxi Driver*, Robert De Niro obtained a New York taxicab driver's license and learned how to drive a cab working 12-hour shifts and picking up passengers for a New York cab company. What does this unbelievable stuff have in common? Scores of these and other tantalizing tidbits and scintillating stories that really happened to famous film stars and in the movies are meticulously detailed in one fun, fact-filled volume, *REEL FACTS*. This fascinating,

full-color copiously illustrated treasury offers an inside the Hollywood grapevine look at it all—classic movie star rejections, remarkable movie ideas that misfired (or the greatest movies never made), amazing extremes actors have undertaken in preparing for film roles, unforeseen calamities that disrupted or delayed movies in production, fantastic film foolery perpetrated in popular movies on audiences, notable casting mishaps, the worst screen kissers, and much more. For avid movie lovers and film buffs alike, this entertaining chronicle shows filmdom's favorite stars and movies in general like you have never seen them before.

**Ewan McGregor** James Howard Hatfield, James Hatfield, 1999 Ewan McGregor, the Scottish sensation whom People magazine has called a young actor on the rise to superstardom has wowed film audiences all over the world. Now he's starring in the phenomenal new Star Wars epic! This biography features childhood stories of the star; the Star Wars scoop; his friends Leonardo DiCaprio and the band Oasis; his guest role on ER; his acting inspirations, plus eight pages of photos.

**Cyberbullies, Cyberactivists, Cyberpredators** Lauren Rosewarne, 2016-01-25 Written by an expert in media, popular culture, gender, and sexuality, this book surveys the common archetypes of Internet users—from geeks, nerds, and gamers to hackers, scammers, and predators—and assesses what these stereotypes reveal about our culture's attitudes regarding gender, technology, intimacy, and identity. The Internet has enabled an exponentially larger number of people—individuals who are members of numerous and vastly different subgroups—to be exposed to one other. As a result, instead of the simple jocks versus geeks paradigm of previous eras, our society now has more detailed stereotypes of the undesirable, the under-the-radar, and the ostracized: cyberpervs, neckbeards, goths, tech nerds, and anyone with a non-heterosexual identity. Each chapter of this book explores a different stereotype of the Internet user, with key themes—such as gender, technophobia, and sexuality—explored with regard to that specific characterization of online users. Author Lauren Rosewarne, PhD, supplies a highly interdisciplinary perspective that draws on research and theories from a range of fields—psychology, sociology, and communications studies as well as feminist theory, film theory, political science, and philosophy—to analyze what these stereotypes mean in the context of broader social and cultural issues. From cyberbullies to chronically masturbating porn addicts to desperate online-daters, readers will see the paradox in popular culture's message: that while Internet use is universal, actual Internet users are somehow subpar—less desirable, less cool, less friendly—than everybody else.
