Live in the Present and Learn Valuable Life Lessons to Improve Any Relationship Josh R. Himmelman, 2012-10 The development of this couple's relationship, with all of its problems, is reflected quite candidly in their experiences of living in an abusive relationship. This book speaks of the co-existence of a man and a woman who are trying to love each other and be committed for life but fail miserably. The book is divided into sections, each recounting a different stage of their eleven-year relationship. Each section is followed by life lessons, so the reader can learn from what this couple experienced. Each lesson looks at the root cause of an issue. A few examples are: being victimized, broken trust, drug abuse, true friendship, etc. These issues can exist in all intimate relationships today, so that all readers can benefit in learning from the relationship experiences.

Maybe In Another Life Harry Goswami, 2024-09-26 "The Heart was made to be broken" – Oscar Wilde Maybe In Another Life is a story about two individuals, Harry and Heer, whose connection begins in social media but soon takes on a

life of its own. Both are haunted by the ghosts of their past relationships — Harry, with his open heart and relentless hope, and Heer, with her guarded nature and unresolved pain. As they navigate their complicated emotions, the two find themselves repeating old patterns, caught in the bittersweet cycle of love and loss. From grand romantic gestures to moments of deep vulnerability, Harry does everything he can to bridge the gap between them, but Heer's fear of getting hurt again creates a wall that feels impossible to break down. Their relationship is a delicate balance of joy and heartbreak, with moments that feel like déjà vu, as if they're destined to relive their past mistakes. With an ending full of suspense, *Maybe in Another Life* is a tale of love, heartbreak, and the question of whether love can overcome the past or if some hearts are simply too broken to mend.

A Life in Dark Places Paul J. Giannone, 2019-03-19 At its heart, *A Life in Dark Places* is an adventure story, its heroes the men and women who have risked their lives to minister to the vulnerable. Paul Giannone writes masterfully about what he has seen and experienced with a keen eye for detail and a leavening of humor. The author has found himself a participant in some of the most dramatic and horrific events of the past half century—America's defeat in Vietnam and the subsequent “boat people” crisis; the fall of the Shah of Iran; the unspeakable acts committed by violent groups in sub-Saharan Africa, the tension along the Pakistan-Afghan border following 9-11, the flood of refugees unleashed by the war in Syria. *A Life in Dark Places* is more than a memoir of one man's journey and evolution. It is a wake-up call to America and its citizens.

Queering Gestalt Therapy Ayhan Alman, John Gillespie, Vikram Kolmannskog, 2023-03-31 The first peer-reviewed book of its kind, this important volume addresses a current gap in the field of gestalt therapy: that the practice—and psychotherapy more broadly—still suffers from pervasive hetero- and cis-normativity. This book offers gestalt-therapy-based research and training material on gender, sex, and relationship diversity (GSRD), including chapters on a variety of GSRD issues and how therapists can become more GSRD-sensitive. The contributors position themselves across the whole spectrum of GSRD and offer their voices as an invitation to further queer the gestalt community with diverse content ranging from academic, research-oriented pieces to experiential, reflective perspectives. Featured chapters explore topics including gender-radical clients, sex and sexuality, relationship diversity, integrating GSRD and gestalt therapy, and addressing heteronormativity in gestalt therapy training. *Queering Gestalt Therapy* is for everyone who is interested in gender, sex, and relationship diversity, especially as they relate to gestalt therapy practice. This book will be especially useful for therapists, supervisors, coaches, and students of gestalt therapy.

Sir Thomas Browne Reid Barbour, 2013-08-01 *Sir Thomas Browne: A Life* is the first full-scale biography of the extraordinary prose artist, physician, and polymath. With the help of recent archival discoveries, the biography recasts each phase of Browne's life (1605-82) and situates his incomparable writings within the diverse intellectual and social contexts in which he lived, including London, Winchester, Oxford, Montpellier, Padua, Leiden, Halifax, and Norwich. The book makes the

case that, as his contemporaries fervently believed, Browne influenced the intellectual and religious direction of seventeenth-century England in singularly rich and dynamic ways. Special attention is paid in the biography to Browne's medical vocation but also to his place within the scientific revolution. New information is offered regarding his childhood in London, his European travels and medical studies, the setting in which he first wrote *Religio Medici*, his impact on readers during the English civil wars, and the contemporary view of his medical practice. Overall, the image of Browne that emerges is far bolder and more cosmopolitan, less complacent and provincial, than biographers have assumed ever since Samuel Johnson doubted Browne's claim that his life up to age thirty resembled a romantic fiction filled with miracles and fables. The biography has extensive material for anyone interested in the histories of religion, education, science and medicine, seventeenth-century England, and early modern philosophy and literature.

Gold Medal Flapjack, Silver Medal Life Alison Mowbray, 2013-12-11 "Being an Olympian was not my first choice of career, or even my second." Alison Mowbray wasn't a sporty kid and thought that being good at sport was a pre-requisite for going to the Olympics. She thought she might be a doctor, a teacher, a Blue Peter presenter or maybe the first ever female naval submariner. "Then at 18 I discovered rowing. From that point on, for the next 15 years, I didn't have a choice anymore." You don't choose to go to the Olympics. You lay out everything you have and let the Olympics take it - no deals, no bargains, no questions asked, no hope of return. Maybe it will be enough and the Olympics will choose you, and maybe it won't. If you thought about the number of things outside your control between yourself and your dream, you'd never start. You just think about the things you can do, the things you can control and you start doing them and keep doing them until you get there or until control is wrested from you. That's what you do. That is this book. "I never planned to be inspiring so really this is just the story of how I did the things I love, the very best I could do them, and how very far it took me. And if you too were not a sporty child, and you've never raced an Olympic final, maybe I can take you there..." This is a Silver medal life of achievement, addiction, alcoholism, anorexia and Alzheimer's. But a Gold medal story of passion and perseverance and not letting anything or anybody get between yourself and your dream. *Gold Medal Flapjack, Silver Medal Life* is a fascinating sports autobiography that will appeal to fans of rowing, the Olympics and sports psychology. Written 8 years after that medal winning moment, it also deals with what happens next in an athlete's life. There are many themes that will particularly resonate with women, and anyone who enjoys cooking will love Alison's flapjack recipe and the many food references throughout the book. This is a book for people who love sports autobiographies and for those who never usually read them. Featured in The Bookseller

Reflected Glory Sally Bedell Smith, 1997-07-08 This extensively research biography, based on interviews with 400 sources, shares the life of Pamela Churchill Harriman—the grand daughter-in-law of Winston Churchill and a woman who consistently managed to be where the action was. Premier biography Sally Bedell Smith tells the explosive true story of the woman behind the public façade. From her early years as a British debutante to her last days as the U.S. Ambassador to France, Harriman dealt with more powerful figures than nearly anyone else in the twentieth century, and in the process, she achieved her own fame in their reflected glory.

The Life of St. Aethelwold Wulfstan (of Winchester), 1991 The Life of St Aethelwold is one of the most important and interesting sources for the history of Anglo-Saxon England and for the religious movements of western Europe in the tenth century. It was written around the year 1000 by Wulfstan of Winchester, who had been a student of Aethelwold; the Life, therefore, provides a firsthand account of the activities of the man who was the central force in the Benedictine reform movement of the later tenth century. It also reveals the nature of Aethelwold's education and contacts with continental monasticism, and shows why Winchester became a focal point of late Anglo-Saxon culture. The present book, by two well-known authorities in the field of Anglo-Latin literature, provides the first critical edition of Wulfstan's Life. It is accompanied by a translation, extensive historical notes, and a substantial introduction which treats both Wulfstan and Aethelwold in the light of recent scholarly research. Appendices provide editions of other texts relevant to the study of Aethelwold, including a Latin Life by his pupil Aelfric, some verses by a twelfth-century Ely poet, and a previously unprinted Middle English poem on the saint. This is a valuable edition of a major source, which will be welcomed by all students of Anglo-Saxon England.
