Shakespeare for Young People Abigail Rokison-Woodall,2015-01-01 The search to find engaging and inspiring ways to introduce children and young adults to Shakespeare has resulted in a rich variety of approaches to producing and adapting Shakespeare's plays and the stories and characters at their heart. Shakespeare for Young People is the only comprehensive overview of such productions and adaptations, and engages with a wide range of genres, including both British and American examples. Abigail Rokison covers stage and screen productions, shortened versions, prose narratives and picture books (including Manga), animations and original novels. The book combines an informative guide to these interpretations of Shakespeare, discussed with critical analysis of their relative strengths. It also includes extensive interviews with directors, actors and writers involved in the projects discussed'.

The Read-aloud Handbook Jim Trelease,2006 Explains the importance of reading aloud to children, offers guidance on how to set up a read-aloud atmosphere in the home or classroom, and recommends titles to select.

Supporting Inclusive Practice and Ensuring Opportunity is Equal for All Gianna Knowles,2017-07-06 This third edition of Supporting Inclusive Practice builds on the successful format of the previous two editions, both in content and structure. It explores many aspects of inclusive practice relevant to those who work with children in schools and other educational settings, aiming to provide the most up-to-date theoretical knowledge and understanding in the field, and illustrating the theory with examples of good practice in the areas explored. Many of the topics that have appeared in the previous editions, including supporting children for whom English is a second language, children on the autistic spectrum and children with neurodiversity conditions, also appear in this edition. The revised content of this third edition also covers recent and relevant changes in national policy and legislation, particularly, for example, around changes in equality and disability, same-sex parenting and transgender children and parenting policy and legislation. It explores the impact on aspects of inclusive practice legislation such as the Equality Act 2010, Marriage (Same Sex Couples) Act 2013 and the Children and Families Act 2014. It also explores in detail the revised 2014 SEN Code of Practice and the introduction of the pupil premium in 2011,

which provides support for the education of children from low income families or who may be children who are fostered or in care. Throughout, the book is informed by the solution-focused social model of special educational needs and disability, and reflects current national policy that sees inclusive practice as fundamental to ensure equality of educational opportunity is achieved for all children.

In *100 Books for Girls to Grow On*, Shireen Dodson, author of the acclaimed *The Mother-Daughter Book Club*, offers a selection of both new and classic titles. Each book has been handpicked because it is a joy to read, because it inspires mother-daughter dialogue, and because it encourages creativity beyond the book experience. Included are brief plot summaries for each book, as well as thought-provoking discussion questions, inspired field trip ideas, fun crafts and activities, and biographies of the authors. Let books become a springboard for encouraging your daughter's imagination. Ideas inside include: Design and draw colorful dresses like Wanda Petronski, heroine of Eleanore Estes' *The Hundred Dresses*. Take your cue from Harriet the Spy and create your own stories from overheard snippets of conversation. While reading *Caddie Woodlawn*, pull out a map and trace Caddie's mother's journey from Boston to the Wisconsin frontier. You don't need to form a book club to use and enjoy *100 Books for Girls to Grow On*. Shireen Dodson offers stimulating ideas that will spark your daughter's creativity and nurture a love for books.

Blueberries for the Queen Katherine Paterson,John Paterson,2004-06-15 In 1942 Queen Wilhelmina of the Netherlands, living in exile after the Nazi invasion of her country, spent the summer in Lee, Massachusetts, with her daughter and granddaughters. The following is based on a true story.... It's summertime in New England during World War II, and a boy named William likes to imagine at bedtime that he is a brave knight fighting great battles to end the war. But in the morning he is always just William again, not big enough to contribute to the war effort like the rest of his family. Then a real queen moves in just down the road: Queen Wilhelmina of the Netherlands. William's parents explain that the queen has been forced out of her country because of the war. Now William has his chance to do something. It may not be "war work" -- it's more like peace work -- but that makes all the difference. Susan Jeffers's dramatic illustrations portray the compelling contrast between William's imagination and the real events in the story, which are based on an actual incident in John Paterson's childhood. Visually stunning, with an evocative, poignant telling, this is the picture-book art form at its finest.
